June 27, 2017

To the Citizens of Warren County, Ohio:

I am pleased to submit the Comprehensive Annual Financial Report (CAFR) for Warren County, Ohio (the "County") for the fiscal year ended December 31, 2016. The report has been prepared in conformity with generally accepted accounting principles (GAAP) and guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

#### Introduction

The preparation of this report represents a commitment by Warren County to conform to nationally recognized standards of excellence in financial reporting. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County, especially the County Auditor's Office. To the best of our knowledge and belief, the enclosed data, as presented, is accurate in all material respects, is presented in a manner designed to fairly set forth the financial position and results of operations of the County and includes all disclosures necessary to enable the reader to gain an understanding of the County's financial activity.

#### The Reporting Entity:

The accompanying basic financial statements comply with the provisions of GASB Statement No. 14, "The Financial Reporting Entity," as amended by GASB Statement No. 61 "The Financial Reporting Entity: Omnibus; an amendment of GASB Statements No. 14 and No. 34," in that the financial statements include all the organizations, activities and functions of the primary government (the County) and legally separate entities (component units) for which the County is financially accountable. Production Services Unlimited, an adult workshop and the Warren County Transportation Improvement District have been included as discretely presented component units of the County due to the significant relationship with the County.

A thorough presentation of the County's reporting entity is contained in Note 1 of the basic financial statements.

#### **County Organization and Services:**

Warren County is located in the southwestern part of the state, approximately 20 miles north of Cincinnati and 15 miles south of Dayton. It is also located within a day's drive for 65% of the U.S. population. Its 400 square mile area serves a residential population estimated at 227,063 (2016 U.S. Census Bureau Estimate). The County includes 11 townships, 9 villages and 7 cities. The County has only those powers conferred upon it by Ohio statutes. A three member Board of County Commissioners is elected at large in even numbered years for overlapping four-year terms. The Board of County Commissioners serves as the taxing authority, the contracting body, and the chief administrator of public services for the County.

The Board of County Commissioners prepares and adopts the annual operating budget and makes the annual appropriation measure for expenditures of all County funds. In addition to the Board of County Commissioners, the offices of the County Auditor and County Treasurer are included in the category of general government and are of particular importance to the financial affairs of the County.

The County Auditor is elected to a four-year term and serves as the chief fiscal officer for the County and the tax assessor for all political subdivisions within the County. According to state law, a complete reappraisal must be conducted every six years as well as a triennial update every third year between reappraisals. Upon collection by the County Treasurer, the County Auditor is responsible for distributing certain taxes to various political subdivisions including municipalities, villages, townships, school and library districts, special districts and county agencies.

As chief fiscal officer, the County Auditor must certify that funds for all contracts and obligations of the County have been lawfully appropriated and are available or in the process of collection before the contract or obligation is binding upon the County. In addition, the Auditor is also the central disbursing agent, who by the issuance of County warrants distributes funds to creditors in payment of liabilities incurred by the County. The Auditor is also responsible for the County payroll and has other statutory accounting responsibilities. He is, by State law, Secretary of the County Board of Revision, the County Budget Commission and the Administrator and Supervisor of the County Data Processing Board.

The County Treasurer is also elected to a four-year term and is the custodian of all County funds. The Treasurer is responsible for collecting all tax monies, applying payments to the appropriate tax accounts and investing all available idle County funds as specified by Ohio law. The Treasurer is the distributing agent for expenditures authorized by the Board of County Commissioners upon the Auditor's warrant. The Treasurer must submit daily reports showing receipts, payments and balances to the County Auditor. The Treasurer is a member of the County Board of Revision and the County Budget Commission. The Budget Commission plays an important part in the financial administration of the County government, as well as all political subdivisions throughout the County.

The other elected officials serving four year terms are the Prosecuting Attorney who serves as the third and final member of the County Budget Commission, the Clerk of Courts, the Recorder, the Sheriff, the Engineer and the Coroner. Five Common Pleas Court Judges and two County Court Judges are elected to six-year terms.

The County provides its citizens with a wide range of services that include human and social services, health and community assistance related services, law enforcement, civil and criminal justice system services, road and bridge maintenance and other general and administrative support services. The County also operates a water distribution system, a wastewater collection and treatment system, and a storm water management system which are accounted for as enterprise funds.

#### **Economic Outlook**

#### Population & Housing:

The most recent Warren County population estimate is 227,063 persons, which is an increase of 14,370 persons or 6.76% from 212,693 persons in the 2010 Census. The annualized percent change is +1.17%, which is greater than +0.70% for the U.S. and +0.08% for Ohio. Warren County's population estimate ranks as the 12th largest of all Ohio counties.

The Housing Count estimate for Warren County is an estimated 84,766 units, which is an increase of 1,183 units or 1.42% compared to 83,583 units previously. Nationally, home ownership is 63.7%.

#### Education:

Warren County residents have outstanding private and public educational opportunities. Several high quality private preschools operate in Warren County and each public school district offers preschool. There are eight public school districts, a vocational school district in Warren County, and another vocational school district that services Warren County. All of these districts are well known for their high student graduation rate, with seven districts achieving an 'A' on the State of Ohio Report Card. Five of these districts were ranked in the top 15% statewide based on the most recently available performance index rankings, with Mason schools coming in at the highest in the County, and at number 13 in the State. In addition, there are a number of private and parochial elementary schools and one parochial high school in Warren County. A fully online digital school that serves students in grades 7-12 also exists. Sinclair Community College operates the Courseview Campus in Mason. Warren County residents also have easy access to classes, in and out of the County, from the University of Cincinnati, University of Dayton, Wilmington College, Cincinnati State and Miami University.

Warren County has a highly educated population relative to the state and national averages. 93% of Warren County residents have a high school degree as opposed to 89.1% for the State of Ohio and 86.7% nationally. The County ranks even higher in college graduates with 39.6% having a college degree compared to 26.1% in the State of Ohio and 29.8% nationally. This educated population provides many skilled workers for businesses and employers around the County.

A summary of Warren County's growth is demonstrated in the following tables:

	Number of County	
	<b>Building Permits</b>	Projected
Year	Issued	Cost
2006	2,261	\$394,932,273
2007	1,990	363,240,260
2008	1,472	308,926,694
2009	1,282	200,431,947
2010	1,283	175,266,801
2011	1,183	199,906,991
2012	1,235	199,172,105
2013	1,479	310,214,110
2014	1,396	238,255,519
2015	2402	266,779,249
2016	2731	336,030,793

Source: Warren County Building Inspection Department

In 2016, Warren County saw its largest increase in new construction value since the Great Recession. The strong return of residential new construction corresponds with increasing sale prices of residential property across the growing County. New construction assessed values increased overall by 20.69%. Agri/Residential new construction increased 14.08%, industrial new construction decreased by 71.10%, and commercial new construction increased 142.01% as shown in the following table.

Warren County New Construction Assessed Values

Tax Year	Agri/Residential	Industrial	Commercial	Total
2006	\$216,569,450	\$1,131,490	\$20,247,540	\$237,948,480
2007	189,199,200	3,088,200	16,010,380	208,297,780
2008	123,984,600	1,435,780	42,954,840	168,375,220
2009	85,442,230	3,460,030	20,518,460	109,420,720
2010	48,882,970	986,150	12,965,610	62,834,730
2011	51,214,920	1,144,450	10,424,590	62,783,960
2012	45,430,430	622,620	11,037,950	57,091,000
2013	47,257,820	1,872,110	10,366,690	59,496,620
2014	63,662,390	1,478,660	10,698,090	75,839,140
2015	78,197,600	2,990,920	6,526,230	87,714,750
2016	89,204,380	864,400	15,794,330	105,863,110

Industrial/Commercial new construction assessed values do not include abated or exempted property. Source: Warren County Auditor's Office

#### Communities

The City of Mason is the largest city in Warren County. Mason is located between the Cincinnati region's two most vital commerce corridors, Interstates 71 and 75, just north of the I-275 beltway. Mason is thriving with over 500 businesses and top ranked schools. In 2013, Money Magazine named Mason as 7<sup>th</sup> on their list of the "Best Places to Live." Mason is home to some of the biggest attractions in the County: Kings Island amusement park, Great Wolf Lodge and Conference Center, Golf Center at Kings Island and the annual Western & Southern Open, just to name a few. The Alverta Green Museum, operated by the Mason Historical Society, keeps the city in touch with its historical roots.

Mason has one of the largest events in the County each year in July as tens of thousands of people attend the annual Red, White and Boom Independence Day festival. The festival hosts great food, fireworks and entertainment. Andy Grammer was featured in 2016 and Phillip Phillips will perform in 2017.

The City of Springboro is experiencing strong growth and development that is expected to continue to exceed the national and state average due to the City's physical location along Interstate 75 between Cincinnati and Dayton. Over 500 businesses call Springboro home, including corporate headquarters, branch offices and bustling distribution and retail/service establishments. Springboro's downtown historic district was placed on the National Register of Historic Places. Springboro is also rich in history and arts. Recognized as perhaps the most traveled route to freedom, hundreds, maybe thousands, of runaway slaves passed through Cincinnati and Warren County on the Underground Railroad. The mostly Quaker community of Springboro hosted numerous secret stops along the trail. Much of this history has been preserved through the collection of documents, maps, and artifacts at the Springboro Historical Society Museum. Groups can schedule guided tours with costumed re-enactors or pick up a walking tour brochure from the Springboro Chamber of Commerce and experience living history with a self-guided walking tour of the community's many documented safe houses.

Lebanon is the home of many historic interests in the County. The Golden Lamb, Ohio's oldest inn, dating from 1803 has hosted an extraordinary guest list of many famous Americans including Henry Clay, Mark Twain, Charles Dickens and eleven Presidents of the United States. The Glendower State Memorial, a Greek Revival Mansion which was constructed in the early nineteenth century, is a showplace of elegant Empire and Victorian furnishings. The Warren County Historical Society Museum, acclaimed as one of the nation's outstanding County museums, has displays of early life of the area, a Shaker exhibit and will soon be introducing a new addition that includes an art museum. The recently expanded Lebanon Public Library is one of the finest in the State, and contains outstanding original artwork from a Lebanon native. It bridges the gap between old and new with a large technology center with regular tech classes and seminars.

Lebanon is known for its many antique stores, specialty shops and its quaint historical atmosphere. Walking tours through historical districts are available throughout the year. Lebanon's Christmas Festival which features Ohio's largest Horse Drawn Carriage Parade with 160+ units has become a seasonal favorite attracting 200,000 visitors for the one-day event. Other Lebanon favorites include the Country Music Festival, Applefest, Blues Fest, the Warren County Fair and a Scenic Railroad Passenger Train. Lebanon also hosts one of the largest YMCA's in the world and it offers virtually all forms of indoor and outdoor athletic facilities. The 126-acre site includes a 220,000 sq. ft. facility with meeting rooms, pools, gym, tennis courts, health club facilities and sports fields.

History meets art in the City of Franklin. With three indoor and eight outdoor murals – there's a reason the town is known as the "city of murals." Driving tours of the murals reveal a glimpse of the first three-story building west of the Alleghenies and the third Roebling suspension bridge built in the Country.

Waynesville, located in the northwest part of the County, is recognized as "The Antique Capital of the Midwest." Main Street is home to numerous shops and restaurants that attract visitors from around the world. Waynesville hosts the Ohio Sauerkraut Festival which attracts approximately 350,000 visitors over 2 days in October each year.

#### Travel and Tourism

Warren County, Ohio is an entertaining, energetic, and enriching travel destination, where visitors can experience a wide variety of attractions, events, history and outdoor activities. "Ohio's Largest Playground" isn't just a slogan, it is a promise. Located between Cincinnati and Dayton, visitors can do more in a 30-mile radius than anywhere else in Ohio. It's a big County - come out and play!

Approximately seven miles southeast of Lebanon on the east bank of the Little Miami River is Fort Ancient, a state memorial operated by the Ohio Historical Society. Fort Ancient is a renowned North American archaeological site and features evidence of two outstanding prehistoric American Indian cultures dating back more than 2,000 years. Fort Ancient is a designated National Historic Landmark and is on the finalist list for World Heritage Status. The 764-acre memorial park offers a museum, hiking, picnicking, scenic vistas and shelter houses.

Warren County offers bike trails and hiking trails along the Little Miami Scenic River, as well as several canoe liveries that offer a variety of canoe trips. The 70-mile area along the Little Miami River, which is mostly in Warren County, has been designated a Scenic River Area by the federal government. Whether by bike, rollerblade, hiking boot or horseback, the paved and mostly shaded Little Miami Scenic Trail offers a beautiful setting for catching a breath of fresh air. The Great Miami River sits along the County's western edge and provides exciting river opportunities and a top notch bike trail connecting many urban areas.

While waterways have long been part of Warren County's charm, Caesar Creek Lake located in Caesar Creek State Park near Waynesville was created in the late 1970's by damming Caesar Creek, a tributary of the Little Miami River. A new marina was recently built that hosts 112 new boat slips, a retail store, concessions and offers boat fuel. The new marina and it's amenities has allowed even more use of the popular boating and fishing destination.

While Warren County's anchor attraction is most notably Kings Island Amusement Park, we have an abundance of activities to choose from including: TPC Riverbend Golf Course, The Golf Center at Kings Island, LaComedia Dinner Theater, and the Beach Waterpark. The Great Wolf Lodge with 400 themed rooms and a 79,000 sq. ft. indoor water park brings additional visitors to its year-round indoor water park resort and conference center. The Ozone Zipline Adventures, the largest canopy zipline tour in the Midwest, offers visitors 12 zip lines ranging in length from 250 ft. to 1300 ft. with heights ranging from 10 ft. to 200 ft. Two half mile lines actually cross the Little Miami River for an amazing view. Miami Valley Gaming offers 1,600 gaming machines, a 5/8 mile horse racing track, and four delectable restaurants. Once you've done all of that, head over to Valley Vineyards Winery & Brewery for a weekend cookout that includes great food, fine wines, and craft beers.

In 2016, Warren County's hospitality industry remained steady. The amount of lodging tax collections retained as administrative fees by the County increased by 0.06% over 2015. Starting in 2015, and continuing until 2035, Warren County will annually pass through an additional \$50,000 from the County's administrative fees entitlement to the Warren County Convention and Visitors Bureau due to an agreement signed in 2015. These funds will be used to contribute to the development of the Warren County Sports Complex.

In 2013, Warren County's tourism surpassed \$1 billion in total annual sales for the first time in history according to a study by Tourism Economics and the Ohio Tourism Division. In that year, 8.3 million visitors to Warren County spent more than \$1.1 billion. In 2016 however, a report compiled by the Warren County Convention and Visitor's Bureau, citing information coming from the Tourism Economics June 2016 report shows Warren County to currently have 11.8 million visitors annually and to have generated \$1.2 billion in economic impact. This equates to an increase of 4.2% in visitors and 1.0% in spending. Employment has also been impacted as 12,244 jobs were in the tourism sector, up 3.18% from the 2013 study. Tourism supports one in every nine jobs in Warren County.

#### Sales Tax Receipts and the General Fund

The County's 1% sales tax revenues generated \$39,550,594. This is an increase of 5.96% over 2015. This is the seventh consecutive year for an increase in sales tax revenues. When comparing percentage increases on an annual basis, the County benefited from a 6.45% increase in 2015 and a 7.22% increase in 2014. The County anticipates sales tax revenues remaining strong, which will help to offset the anticipated decreases in local government funds and investment income.

#### **Major Initiatives and Future Outlook**

Warren County has several major initiatives in process that will result in a continued strong and vibrant future outlook.

Our County Engineer's Office completed over \$7.7 million worth of roadway improvements in 2016 and has an estimated \$97.4 million of scheduled and anticipated road improvements to be completed in 2017 through 2022. There are an additional \$300 million of roadway and bridge improvements identified by the County Engineer that are being prioritized for future years. Noteworthy improvements: Road and intersection realignments on Union Road and Greentree Road, and improvements to Wilkens Boulevard, Fields-Ertel Road and Butler Warren Road corridors. The County Engineer is also working with the Warren County Transportation Improvement District on the following: A series of improvements to the Mason-Montgomery Road/Fields-Ertel Road and I-71 Interchange area; Final construction and right-of-way plans to complete the Western Row Road and I-71 Interchange area; Intersection improvement on Tylersville Road at Butler-Warren Road, Intersection improvements at SR 73 at SR 741; Widening of existing Innovation Way; Extension of Innovation Way; Widening of Duke Boulevard between Irwin-Simpson Road and proposed Innovation Way extension; Continuation of ODOT's improvements to the I-75 corridor between I-275 and Dayton; and Widening and other

improvements to SR 63 between the City limit of Monroe and the City limit of Lebanon; and Safety improvements on Greentree Road.

As County offices expand to meet the needs of a growing population, the Department of Facilities Management works diligently to meet the increasing demand for our services. Our goal is to maximize the use and efficiency of our existing facilities, while planning for future expansion based on growth projections and needs assessments. A strong emphasis is placed on preventative maintenance to lengthen the lifespan of our buildings and equipment, while energy efficient upgrades are underway to reduce spending and minimize our environmental footprint.

#### Recent notable projects:

- Remodeled 3,000 square feet of space for the Child Advocacy Center of Warren County;
- Full remodel of Courtrooms 3 & 4 in the Common Pleas Courts Building;
- Creation of an attorney waiting area, inmate transport hallway, and security office in the Common Pleas General Division;
- Fire alarm system upgrades at the Justice Drive Office Building, Facilities Management Building, 320 E. Silver Street, Mechanic's Garage, and Administration Building;
- ADA upgrades at the Health & Human Services Building and Old Courthouse;
- Remodeled over 7,000 square feet of space for the new home of the Warren County Information Technology Department and future training rooms;
- Roof replacements at the Title Office/License Bureau Building and the Old Courthouse (Ohio Means Jobs);
- Began remodeling the Domestic Relations Division and Telecommunications Department in the Common Pleas Courts Building; and
- Began the parking lot expansion and pedestrian safety projects at the Juvenile Justice Center.

#### **Financial Information**

The County has prepared financial statements following GASB Statement 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments," since 2003.

As part of this reporting model, management is responsible for preparing Management's Discussion and Analysis (MD&A) of the County. This discussion appears after the Independent Auditor's Report in the financial section of this report. MD&A provides an assessment of the County's finances for 2016. The analysis focus in the MD&A is on major funds.

#### Fiduciary Funds

Fiduciary funds account for assets held by Warren County in a trustee capacity or as an agent for individuals, private organizations and other government units. The fiduciary funds which Warren County maintains are agency funds and an Unclaimed Money fund which is a private purpose trust fund. At December 31, 2016, assets in agency funds totaled \$374,733,791 and assets of the Unclaimed Money fund totaled \$571,608.

#### **Internal Control, Budgetary Control and the Accounting System:**

Development of the County's accounting system included substantial consideration of the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance that:

- 1. The County's assets are protected against loss and unauthorized use or disposition; and
- 2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated applying the following criteria:

- 1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation; and
- 2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the County Administration and members of the Auditor's office.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the County's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

The Accounting Department of the County Auditor's Office is responsible for the auditing and analysis of all purchase orders and vouchers of the County. Accounting Department personnel review the purchase orders and vouchers to ensure the availability of monies in the proper funds and accounts prior to the certification and payment of approved invoices. The County utilizes a fully automated accounting system as well as an automated system of controls for capital assets and payroll. These systems, coupled with the review and examination performed by the County Auditor's Office, ensure that the financial information generated is both accurate and reliable.

#### Accounting System and Budgetary Control

The County's accounting system is organized on a "fund" basis. Each fund is a distinct self-balancing accounting entity. Day-to-day accounting records are maintained on a basis other than GAAP. For financial reporting purposes, the accounting records are converted to the modified and full accrual basis for all applicable funds. On the modified accrual basis, revenues are recognized when measurable and available, and expenditures are recognized when goods and services are received. On the full accrual basis, revenues are recognized when measurable and earned; expenses are recognized when incurred.

The Board of County Commissioners adopts the annual budget for the County by March 31. All disbursements and transfers of cash between funds require appropriation authority from the Commissioners. Budgets are controlled at the object level within a department and fund. All purchase orders must be approved by a majority of the Board of Commissioners, then the necessary funds are encumbered and the

purchase order released to the vendor. Those purchase orders which exceed the available appropriation are rejected until additional funds are secured. The accounting system used by the County provides daily updates to expenditure and encumbrance files making available to all users details on year-to-date expenditures and encumbrances versus the original appropriations plus any additional appropriations made to date. These files are used to ascertain the status of a division's appropriation prior to authorizing additional purchases.

The basis of accounting and the presentation of the various funds utilized by Warren County are fully described in Note 1 of the basic financial statements.

#### **Debt Administration**

At December 31, 2016, gross general obligation bonds outstanding, excluding debt reported in the enterprise funds, totaled \$7,579,162. Ratios related to the County's debt position are presented below:

Net General Obligation Bonded Debt	\$5,175,000
Net Debt Per Capita	\$22.79
Net Debt to Assessed Value	0.08%
Net Debt to Estimated Actual Value	0.0301%

The outstanding debt is primarily related to repayment of the proceeds of monies used to improve several water system and treatment plant upgrades, our road and bridge infrastructure including the design and engineering around the I-71 and Fields-Ertel Road/Mason-Montgomery Road interchange, road and bridge infrastructure improvements to the I-71 and Western Row Road interchange, and a County-wide public safety radio system upgrade.

The County maintains an underlying "Aa1" rating from Moody's Investors Service, Inc. All bonds of the County are general obligation debt and are backed by its full faith and credit, except water and sewer bonds, which are backed by revenues of utility billings and the Tax Increment District Revenue Bond, which is secured solely from the revenues generated from the service payments in lieu of taxes.

#### **Other Information**

#### Independent Auditor's Opinion

The County had an independent audit of all funds performed by the State Auditor for the year ended December 31, 2016. The opinion of the Auditor appears in the financial section of this report. GFOA Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Warren County for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2015. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. Such comprehensive annual financial reports must also satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements.

A Certificate of Achievement is valid for one year only. Warren County has received a Certificate of Achievement for the last 25 years (1991 - 2015). We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA for consideration for a Certificate of Achievement for 2016.

#### Acknowledgments

The publication of this report is a continuation of the level of professionalism the Warren County Auditor's office has strived to attain and it significantly increases the accountability of Warren County government to its taxpayers.

The preparation of this comprehensive annual financial report would not have been possible without the cooperation of the County elected officials and their staff. I would also like to recognize the following people for their exceptional contribution to this effort.

Diane Gray, Director of Financial Operations Brenda Quillen, Auditor's Office Nicci Cepin, Auditor's Office Hurst Kelly & Co. LLC

Sincerely,

Matt Nolan,

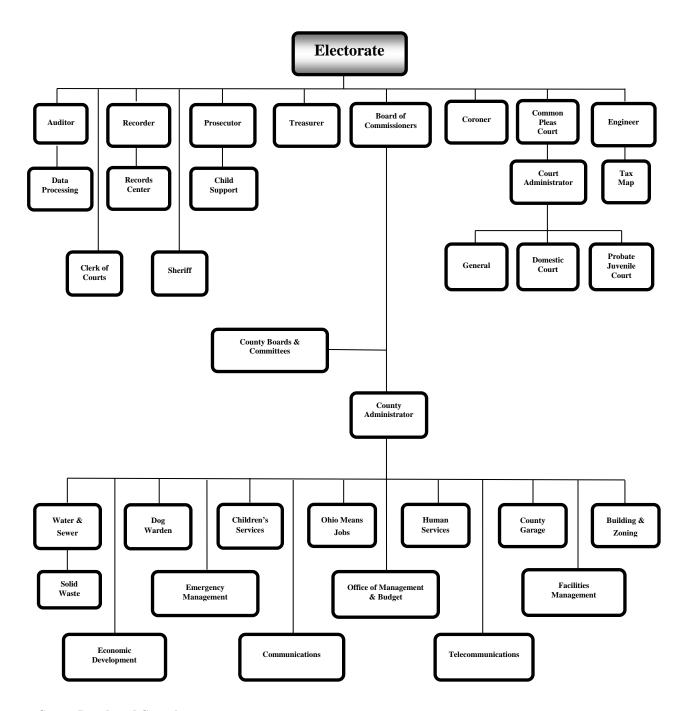

Warren County Auditor

m. H. Molan

# FINANCIAL SECTION

#### INDEPENDENT AUDITOR'S REPORT

Warren County 406 Justice Drive Lebanon, Ohio 45036

To the Board of County Commissioners:

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Warren County, Ohio (the County), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit, Production Services Unlimited, Inc. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included for the Production Services Unlimited, Inc., is based solely on the report of other auditors. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' Government Auditing Standards. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Warren County Independent Auditor's Report Page 2

#### **Opinion**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Warren County, Ohio, as of December 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Board of Developmental Disabilities and Senior Citizens Levy Funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

#### Supplementary and Other Information

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Warren County Independent Auditor's Report Page 3

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2017, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**Dave Yost** Auditor of State

Columbus, Ohio

June 27, 2017

Unaudited

The discussion and analysis of Warren County's financial performance provides an overall review of the County's financial activities for the year ended December 31, 2016. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the County's financial performance.

#### FINANCIAL HIGHLIGHTS

Key financial highlights for 2016 are as follows:

- o In total, net position increased \$17.0 million. Net position of governmental activities increased \$11.0 million, which represents a 5.0% increase over net position of 2015. Net position of business-type activities increased \$6.0 million or 2.8% from net position of 2015.
- o General revenues accounted for \$108.3 million in revenue or 58.2% of all revenues. Program specific revenues in the form of charges for services, grants and contributions accounted for \$77.8 million or 41.8% of total revenues of \$186.1 million.
- o The County had \$138.2 million in expenses related to governmental activities; \$42.1 million of these expenses were offset by program specific charges for services, grants or contributions.
- o Among major funds, the General Fund had \$77.3 million in revenues and \$59.1 million in expenditures. The 2016 revenues increased 4.5% or \$3.4 million from 2015. The expenditures increased 3.8% or \$2.2 million. The General Fund balance at year-end totaled \$31.8 million.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis, the basic financial statements, and an optional section that presents combining statements for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the County:

These statements are as follows:

<u>The Government-Wide Financial Statements</u> – These statements provide both long-term and short-term information about the County's overall financial status.

<u>The Fund Financial Statements</u> – These statements focus on individual parts of the County, reporting the County's operations in more detail than the government-wide statements.

The financial statements also include notes that provide more detailed data and explain some of the information in the financial statements.

Unaudited

#### **Government-wide Statements**

The government-wide statements report information about the County as a whole, including Production Services Unlimited, Inc. and the Transportation Improvement District, the County's discretely presented component units, using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the County's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the County's net position and how it has changed. Net position (the difference between the County's assets and liabilities) are one way to measure the County's financial health or position.

- Over time, increases or decreases in the County's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County, you need to consider additional nonfinancial factors such as changes in the County's tax base and the condition of County capital assets.

The government-wide financial statements of the County are divided into two categories:

- <u>Governmental Activities</u> Most of the County's programs and services are reported here including public safety, health, human services, community and economic development and public works.
- <u>Business-Type Activities</u> These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. All of the County's enterprise activities are reported as business-type activities.

Separately issued audit reports containing financial statements are available from Production Services Unlimited, Inc. at 575 Columbus Avenue, Lebanon, Ohio 45036 and the Secretary/Treasurer of the Transportation Improvement District at 210 W. Main Street, Lebanon, Ohio 45036.

#### Fund Financial Statements

The fund financial statements provide more detailed information about the County's most significant funds, not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes. The County's major governmental funds are the General Fund, the Senior Citizens Service Levy Fund, the Board of Developmental Disabilities Fund, the Special Assessment Fund, and the County Road Projects Fund. The County's major enterprise funds are the Water Fund, Sewer Fund, and the Sheriff Fund.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Unaudited

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental Statement of Revenues, Expenditures, and Changes in Fund Balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

**Proprietary Funds** - The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses five enterprise funds to account for water, sewer, storm water, sheriff, and the communications rotary operations.

Internal Service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County's internal service funds report on County departments' vehicle maintenance, self-insurance programs for employee medical benefits, workers' compensation, property and casualty insurance, and gasoline purchases.

**Fiduciary Funds -** Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The County's fiduciary funds are a private purpose trust fund and agency funds.

Net Pension Liability	71,902,239	50,159,595	9,614,673	6,638,193	81,516,912	56,797,788
Total Liabilities	106,358,833	91,436,233	27,428,778	23,148,188	133,787,611	114,584,421
Deferred Inflows of Resources	51,549,335	49,931,326	201,599	116,620	51,750,934	50,047,946
Net Position						
Net Investment in Capital Assets	109,867,619	105,717,834	182,926,810	186,570,228	292,794,429	292,288,062
Restricted	134,296,761	122,315,715	0	0	134,296,761	122,315,715
Unrestricted	(12,442,902)	(7,318,658)	39,822,386	30,173,405	27,379,484	22,854,747
Total Net Position	\$231,721,478	\$220,714,891	\$222,749,196	\$216,743,633	\$454,470,674	\$437,458,524

Total Net Position increased by \$17,012,150.

Current and other assets ended the year with an increase of \$20.3 million. Cash and Cash Equivalents increased \$17.6 million due to conservative spending and increased revenues. In addition, the Village of Waynesville transferred their sewer operations to Warren County on January 1, 2016 along with related assets, which included \$1.5 million in cash and cash equivalents. Cash and Cash Equivalents with Fiscal Agent increased \$1.1 million due to an increase in the amount held by the Southwest Ohio Council of Governments on behalf of the Board of Developmental Disabilities. Sales taxes and real estate taxes improved during 2016, which caused an increase of \$1.5 million in Taxes Receivable. Intergovernmental Receivable increased \$1.5 million primarily due to the Workforce Investment Board receiving increased federal funds for a Workforce Innovation and Opportunity Act grant. Human Services, Youth Services, and Child Support Enforcement also received additional grant monies in 2016. Special Assessments Receivables decreased \$1.3 million due to reduced debt and no new assessments coming on.

Deferred Outflows of Resources increased \$20.6 million during 2016. This increase relates to how the County is required to account for certain pension items under GASB 68.

Capital Assets, Net decreased by \$2.9 million. This decrease is primarily due to several projects held in Construction in Progress within the Water Fund reaching completion and thus moved from Non-

Management's Discussion and Analysis For the Year Ended December 31, 2016

Unaudited

Depreciable to Depreciable Capital Assets. The largest project completed was the North Water System Booster Station Upgrade at \$7.8 million.

Total liabilities increased by \$19.2 million. The majority of this increase is due to Long-Term Liabilities. Long-Term Liabilities increased \$21.7 million primarily due to the County's share of the net pension liability related to the Ohio Public Employees Retirement System increasing significantly. Accrued Wages and Benefits Payable decreased \$1.9 million. This amount fluctuates from year-to-year due to timing differences related to the accrual year and when pay dates occur. General Obligation Notes Payable decreased \$2.1 million due to paying off notes during 2016. Accounts Payable increased \$1.0 million. The majority of this increase occurred in the proprietary funds. Both the Water and Sewer Funds had large payments due at year-end for the Wayne-Massie Sewer District System Improvements and the Otterbein and Zoar Elevated Tower Coating projects. Descriptions of these projects are located in Note 11.

\$134.3 million or 29.6% of net position in the current year represents resources that are subject to external restrictions on how these assets may be used. \$27.4 million or 6.0% of net position may be used to meet the County's ongoing obligations to its citizens, creditors and water and sewer activities.

This space intentionally left blank.

Management's Discussion and Analysis For the Year Ended December 31, 2016

Unaudited

## Governmental Activities

Net position of the County's governmental activities increased by \$11,006,587.

Expenses overall increased \$10.4 million or 8.2% when compared to 2015. Legislative and executive programs cover expenses for the primary duties and subsidiary activities of the elected officials and the governing body of the County. These expenses represent 16.6% of all program expenses and increased during 2016 by 9.6% largely because of an increase in pension expense recognized under GASB 68. In addition, costs associated with construction projects that were not capitalized contributed to this increase. Human Services at 36.6% continues to be the largest program expense of the County, comprising services for children, senior citizens, developmental disabilities, transit services and assistance to families. Human service expenses increased 8.7% in 2016 due to services provided to children through our Children's Services Board. Public Safety programs comprise 26.3% of all program expenses and during 2016 these expenses increased by 11.2%. This increase is due to increased salaries from raises and overtime mainly within the Sheriff's office and Dispatch, along with an increase in pension expense.

Motor Vehicle & Gasoline Tax revenue remained steady with a 1.8% increase over 2015. Unrestricted Shared Revenues remained fairly steady also with only a decrease of 4.1%.

Program Revenue consists of three categories: 1) Charges for Services, 2) Operating Grants and Contributions, and 3) Capital Grants and Contributions. Charges for services had a decrease of \$0.4 million. Operating grants and contributions had an increase of \$3.0 million. The increase in operating grants is primarily due to a \$1.1 million increase in funding for the Workforce Investment Board, as well as increases in funding for the Board of Developmental Disabilities, Children's Services Board, and Human Services. Capital grants and contributions had an increase of \$0.4 million. The primary reason for this increase is during 2015 the County had no capital contributions or grants as compared to \$0.4 million in road and bridge contributions during 2016. Program Revenue had an overall increase of \$3.1 million or 7.9% over 2015.

General Tax Revenue accounts for 59.1% of the \$149.2 million in total revenues for governmental activities. General Tax revenues increased \$4.1 million over 2015. This increase consists of a \$2.0 million increase in property tax and \$2.1 million in sales tax. Total general tax revenue increased by 4.9% over 2015.

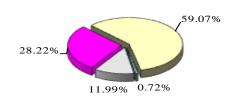

General Other Revenue generates 0.7% of total revenues for governmental activities and decreased by \$0.5 million.

The County's net charges to users of governmental services totaled \$96,093,423. The County's general revenues of \$107,100,010 subsidized 100% of this amount and the remaining resulted in an \$11.0 million increase in net position.

Management's Discussion and Analysis For the Year Ended December 31, 2016

Unaudited

		Percent
Revenue Sources	2016	of Total
Shared Revenues	\$17,886,740	11.99%
Program Revenues	42,106,706	28.22%
General Tax Revenues	88,146,368	59.07%
General Other	1,066,902	0.72%
Total Revenue	\$149,206,716	100.00%

## **Business-Type Activities**

Net position of the business-type activities increased by \$6.0 million. These programs had revenues of \$36.9 million and expenses of \$30.9 million for fiscal year 2016. Revenues increased overall by \$6.7 million or 22.1% and expenses increased by \$1.6 million or 5.4%.

Charges for Services and Sales increased \$2.3 million. Water had the largest increase at \$1.2 million and Sewer the next largest at \$1.1 million. These increases were due to water and sewer rates increasing and new construction creating a larger customer base during 2016. These increases were offset by various other fluctuations in Sheriffs, Communications Rotary and Storm Water revenues. The total increase to Charges for Services was 9.6% over 2015.

Both water and sewer tap in fees (generated from an increase in new residences, apartment buildings and condominium complexes being built) increased in 2016 by a total of \$0.6 million. In addition, contributions from private developers for water and sewer lines increased by \$2.6 million. These items resulted in a \$3.2 million increase to Capital Grants and Contributions, a 50.1% increase over 2015.

On January 1, 2016, the Village of Waynesville transferred their sewer operations to the County. This transfer of operations resulted in a Special Item-Gain on Transfer of Operations totaling \$1.2 million. This transfer of operations also contributed to the increase in Charges for Services and Sales noted above in the Sewer Fund. Note 3 further describes this transfer of operations.

Business-type activities receive no support from tax revenues and remain self-supporting.

## FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County's governmental funds reported a combined fund balance of \$150,309,683, which is an increase of \$12,605,543 over last year's total of \$137,704,140. The schedule below indicates the fund balance and the total change in fund balance as of December 31, 2016 and 2015.

Management's Discussion and Analysis For the Year Ended December 31, 2016

Unaudited

	Fund Balance	Fund Balance	Increase
	December 31, 2016	December 31, 2015	(Decrease)
General	\$31,756,193	\$32,486,819	(\$730,626)
Board of Developmental Disabilities	52,644,570	49,477,388	3,167,182
Senior Citizens Service Levy	6,658,852	6,348,259	310,593
Special Assessment	405,783	436,536	(30,753)
County Road Projects	(801,334)	(843,113)	41,779
Other Governmental	59,645,619	49,798,251	9,847,368
Total	\$150,309,683	\$137,704,140	\$12,605,543

General Fund – The County's General Fund revenues exceeded expenditures by \$18.2 million. The General Fund's balance ended with a decrease of \$0.7 million due to \$18.9 million in transfers to other funds. Transfers amounting to \$8.4 million supplemented the operating budgets of Children's Services Board, Youth Services Subsidy, and County Transit. County Construction projects received \$8.5 million in transfers to be used towards capital projects including the purchase of a countywide financial software, jail construction and rehabilitation, airport runway rehab and widening, juvenile/probate court expansion, and communication projects.

The tables that follow assist in illustrating the balance and financial activities of the General Fund:

	2016	2015	Increase
	Revenues	Revenues	(Decrease)
Taxes	\$58,234,191	\$54,712,535	\$3,521,656
Intergovernmental Revenues	6,848,981	6,735,933	113,048
Charges for Services	8,760,731	8,397,120	363,611
Licenses and Permits	12,799	12,258	541
Investment Earnings	799,782	1,589,893	(790,111)
Fines and Forfeitures	277,488	265,826	11,662
All Other Revenue	2,359,261	2,226,563	132,698
Total	\$77,293,233	\$73,940,128	\$3,353,105

Tax revenues overall increased by 6.4%. The largest source of tax revenue at \$39.6 million is generated from the County's Sales Tax. This tax increased over the previous year by 6.0%. The second largest source of tax revenue at \$14.1 million is generated from Real Estate Property Taxes. Real Estate Property Tax increased by 9.0%. Property Transfer Taxes generated \$4.6 million which was an increase of \$0.2 million or 4.2% over the previous year.

Although on a cash basis investment income has steadily increased from \$1,212,499 in 2014 to \$1,378,634 in 2015 to \$2,030,214 in 2016 (the largest amount of annual interest income since 2011), on a Generally Accepted Accounting Principles (GAAP) basis, these numbers have varied significantly showing \$2,253,157 and (\$476,566) and (\$790,111) increases and decreases between years for the same period of time. This is primarily due to market value adjustments for current value. The cash basis shows the increasing income stream over an extended period of time whereas GAAP reflects the market value of an investment as of a given date, similar to a liquidation value, and uses the market value of an investment on that date as an adjustment to the year's investment income accumulation. Decreasing

Management's Discussion and Analysis For the Year Ended December 31, 2016

Unaudited

interest rates cause the portfolio to increase in market value and increasing rates cause the market value of the portfolio to decrease.

Investment strategy for the last several years has been to hold about 1/3 of our portfolio in straight coupon bonds to help support the current year's earnings and about 2/3 of our portfolio in step bonds. Because of the current historically low interest rates, the step bonds allow us the opportunity to increase our yield over the life of the bonds as interest rates rise and the economy continues to improve.

Over the last two years, newly purchased bonds have paid higher coupon rates than the bonds that matured and were replaced. This increase has been augmented by tax collection revenue which has continued to increase steadily, resulting in a record low delinquency rate of 0.94% at year-end. Over the last couple of years, this has allowed the County to invest about \$30 million in additional funds, therefore producing additional interest income.

	2016	2015	Increase
	Expenditures	Expenditures	(Decrease)
General Government:			
Legislative and Executive	\$19,261,034	\$19,102,887	\$158,147
Judicial	9,523,409	9,014,117	509,292
Public Safety	27,782,102	26,435,902	1,346,200
Human Services	2,242,246	2,092,035	150,211
Community and Economic Development	275,573	271,069	4,504
Total	\$59,084,364	\$56,916,010	\$2,168,354

In 2016, the General Fund's overall expenditures increased by \$2.2 million or 3.8%. Variances within each category were all less than 1%, except for Public Safety, which increased 2.4%. As mentioned previously, this increase is due to increased salaries from raises and overtime mainly within the Sheriff's office and Dispatch.

*Board of Developmental Disabilities Fund* - The 2016 revenues for the Board of Developmental Disabilities Fund (BDD) increased \$0.2 million or 0.7% over 2015. Expenditures for BDD also increased \$0.8 million or 3.7%. The year-end fund balance of \$52.6 million increased \$3.2 million over 2015.

Senior Citizens Service Levy Fund – In 2016, this fund received \$6.1 million in levied tax revenues and incurred expenditures for services to senior citizens of \$6.6 million. The year-end fund balance of \$6.7 million increased by \$0.3 million over 2015.

Special Assessment Fund – In 2016, this fund received \$1.3 million from special assessment levies, while expending \$1.3 million in debt service payments. The fund balance decreased by \$0.03 million from 2015.

County Road Projects Fund – The revenues of this fund decreased \$0.5 million over 2015. During 2016, expenditures totaling \$5.9 million involved improvements to eight capital road & bridge projects and three non-capital road projects. The fund balance increased by \$0.04 million.

Management's Discussion and Analysis For the Year Ended December 31, 2016

Unaudited

## GENERAL FUND BUDGETARY HIGHLIGHTS

The County's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

The variance between the final budget and the actual revenues are solely the result of the County Auditor's decision to conservatively estimate revenues. In 2016, his estimations ended with a positive variance of \$11.9 million, or 17.8%.

It is not the practice of the County or the Budget Commission to revise estimated revenues at year-end to bring the budget in line with actual resources.

During the course of fiscal year 2016, the County Commissioners approved numerous revisions to the original appropriations. Overall, these changes resulted in an increase of \$0.6 million. Actual expenditures were less than the final budgeted expenditures by \$5.8 million. The largest variance within the \$5.8 million consists of \$3.1 million in Legislative and Executive and \$1.6 million in Public Safety. The largest variance in both these expenditures resulted from less spending than originally anticipated in the personal services category. The General Fund had an adequate fund balance to cover all expenditures. The fund balance was \$19.8 million better than initially projected in the final budget.

### CAPITAL ASSETS AND DEBT ADMINISTRATION

## Capital Assets

At the end of fiscal 2016, the County had \$323,862,999 net of accumulated depreciation invested in capital assets for its Governmental and Business-Type Activities. Of this total \$126,926,951 was related to Governmental Activities and \$196,936,048 was related to the Business-Type Activities. When looking at total assets and the accumulated depreciation, we ended 2016 with a net decrease of \$2.9 million in total depreciable and non-depreciable capital assets.

Management's Discussion and Analysis For the Year Ended December 31, 2016

Unaudited

General Government had capital asset additions of \$7.1 million. The three largest components of this are \$2.7 million in additions to construction in progress and \$1.9 million in completed County Construction projects, including completed infrastructure road and bridge projects, and \$2.4 million in machinery and equipment. Additions to construction in progress included \$0.4 million for road and bridge projects and \$2.3 million for various other county projects including the Computer Aided Dispatch upgrade and the Next Generation 911 System. Completed construction projects included \$0.3 million for the IT Server Relocation, \$0.2 million for the Emergency Management Dispatch Software/Hardware, \$0.4 million for the land associated with the Parallel Taxiway project, \$0.4 million for various other road and bridge projects and the remaining for various county construction projects.

General Government had capital asset deletions of \$2.5 million. The greater part of deletions involved \$1.0 million that was removed from construction in progress as a result of projects being completed and \$1.4 million removed as the result of deletions from furniture, fixtures and equipment. The result of General Government capital asset additions, deletions and accumulated depreciation was a net increase of \$0.6 million at the end of 2016.

Business-Type capital assets had additions of \$19.9 million comprised mainly of \$4.0 million in land improvements, \$2.2 million in construction in progress additions, and \$13.0 million in structures and improvements. Of the land improvements involved, \$0.2 million was relocated water and sewer lines and contributed water and sewer lines from private developers, which consisted of \$1.9 million and \$0.9 million respectively. Also included in land improvements is \$1.0 million resulting from the acquisition of the Waynesville Sewer operations. Additions to construction in progress included \$1.5 million for various water projects and \$0.7 million for sewer projects. Structures and improvements encompassed \$7.8 million for the North Water System Booster Station upgrade and \$5.2 million, also attained due to the move of the Waynesville Sewer operations. The result of Business-Type Activity capital asset additions, deletions and accumulated depreciation was a net decrease of \$3.5 million at the end of 2016.

Additional information on the County's capital assets can be found in Note 11.

This space intentionally left blank.

Management's Discussion and Analysis For the Year Ended December 31, 2016

### Debt

At December 31, 2016, the County had general obligation debt outstanding of \$14.1 million in bonds. Of this amount, \$7.6 million comprises debt backed by the full faith and credit of the County and \$6.5 million is special assessment debt for which the County is liable in the event of default by the property owners subject to the assessment. The County also had outstanding principal of \$2.1 million in Tax Increment District Revenue Bonds, \$0.9 million of outstanding principal in an Ohio Department of Development Loan (State 166) and \$1.1 million in OPWC loans. The Water enterprise fund had \$3.5 million in OWDA Loans. The Sewer enterprise fund had \$10.5 million in OWDA Loans and \$0.01 million in OPWC Loans outstanding at December 31, 2016.

Management's Discussion and Analysis For the Year Ended December 31, 2016

Unaudited

Governmental Activities Long-Term Liabilities increased by \$18.4 million or 23.7% during 2016 and the County's Business-Type Activities Long-Term Liabilities increased by \$3.2 million or 15.1%. The County maintained an underlying "Aa1" rating from Moody's Investors Service, Inc. for general obligation debt during 2016.

In addition to the bonded debt, the County's long-term obligations include compensated absences and pension. The increases in Long-Term Liabilities noted above are due to pension liability increasing significantly for 2016. Additional information on the County's long-term debt can be found in the notes section under "Long-Term Debt and Other Long-Term Obligations" within this report.

The following table summarizes the County's long-term debt outstanding as of December 31, 2016 and December 31, 2015:

	2016	2015
Governmental Activities:	_	
General Obligation Bonds	\$7,579,162	\$9,339,172
Special Assessment Bonds	6,508,405	7,472,884

Totals	\$120,917,770	\$99,252,055

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Warren County has continued to exercise solid financial practices. For 2017, total General Fund revenues are anticipated at \$68.6 million, which is 15% less than actual cash received in fiscal year 2016. The General Fund's original budget for appropriations of anticipated expenses for 2017 was \$73.6 million as compared to \$81.7 million in cash expenditures at the end of 2016. Warren County remains in strong financial shape largely due to consistent conservative budgeting.

Warren County's central location between the metro areas of Dayton and Cincinnati in the southwestern part of Ohio has made it an attractive area for new business development. Metropolitan Cincinnati's northerly expansion into Warren County, particularly the rapid development along I-71 in Mason, Deerfield Township, Lebanon and South Lebanon has also contributed to Warren County's economic development. Greater Dayton's growth south has prompted strong growth along I-75 in Franklin, Clearcreek Township, Middletown, Monroe and particularly in Springboro. Warren County's business

Management's Discussion and Analysis For the Year Ended December 31, 2016

Unaudited

base is extremely diverse with many area companies concentrated in the sectors of high technology, research and development, advanced manufacturing, bio-medical and service related industries.

The Warren County Office of Economic Development continues to create new job opportunities and foster capital investment throughout Warren County. In 2016, Warren County welcomed 23 new projects (both new to the region and expansion). The number of newly created jobs and capital investment were down from 2015 due to many large-scale projects closing during 2015, which is anomalous. In total, the 23 projects accounted for 1,615 new and 4,314 retained jobs within Warren County along with over 1.4 million new square feet of commercial and industrial space. The total level of capital investment through new construction and equipment purchases was \$256.7 million. This indicates that the existing business base continues to view Warren County as a great place to expand and conduct operations.

In 2016, Warren County saw the expansion of many companies such as Mane, Inc. in Lebanon, Victory Wholesale Group in Springboro, and Empire Foods in Mason. Additionally, Warren County saw the continued trend of new speculative space being built in Park North at Monroe. This speculative space is needed in the current industrial and commercial real estate markets and helps Warren County stay competitive on a national and global scale. Cumulatively, these four projects accounted for 750 new jobs, 583 retained jobs, over \$145 million in capital investment and over 639,000 new square feet. While smaller in number, many other current and new businesses grew in Warren County, adding employment opportunities to area residents and building on the growth seen in recent years.

Warren County's economic growth has been felt across all sectors as median household income exceeds State and National Averages by large margins. Warren County sits at \$75,129. Ohio at \$49,674 trails the national average of \$54,149. Warren County continues to see population growth as well at a rate of 1.05% which underscores the need for continued economic development and job creation.

As Warren County returns to pre-recession levels of growth, we are determined to maintain conservative fiscal policy and intelligent public infrastructure growth. The County elected officials and department heads maintain budgetary restraint during this period of renewed growth which is what allowed for the County to survive the Great Recession with minimal debt or lost public service jobs.

## REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the County's finances, and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Matt Nolan, Warren County Auditor, 406 Justice Drive, Lebanon, Ohio 45036.

## WARREN COUNTY, OHIO RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES DECEMBER 31, 2016

Total Governmental Fund Balances	\$ 150,309,683
Amounts reported for governmental activities in the statement of net position are different because:	
Capital Assets used in governmental activities are not resources and therefore are not reported in the funds.	126,926,951
Other long-term assets are not available to pay for current period expenditures and therefore are reported as deferred inflows of resources in the funds.	16,301,918
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	(24,493,570)
The net pension asset/liability is not due and payable in the current period; therefore, the asset/liability and related deferred inflows/outflows are not reported in governmental funds.	(45,338,468)
Internal Service Funds are used by management to charge the costs of vehicle maintenance, insurance and gasoline to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. This is the amount that applies to the governmental activities.	8,014,964
Net Position of Governmental Funds	\$ 231,721,478

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2016

## Net Change in Fund Balances - Total Governmental Funds

\$ 12,250,542

## Amounts reported for governmental activities in the statement of activities are different because

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays and capital contributions exceeded depreciation.

650,327

Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the amount of the loss on the disposal of capital assets net of proceeds received.

(86,787)

Revenues and transfers in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

(888,792)

The issuance of long-term debt (e.g. general obligation bonds, leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

3,698,961

Contractually required pension contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows while the changes in the net pension liability (except for deferred inflows/outflows) are reported as expenses in the statement of activities.

(4,169,781)

In the statement of activities, interest is accrued on outstanding bonds and loans, whereas in governmental funds, an interest expenditure is reported when due.

7,786

Some expenses reported in the statement of activities, such as change in inventory and compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

(207,295)

The Internal Service Funds, which are used to charge the cost of services to individual funds, are not included in the statement of activities. Governmental fund expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the County's Internal Service Funds are allocated among the governmental and business-type activities.

(248,374)

## Change in Net Position of Governmental Activities

\$ 11,006,587

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. Reporting Entity

Warren County is a political subdivision of the State of Ohio. The County was formed by an act of the Ohio General Assembly in 1803. The three member Board of County Commissioners is the legislative and executive body of the County. The County's combined financial statements include accounts for all County operations.

The accompanying basic financial statements comply with the provisions of GASB Statement No. 14, "The Financial Reporting Entity," as amended by GASB Statement No. 61 "The Financial Reporting Entity: Omnibus; an amendment of GASB Statements No. 14 and No. 34," in that the financial statements include all organizations, activities and functions of the primary government (the County) and legally separate entities (component units) for which the County is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing board and either the County's ability to impose its will over the organization or the possibility that the organization will provide a financial benefit to or impose a financial burden on the County.

The financial activities of all funds, agencies, boards and commissions for which the County elected officials are financially accountable are reflected in the accompanying financial statements. Based on the foregoing criteria, Warren County (the primary government) has two component units, Production Services Unlimited, Inc. and the Warren County Transportation Improvement District. The reporting entity of the County includes the following services: human and social services, certain health care and community assistance services, civil and criminal justice systems, road and bridge maintenance and general administrative services. In addition, the County operates a water supply, sanitary sewer and storm water system.

<u>Discretely Presented Component Unit</u> - The component unit column on the Statement of Net Position includes the financial data of two County component units, Production Services Unlimited, Inc. (PSU) and the Warren County Transportation Improvement District (TID). The component units are reported in a separate column to emphasize that they are legally separate from the County. PSU and the TID are being presented as a part of the County's reporting entity because it would be misleading to exclude them.

PSU is an adult workshop for the clients of the Board of Developmental Disabilities. Warren County has an annual master operating agreement with PSU to subsidize a portion of the operations. PSU contracts with various companies and individuals, including the County, to provide janitorial services, assembly work, packaging, clerical, and other activities which are performed by the workshop participants. Separate financial statements for PSU may be obtained by writing to: Production Services Unlimited, Inc., 575 Columbus Avenue, Lebanon, Ohio 45036.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## A. Reporting Entity (Continued)

The TID is a body politic and corporate, created pursuant to Chapter 5540 of the Ohio Revised Code by action of the Board of Warren County Commissioners on January 27, 2011 for the purpose of financing, constructing, maintaining, repairing and operating selected transportation projects. Separate financial statements for the TID may be obtained by writing to Secretary-Treasurer, Warren County Transportation Improvement District, 210 W. Main Street, Lebanon, Ohio 45036.

<u>Related Organizations</u> - Warren County officials appoint a voting majority of the board for the following organizations. The County's accountability for these organizations does not extend beyond making the appointments.

- *Metropolitan Housing Authority* The County Commissioners, Probate Court and Common Pleas Court each appoint one member of a five member board.
- Park District The Probate Judge appoints all three members of the Park Board.
- Warren County Airport Authority The County Commissioners appoint all members of a ninemember board.
- Butler/Clermont/Warren Workforce Policy Board The County Commissioners appoint all of the Warren County members of the board. The Policy Board is a regional organization developed as a result of the Workforce Investment Act. The role of the Policy Board is to assess the workforce needs of area employers, assess the employment and training needs of job seekers and to identify fiscal and other available resources to meet current and future workforce needs in the region.
- Warren County Port Authority The County Commissioners appoint all seven members of the board. The role of the board is to enhance, foster, aid, provide or promote the following within Warren County: transportation, economic development, housing, recreation, education, culture and research.

## Joint Venture Without Equity Interest

Warren County is a member of the Warren/Clinton Counties Recovery Services Board, which is a joint venture between Warren and Clinton Counties. The purpose of the board is to provide aid, support and education for alcohol and drug dependent citizens as well as those who are mentally handicapped. See Note 22 "Joint Venture."

## Jointly Governed Organization

Warren County Board of Developmental Disabilities is a member of the Southwest Ohio Regional Council of Governments formed by Hamilton, Clermont, Butler and Warren Counties. The purpose of this Council is to coordinate the powers and duties of the member counties to better serve and benefit persons with developmental disabilities. See Note 23 "Jointly Governed Organization."

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## B. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on the basis of funds each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses. The various funds are summarized by type in the basic financial statements. The County uses the following fund types:

## Governmental Funds

Governmental funds are those funds through which most governmental functions typically are financed. The acquisition, use and balances of the County's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is on determination of "financial flow" (sources and use and balances of financial resources). The following are the County's major governmental funds:

<u>General Fund</u> – This fund represents the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are sales and use tax, property transfer tax, real estate tax, state and local government fund receipts, investment earnings and charges for service. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the laws of Ohio.

<u>Board of Developmental Disabilities Fund</u> – This fund is used to account for a County-wide property tax levy, Federal and State grants and reimbursements used for care and services for the mentally handicapped and developmentally disabled.

<u>Senior Citizens Service Levy Fund</u> – This fund accounts for tax levy proceeds which provide the source of funding for senior citizen services.

<u>Special Assessment Fund</u> – This fund is used to account for revenues received from special assessment collections from annual tax billings, which provide the source of financing for long-term debt incurred for water and sewer line construction.

<u>County Road Projects Fund</u> – This fund is used to account for all revenue sources including Federal and State grants used to finance road and bridge infrastructure projects.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## B. Basis of Presentation - Fund Accounting (Continued)

## **Proprietary Funds**

All proprietary funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that all assets and all liabilities associated with the operation of these funds are included on the Balance Sheet. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

<u>Enterprise Funds</u> - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The County's major enterprise funds are:

- Water Fund This fund is used to account for the operation of the County's water service.
- Sewer Fund This fund is used to account for the operation of the County's sanitary sewer service.
- Sheriff Fund This fund is used to account for the policing services provided on a contractual basis to Deerfield Township, Village of South Lebanon, Caesar Creek Litter Control, Greater Warren County Drug Task Force, and the Warren County Engineer's Office.

<u>Internal Service Funds</u> – The five internal service funds operated by the County are: Vehicle Maintenance, Health Insurance, Workers' Compensation Self Insurance, Property and Casualty Insurance and Gasoline. The Vehicle Maintenance fund was created to provide repairs and maintenance to various County departments. The Health Insurance fund is used for claims and administration of the health insurance program for covered County employees and eligible dependents. The Workers' Compensation Self Insurance fund was created to accumulate reserves and process claims for workers' compensation for all functions of county government. The Property and Casualty Insurance fund was created to account for the accumulation and allocation of premiums, deductibles and risk management fees associated with the property and casualty insurance of the County. The Gasoline fund was created to account for the centralized purchase of gasoline provided to various departments of the County.

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

## B. Basis of Presentation - Fund Accounting (Continued)

## Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. These funds are used to account for assets held by a governmental unit as an agent for individuals, private organizations or other governmental units and therefore not available to support the County's own programs. The County's only trust fund is a private purpose trust that accounts for unclaimed monies. The agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operation. These funds operate on an accrual basis of accounting. Further description of these funds can be found on pages 209 and 210.

## **C.** Basis of Presentation – Financial Statements

<u>Government-wide Financial Statements</u> – The Statement of Net Position and the Statement of Activities display information about the County as a whole. These statements include the financial activities of the primary government and its discretely presented component units, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities. Internal Service fund activity is eliminated to avoid "doubling up" revenues and expenses. Inter-fund services provided and used are not eliminated in the process of consolidation.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function or program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## C. <u>Basis of Presentation – Financial Statements</u> (Continued)

<u>Fund Financial Statements</u> – Fund financial statements report detailed information about the County. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a Balance Sheet, which generally includes only current assets and current liabilities, and a Statement of Revenues, Expenditures and Changes in Fund Balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The Statement of Cash Flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

## D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses reported in the financial statements. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (i.e., both measurable and available). The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which the County considers to be 60 days after year-end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for debt service and expenditures related to compensated absences which are recorded only when due.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## D. Basis of Accounting (Continued)

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include sales and use taxes, property taxes, grants, entitlements and donations. Revenue from sales and use taxes is recognized in the period in which the income is earned and is available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. Revenues considered susceptible to accrual at year-end include interest on investments, and state levied locally shared taxes, including motor vehicle license fees and local government assistance. Other revenues, including licenses, permits, certain charges for services, and miscellaneous revenues are recorded when received in cash, because generally these revenues are not measurable until received.

Special assessment installments and related accrued interest, which are measurable but not available at December 31, are recorded as deferred inflows of resources. Property taxes measurable as of December 31, 2016 but which are not intended to finance 2016 operations and delinquent property taxes, whose availability is indeterminate, are recorded as deferred inflows of resources.

The full accrual basis of accounting is utilized for reporting purposes by the government-wide statements, proprietary funds and fiduciary funds. Revenues are recognized when they are earned and expenses are recognized when they are incurred.

### E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year.

All funds, other than agency funds, are legally required to be budgeted and appropriated; however, only the General and major Special Revenue funds are required to be reported. The primary level of budget control is at the object level by organizational unit and/or department by function (Public Safety, Public Works, General Government, Debt Service, etc.) within a fund. Budgetary modifications may only be made through resolution of the County Commissioners.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## E. Budgetary Process (Continued)

### 1. Tax Budget

By July 15, each County department must submit an annual tax budget for the following fiscal year to the County Commissioners for consideration and passage. The adopted budget is submitted to the County Auditor, as secretary of the County Budget Commission, by July 20th of each year, for the period January 1 to December 31 of the following year.

### 2. Estimated Resources

The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Budget Commission then certifies its actions to the County by September 1st of each year. As part of the certification process, the County receives an official certificate of estimated resources which states the projected receipts by fund. Prior to December 31, the County must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or actual receipts exceed current estimates. The amounts reported on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during 2016.

## 3. Appropriations

A temporary appropriations resolution to control expenditures may be passed on or about January 1st of each year for the period January 1 through March 31. An annual appropriations resolution must be passed by April 1st of each year for the period January 1st through December 31st. The appropriations resolution establishes spending controls at the fund, function, organizational unit and/or department, and object level. The appropriations resolution may be amended during the year by resolution of the County Commissioners as additional information becomes available, provided that total fund appropriations do not exceed the current estimated resources. During 2016, supplemental appropriations were necessary to budget for unanticipated expenditures. Expenditures may not legally exceed budgeted appropriations at the object level. Administrative control is maintained through the establishment of more detailed line-item budgets. Management may ask the County Commissioners to transfer appropriations within the object level (among line items) for an organizational unit and/or department provided total appropriations for that object and organizational unit and/or department do not exceed amounts established by the County Commissioners. The budgetary figures, which appear on the budgetary statements, are provided on the budgetary basis to provide a comparison of actual results with the final budget, including all amendments and modifications.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## E. Budgetary Process (Continued)

## 4. Encumbrances

As part of formal budgetary control, purchase orders, contracts and other commitments for expenditures are encumbered and recorded as the equivalent of expenditures (budget basis) in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. However, on the GAAP basis of accounting, encumbrances do not constitute expenditures or liabilities.

### 5. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriations balance is carried forward to the subsequent fiscal year and need not be reappropriated.

## 6. Budgetary Basis of Accounting

The County's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major difference between the budgetary basis and the GAAP basis lies in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on the cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## E. <u>Budgetary Process</u> (Continued)

A reconciliation of the results of operations for the year from the GAAP basis to the budgetary basis for the General Fund and for the major Special Revenue funds are shown below:

Net Change in Fund Balances

	General Fund	Senior Citizens Service Levy Fund	Board of Developmental Disabilities Fund
GAAP Basis (as reported)	(\$727,718)	\$310,593	\$3,167,182
Increase (Decrease):			
Accrued Revenues at			
December 31, 2016			
received during 2017	(8,131,748)	(769)	(12,838,847)
Accrued Revenues at			
December 31, 2015			
received during 2016	10,251,310	229	11,841,615
Accrued Expenditures at			
December 31, 2016			
paid during 2017	2,493,554	979,386	893,688
Accrued Expenditures at			
December 31, 2015			
paid during 2016	(3,588,379)	(1,137,299)	(833,938)
Change in Fair Value, 2016	1,706,942	0	0
Change in Fair Value, 2015	(393,299)	0	0
2016 Prepaids for 2017	(2,265)	0	(34,853)
2015 Prepaids for 2016	2,714	0	18,664
Interfund Loans Receivable, 2016	(137,084)	0	0
Interfund Loans Receivable, 2015	308,654	0	0
Outstanding Encumbrances	(4,270,642)	(2,700,607)	(2,853,712)
Budget Basis	(\$2,487,961)	(\$2,548,467)	(\$640,201)

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits and treasury securities. State Treasury Asset Reserve (STAR) Plus, certificates of deposit and treasury securities are considered cash equivalents because they are highly liquid investments or have original maturity dates of three months or less. STAR Plus is a cash management program that provides Ohio political subdivisions an account that has no exposure to credit or market risk. All STAR Plus deposits have full FDIC insurance and are backed by the full faith and credit of the U.S. Government.

The County Treasurer pools cash for investment and resource management purposes. Each fund's equity in pooled cash and investments represents the balance on hand as if each had maintained its own cash and investment account. For purposes of the statement of cash flows, the proprietary funds consider their share of equity in State Treasury Asset Reserve of Ohio (STAR Ohio) and pooled certificates of deposit to be cash equivalents. See Note 6 "Cash, Cash Equivalents and Investments."

At year end, the Southwest Ohio Regional Council of Governments was holding deposits in the amount of \$12,165,738 which are represented as "Cash and Cash Equivalents with Fiscal Agent" on the Balance Sheet.

## **G.** Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools," the County records all its investments at fair value, which are based upon quoted market prices. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statements. The County allocates interest among various funds based upon applicable legal and administrative requirements. See Note 6 "Cash, Cash Equivalents and Investments."

Warren County has invested funds in STAR Ohio during 2016. STAR Ohio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price the investment could be sold for on December 31, 2016. The County also has several liquid asset management accounts. These accounts have been restricted to U.S. Treasury and agency security investments only.

## H. Inventory of Supplies

Inventory is stated at cost (first-in, first-out) in the governmental funds, and at the lower of cost (first-in, first-out) or market in the proprietary funds. The costs of inventory items are recorded as expenditures in the governmental funds when purchased and expenses in the proprietary funds when used.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### I. Prepaid Water Contract

The County has entered into a contract with Cincinnati Waterworks to provide water to the County that will benefit periods beginning in 2000 until December 31, 2025. This item is recorded as a prepaid water contract in the Water Fund (enterprise) using the consumption method. This will reflect the current asset amount as a prepaid item and the expense in the year in which it is consumed.

### J. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2016 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

### **K.** Capital Assets and Depreciation

Capital assets defined by the County have the following characteristics:

- Real or personal property, tangible in nature, possesses physical substance, including equipment, vehicles, land and land improvements actual or estimated cost ten thousand dollars or greater
- Buildings, structures, building improvements or infrastructure actual or estimated cost one hundred thousand dollars or greater
- Identifiable intangible permanent right-of-ways
- Identifiable intangible software, purchased or internally generated cost of one hundred thousand dollars or greater
- Expected useful life of five years or longer

### 1. Property, Plant and Equipment - Governmental Activities

Governmental Activities capital assets are those not directly related to the business-type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost or estimated historical cost for assets not purchased in recent years.

Estimated historical costs for governmental activities capital asset values were initially determined by identifying historical costs when such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition.

Application development expenses for internally developed software have been capitalized. Implementation/operation activities are expensed.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## K. Capital Assets and Depreciation (Continued)

## 1. Property, Plant and Equipment - Governmental Activities (Continued)

Capital assets include land (including permanent easements), construction in progress, land improvements, buildings, structures and improvements, furniture, fixtures and equipment (including computer software), and infrastructure. Infrastructure is defined as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant number of years. Examples of governmental activities infrastructure include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems. These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements.

## 2. Property, Plant and Equipment - Business-Type Activities

Proprietary funds capital assets are stated at cost (or estimated historical cost), including interest capitalized during construction and architectural and engineering fees where applicable. Contributed capital assets are recorded at fair market value at the date received. Proprietary funds capital assets are similar to Governmental Activities capital assets with the exception of the infrastructure. Proprietary infrastructure consists of water and sewer lines, whereas Governmental Activities infrastructure consists of roads and bridges. These assets are reported in both the Business-Type Activities column of the government-wide Statement of Net Position and in the respective funds.

### 3. Depreciation

Tangible capital assets are depreciated, excluding land and construction in progress, and intangible assets (computer software) costs are amortized. Depreciation and amortization have been provided using the straight-line method over the following estimated useful lives:

	Governmental and Business-Type Activities
Description	Estimated Lives (in years)
Land Improvements	5 - 10
Buildings, Structures and Improvements	20 - 50
Furniture, Fixtures and Equipment	
(Including Computer Software)	5 - 25
Infrastructure	15 - 100

## L. Capitalization of Interest

The County's policy is to capitalize interest for proprietary (enterprise) fund construction projects until the project is substantially completed. Capitalized interest on proprietary fund construction is amortized on a straight-line basis over the estimated useful life of the asset. There was no interest capitalized for proprietary funds during 2016.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## M. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities, that once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and long-term notes that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

### N. Long-Term Obligations

Long-Term liabilities are being repaid from the following funds:

Obligation	Fund
General Obligation Bonds	Tax Increment Financing Fund Radio System Bonds Fund
Special Assessment Bonds	Special Assessment Fund
Tax Increment District Revenue Bonds	Tax Increment District Revenue Bond Fund
State 166 Loan	Tax Increment Financing Fund
Ohio Public Works Commission Loan	State OPWC Loan Fund Sewer Fund
Ohio Water Development Authority Loans	Water Fund Sewer Fund
Compensated Absences	General Fund Motor Vehicle and Gasoline Tax Fund Board of Developmental Disabilities Fund Child Support Enforcement Children's Services Board Water Fund Sewer Fund Storm Water Fund Sheriff Fund Health Insurance Fund Workers' Compensation Self Insurance Fund

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## O. Bond Premiums/Discounts

Bond discounts when applicable for governmental and proprietary fund types are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of bonds payable and bond premiums are recorded as an increase to the face amount of bonds payable.

### P. Compensated Absences

In accordance with GASB Statement No. 16, "Accounting for Compensated Absences," vacation and compensatory time are accrued as liabilities when an employee's right to receive compensation is attributable to services already rendered and it is probable that the employee will be compensated through paid time off or some other means, such as cash payments, at termination or retirement. Leave time that has been earned but is unavailable for use as paid time off or as some other form of compensation because an employee has not met the minimum service time requirement, is accrued to the extent that it is considered to be probable that the conditions for compensation will be met in the future.

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees eligible to receive termination payments as of the Balance Sheet date, and on leave balances accumulated by other employees expected to become eligible in the future to receive such payments.

For governmental funds, that portion of unpaid compensated absences that is due and payable as of yearend using expendable, available resources is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Compensated Absences Payable."

## Q. Grants and Other Intergovernmental Revenues

Local governmental fund revenues are recorded as receivables and revenue when measurable and available. Assistance awards made on the basis of entitlement are recorded as intergovernmental receivables and revenues when entitlement occurs. Federal and State reimbursement-type grants for the acquisition or construction of capital assets in Proprietary funds are receivables and capital contributions when the related expenses are incurred.

All other Federal and State reimbursement-type grants are recorded as receivables and revenues when the related expenditures/expenses are incurred.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **R.** Pensions

For purposes of measuring the net pension liability, net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

### S. Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water treatment and distribution, wastewater collection and treatment, policing services to other governments and communications maintenance services. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

## T. Special Assessments

The County reports Special Assessment bonds in the governmental activities on the government-wide Statement of Net Position. These bonds are secured by liens on assessed properties and are also backed by the full faith and credit of the County. Special assessment debt service payments are recorded in the Special Assessment Fund. Capital outlay financed by special assessments are recorded in the Capital Projects Funds.

### **U. Self-Funded Insurance**

The County is self-funded for employee health care, prescription, dental, vision and workers' compensation benefits. The programs are administered by United Health Care, Optum RX, Dental Care Plus, VSP and Careworks Consulting, Inc. which provide claims review and processing services. For health care, prescription, dental and vision, each County fund is charged for its proportionate share of covered employees. The County records a liability in claims payable for incurred but unreported claims at year-end based upon an analysis of historical claims and expenses. For workers' compensation, each County fund is charged for actual claims paid plus administrative fees based upon number of employees per department.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### V. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

## W. Fund Balance

<u>Classification of Fund Balance</u> – In accordance with GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions," the County's fund balances are divided into five classifications based primarily on the extent to which the County must observe constraints imposed upon the use of its governmental fund resources. The classifications are as follows:

<u>Nonspendable</u> – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

<u>Restricted</u> – Fund balance is restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

<u>Committed</u> – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of County Commissioners. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> – Assigned fund balance classification balances are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. Assigned amounts in the General Fund are for amounts encumbered by the Board of County Commissioners using purchase orders.

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

## W. Fund Balance (Continued)

<u>Unassigned</u> – Unassigned fund balance is the residual classification for the General Fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance. The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

## X. Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets net of accumulated depreciation, and net of outstanding balances of any borrowings related to the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

## Y. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. These amounts are deferred and recognized as inflow of resources in the periods that the amounts become available or for the periods in which they are to be used.

## **NOTE 2 – DEFICIT FUND EQUITIES**

At December 31, 2016, the following funds had deficit fund/net position balances:

Fund	Deficit
Capital Projects:	
County Road Projects Fund	\$801,334
Sewer Extension Projects Fund	233,889
Enterprise Fund:	
Sheriff Fund	3,544,588

The fund/net position deficit arises from the recognition of expenditures on the modified accrual basis/accrual basis, which are greater than expenditures/expenses recognized on the budgetary/cash basis. The deficit does not exist under the cash basis of accounting. The General Fund provides transfers when cash is required, not when accruals occur.

### **NOTE 3 – TRANSFER OF OPERATIONS**

Under an intergovernmental agreement between the Village of Waynesville and Warren County, the Village of Waynesville agreed to combine its sewer services with Warren County for the purpose of enhancing the provision of those services to the Village of Waynesville's sewer customers. On January 1, 2016, the Village of Waynesville transferred the assets and liabilities comprising its sewer operations to Warren County. As a result of the transfer, Warren County recognized the following assets, liabilities and net position:

Transferred Assets (net)		Carrying Value	
Assets:			
Cash and Cash Equivalents	\$	1,475,683	
Accounts Receivable		41,394	
Non-Depreciable Capital Assets:			
Land		52,890	
Depreciable Capital Assets:			
Sewer Lines		245,150	
Water Treatment Facilities		528,750	
Total Assets	\$	2,343,867	
Liabilities:			
Accounts Payable		16,341	
Long-Term Liabilities Due Within One Year		244,746	
Long-Term Liabilities Due in More Than One Year		890,897	
Total Liabilities	\$	1,151,984	
Net Position:			
Unrestricted		1,191,883	
Total Net Position	\$	1,191,883	

For financial reporting purposes, the Village of Waynesville has reported (and continues to report) on a cash-basis of accounting. In connection with this transfer of operations, Warren County made adjustments to the amounts reported in the Village of Waynesville's external financial records for accounts receivable and accounts payable as well as the carrying values of the capital assets and the notes payable. Accounts receivable and accounts payable were adjusted to reflect accrual-based accounting values. Capital assets were adjusted to represent historical cost (with annual depreciation for depreciable capital assets) and the notes payable were adjusted to represent the balances owed on the notes at the date of transfer. Neither the accounts receivable, accounts payable, capital assets nor the notes were recorded in the Village of Waynesville's previously issued cash-basis financial statements.

# NOTE 4 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

## A. Explanation of certain differences between the governmental fund Balance Sheet and the government-wide Statement of Net Position

The governmental fund Balance Sheet includes reconciliation between fund balance – total governmental funds and net position of governmental funds as reported in the government-wide Statement of Net Position. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

Other long-term assets not available to pay for current-period expenditures:

Shared Revenues	\$8,237,949
Interest Revenue	295,473
Special Assessment Revenue	7,768,496
	\$16,301,918

Long-Term liabilities not reported in the funds:

General Obligation Bonds Payable	\$7,579,162
Special Assessment Bonds Payable	6,508,405
Tax Increment District Revenue Bonds Payable	2,055,000
Loans Payable	2,013,857
Accrued Interest on Long-Term Debt	50,100
Retainable Payable	202,789
Compensated Absences Payable	6,084,257
	\$24,493,570

# NOTE 4 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

## B. <u>Explanation of certain differences between the governmental fund Statement of Revenues</u>, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities

The governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

Amount by which capital outlay exceeded depreciation in the current period:

Capital Assets - Additions Construction in Progress - Deletions Depreciation - Additions	\$7,094,102 (995,620) (5,448,155) \$650,327
Governmental revenues not reported in the funds:	
Increase in Shared Revenue Increase in Interest Revenue Decrease in Special Assessment Revenue Increase in Charges for Services	\$270,759 133,004 (1,293,427) 872 (\$888,792)
Net amount of long-term debt issuance and bond and lease principal payments:	
General Obligation Bond Principal Payments Special Assessment Bond Principal Payments Tax Increment District Revenue Bond Payments Loan Payments	\$1,760,010 964,479 50,000 924,472 \$3,698,961
Expenses not requiring the use of current financial resources:	
Increase In Compensated Absences Payable Increase in Retainage Payable Increase in supplies inventory	(\$359,507) (\$202,789) 355,001

(\$207,295)

## NOTE 5 – FUND BALANCE CLASSIFICATION

Fund balance is classified as nonspendable, restricted, committed, assigned, and unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General	Senior Citizens Service Levy	Board of Developmental Disabilities	Special Assessments	County Road Projects	Other Governmental Funds	Total Governmental Funds
Nonspendable:							
Inventory of Supplies	\$8,908	\$0	\$0	\$0	\$0	\$1,337,831	\$1,346,739
Trust Corpus	0	0	0	0	0	18,902	18,902
Prepaid Items	2,265	0	34,853	0	0	883,698	920,816
Total Nonspendable	11,173	0	34,853	0	0	2,240,431	2,286,457
Restricted:

## NOTE 6 - CASH, CASH EQUIVALENTS AND INVESTMENTS

The County Treasurer combines a majority of cash resources of the individual funds to form a pool of cash and investments. Each fund type's portion of this pool is displayed on the combined Balance Sheet as "Cash, Cash Equivalents and Investments." Investments are reported at fair value, which is based on quoted market prices. Ohio law requires the classification of funds held by the County into two categories.

Active monies are public monies determined to be necessary to meet current demand upon the County treasury. Active monies must be maintained as cash in the County treasury, in commercial accounts payable, withdrawn on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the County identified as not required for use of current expenses. Inactive deposits must either be evidenced by certificates of deposit, savings or deposit accounts including, but not limited to, passbook accounts or bonds.

Ohio law, under Ohio Revised Code Section 135.35, permits inactive monies to be deposited or invested in the following:

- United States Treasury notes, bills, bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association (FNMA), Federal Home Loan Bank (FHLB), Federal Farm Credit Bank (FFCB), Federal Home Loan Mortgage Corporation (FHLMC), Government National Mortgage Association (GNMA), Federal Agricultural Mortgage Corporation (Farmer MAC) and Student Loan Marketing Association (SLMA). All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above, provided that the market value of
  the securities subject to the repurchase agreement must exceed the principal value of the
  agreement by at least two percent and be marked to market daily, and that the term of the
  agreement must not exceed thirty days;
- Bond and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly within the County;
- Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts;
- No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
- The State Treasury Asset Reserve of Ohio (STAR Ohio);

## NOTE 6 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

- Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange either securities described in the first two bullet points on the preceding page or cash or both securities and cash, equal value for equal value;
- High grade commercial paper in an amount not to exceed 25 percent of the County's total average portfolio; and
- Bankers acceptances for a period not to exceed 180 days and in an amount not to exceed 25 percent of the County's total average portfolio.

The County invests in United States Treasury obligations and eligible guaranteed obligations of the United States, the State Treasury Asset Reserve of Ohio (STAR Ohio), certificates of deposit, commercial paper and mutual funds which are invested exclusively in United States obligations. All investments comply with the limitations with respect to length of maturities contained in Chapter 135 of the Ohio Revised Code (The Uniform Depository Act). The maximum maturity of any investment of the County will be five years. The only exception being that the County holds a small portion of its own bonds, having longer maturities authorized by the Ohio Revised Code and with approval of the County's Investment Advisory Board. The County interprets the limit on federal guaranteed investments and all legal investments very conservatively.

At December 31, 2016, the County did not own any derivative type investments, interest only investments, obligations secured by pooled mortgages, commercial paper or reverse repurchase agreements. The County Treasurer has attended special training in all of the investment areas to assure compliance with the strictly conservative philosophy of the County. All investments are transacted with banks the County believes to be reputable or other financial institutions operating in the State of Ohio that are well versed in the statutory restrictions Ohio political subdivisions operate under and also have an understanding of the County investment requirements.

## NOTE 6 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

### A. Deposits

Custodial credit risk is the risk that in the event of bank failure, the government's deposits may not be returned. Warren County's policy as it relates to custodial credit risk is to follow the Ohio Revised Code chapter 135 as well as to practice sound financial management principles focusing on diversification of deposits. Protection of County cash and deposits is provided by the Federal Deposit Insurance Corporation (FDIC) as well as qualified securities pledged by the institution holding the assets. Ohio law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio (except as provided in law for STAR Plus, Certificate of Deposit Account Registry Service accounts and purchased Brokered Certificates of Deposit). Any public depository in which the County places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the FDIC. The securities pledged as collateral are pledged to a pool for each individual financial institution in amounts equal to at least 105% of the carrying value of all public deposits held by each institution. Obligations that may be pledged as collateral are limited to obligations of the United States and its agencies and obligations of any state, county, municipal corporation or other legally constituted authority of any other state, or any instrumentality of such county, municipal corporation or other authority. Collateral is held by trustees including the Federal Reserve Bank and designated third party trustees of the financial institutions.

At year end, the carrying amount of the County's deposits was \$32,215,723 and the bank balance was \$24,506,477. Federal depository insurance covered \$1,823,802 of the bank balance and remaining deposits were collateralized as follows: pledged collateral, held in the County's name by the financial institution's trust department, in the amount of \$8,762,168 and pooled collateral, consisting of securities held by the Federal Reserve Bank in the name of the pledging financial institution or institution's trust department but not in the County's name, in the amount of \$13,920,507. The County had \$518,328 in undeposited cash on hand at December 31, 2016 which is included as Cash and Cash Equivalents on the Balance Sheet.

## NOTE 6 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

## B. <u>Investments</u>

The County's investments are detailed below and are categorized to give an indication of the level of risk assumed as of year-end.

		Average Weighted
	Foir Volvo	Days to
	Fair Value	Maturity
Government Sponsored Enterprise Investments	\$168,613,274	1,102.168
STAR Ohio	7,699,251	0.039
STAR Plus	83,931	0.000
U.S. Government Bonds	281,158	0.001
Treasury Notes	1,242,366	0.702
Ohio Municipal Bonds	387,988	0.002
County Government Bonds	3,523,405	99.618
Brokered Certificates of Deposit	16,296,585	81.722
Total Investments	\$198,127,958	1,284.252

Interest Rate Risk – The Ohio Revised Code generally limits security purchases to those that mature within five years of settlement date. The current County Investment and Depository Policy has been expanded from its previous three year maturity position to a five year maturity position (mirroring the Ohio Revised Code). This new investment tool allows the County the opportunity to "lock in" a portion of its investments at higher rates for a longer period of time, when interest rates are at their peak during an interest rate cycle.

Credit Risk - The County follows the Ohio Revised Code (ORC) which limits the amount of credit risk it's going to allow any county to become involved in. It accomplishes this by compiling a specific list of investments, to the exclusion of all other investments, which counties are legally allowed to participate in. The County further minimizes its credit risk by placing most of its available funds in obligations of the US Government or its Agencies; STAR Ohio, which is comprised mostly of US Government and Agency obligations and is specifically authorized and endorsed by the Ohio State Treasurer; as well as local bank CD's, which are collateralized by US Government and Agency obligations. The County also invests in Money Market Funds that are invested solely in US Treasuries and US Government Agency obligations. Even though Commercial Paper is an ORC authorized investment, because it is associated with higher credit risk, the County has specifically and significantly limited its use in the County's portfolio and at December 31, 2016 did not have any Commercial Paper investments. The County's investments at December 31, 2016 in FFCB, FHLB, FHLMC, FAMCA and FNMA, are rated AA+ by Standard and Poor's. Its investment in STAR Ohio is rated AAAm by Standard and Poor's. Obligations of the US Government are explicitly guaranteed by the US Government and are not considered to have credit risk. The investment in Warren County Special Assessment Bonds is rated Aa1 based upon the County's credit rating.

## NOTE 6 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

## B. **Investments** (Continued)

Concentration of Credit Risk – The County places no limit on the amount the County may invest in one issuer. Of the County's total investments, 7.08% are FFCB, 27.64% are FHLB, 28.58% are FHLMC, 21.80% are FNMA, 3.89% are STAR Ohio, 0.04% are STAR PLUS, 0.13% are US Government Bond Money Market Fund, 0.63% are US Treasury Notes, 0.20% are Municipal Government Bonds, 1.78% are Warren County Special Assessment Bonds, and 8.23% are Brokered Certificates of Deposit.

Cash and cash equivalents in the amount of \$486,735 for the component unit, Production Services Unlimited, Inc. (PSU), are considered active funds for immediate use maintained either as cash or in depository accounts payable or able to be withdrawn on demand. At year end, the carrying amount of PSU deposits was \$486,735 and the bank balance was \$494,005. Federal depository insurance covered \$373,359 of the bank balance and the remaining \$120,646 was collateralized by securities pledged by the institution holding the assets.

Cash and cash equivalents in the amount of \$28,611,863 for the component unit, Transportation Improvement District (TID), are considered active funds for immediate use maintained either as cash or in depository accounts payable or able to be withdrawn on demand. At year end, the bank balance was \$28,834,898. Federal depository insurance covered \$500,000 of the bank balance. The remaining \$28,334,898 was collateralized by securities pledged by the institution holding the assets.

### **NOTE 7- TAXES**

### A. Property Taxes

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the County. Taxes from real property (other than public utility) collected during 2016 were levied after October 1, 2015 on assessed values as of January 1, 2015, the lien date. Assessed values are established by the County Auditor at 35% of appraised market value. All property is required to be revalued sexennially with a triennial update. Real property taxes are payable annually or semi-annually. If paid annually, payment is due February 25; if paid semi-annually, the first payment is due February 25, with the remainder payable by July 15. In certain circumstances, state statute permits earlier or later payment dates to be established.

Public utility tangible personal property taxes collected in one calendar year are levied in the preceding year on assessed values as of January 1 of that preceding year, the lien date. Public utility tangible personal property currently is generally assessed by the Ohio Tax Commissioner at various assessment rates depending on the type of utility & type of property. Public utility property taxes are payable on the same dates as real property taxes described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected with final settlement in April and September for taxes payable in the first and second halves of the year, respectively. The full tax rate of all County operations for the year ended December 31, 2015 was \$7.78 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which the 2016 property tax levy was based totaled \$6,191,008,820 which was comprised of \$5,893,688,730 in real property, and \$297,320,090 in public utility personal property.

Ohio law prohibits taxation of property from all taxing authorities in excess of 10 mills of assessed value without a vote of the people. Under current procedure, the County's un-voted share of the 10 mills is 2.57 mills of assessed value. The County is levying the full 2.57 mills on assessed value.

### **B.** Other Taxes

In addition to property taxes, certain other taxes are recognized as revenue by the County. These taxes include the 1% County levied sales tax, gasoline taxes, property transfer tax, casino tax and miscellaneous other taxes which have various lien, levy and collection dates.

### **NOTE 8 - RECEIVABLES**

Receivables at December 31, 2016, consisted of taxes, interfund, accounts, special assessments, interest, HOME Investment Partnership Program and Community Development Block Grant Program loans and intergovernmental receivables arising from shared revenues. All receivables are considered collectible in full.

## NOTE 9 - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances are expected to be repaid within one year or less. The following balances at December 31, 2016 represent interfund loans receivable and payable:

	Interfund Loans	
	Receivables	Payables
Governmental Funds:		
General Fund	\$137,084	\$0
County Road Projects Fund	0	1,532,779
Other Governmental Funds	1,532,779	370,973
Total Governmental Funds	1,669,863	1,903,752
Proprietary Funds:		
Enterprise Fund:		
Sewer Fund	233,889	0
<b>Total Proprietary Funds</b>	233,889	0
Total Interfund Loans	\$1,903,752	\$1,903,752

The purpose of interfund loans is to allow some funds to operate and pay vendors timely with cash while awaiting anticipated revenue. Loans are often used as a means of short-term financing for assessment projects and as a way to cash flow funds that are specifically for reimbursable grants.

## NOTE 9 - INTERFUND RECEIVABLES AND PAYABLES (Continued)

The following balances at December 31, 2016, represent interfund receivables and payables:

	Interfund	
	Due From Due To	
	Other Funds	Other Funds
Governmental Funds:		
General Fund	\$25,516	\$349,198
Board of Developmental Disabilities Fund	0	89,489
Other Governmental Funds	197,612	300,955
Total Governmental Funds	223,128	739,642
Proprietary Funds:		
Enterprise Funds:		
Water Fund	0	35,853
Sewer Fund	4,016	29,657
Sheriff	0	21,853
Other Proprietary Funds	2,361	315
Total Enterprise Funds	6,377	87,678
Internal Service Funds	598,026	211
Total Interfund Receivables and Payables	\$827,531	\$827,531

The purpose of interfund receivables and payables is to account for amounts due between different funds for billings such as postage, telephone, vehicle maintenance, gasoline, drug testing, workers compensation charge-backs and unemployment charge-backs.

## **NOTE 10 - TRANSFERS**

The following balances at December 31, 2016 represent transfers in and transfers out:

Fund	Transfer In	Transfer Out
Governmental Funds:		
General Fund	\$383	\$18,936,970
Special Assessment Fund	0	40,681
County Road Projects Fund	952,513	0
Other Governmental Funds	19,050,664	1,065,229
Total Governmental Transfers	20,003,560	20,042,880
Proprietary Funds:		
Water Fund	6,426	
Sewer Fund	32,894	0
Total Proprietary Transfers	39,320	0
Total Transfers	\$20,042,880	\$20,042,880

The principal purpose for interfund transfers is to provide additional funding for current operations of certain Special Revenue funds, to segregate money for construction of capital assets and to pay government obligation debt.

## NOTE 11 - CAPITAL ASSETS

## A. Governmental Activities Capital Assets

Summary by category at December 31, 2016:

### Historical Cost:

	December 31,			December 31,
Class	2015	Additions	Deletions	2016
Non-Depreciable Capital Assets:				
Land	\$12,176,790	\$367,225	\$0	\$12,544,015
Construction in Progress	6,098,393	2,732,217	(995,620)	7,834,990
Total Non-Depreciable Capital Assets	18,275,183	3,099,442	(995,620)	20,379,005
Depreciable Capital Assets:				
Land Improvements	600,384	285,125	0	885,509

Net Value:	\$200,418,226			\$196,936,048

## Construction in Progress:

Construction in progress in the enterprise funds for costs incurred as of December 31, 2016 total \$2,144,585. This amount is comprised of the following projects:

Otterbein/Zoar Tower Coating	\$967,785
Wayne-Massie Sewer Improvements 2012	791,583
Various Other Water Projects	385,217
Total Construction in Progress	\$2,144,585

The Water and Sewer Department strives to stay ahead of the demands for water and sewer services in Warren County. Over the past seven years, the Water and Sewer Department took advantage of the downward trend in new construction/development by completing much needed upgrades and expansions to some aging facilities. The following projects are in the various stages of construction:

### **NOTE 11 - CAPITAL ASSETS** (Continued)

### **B.** Business-Type Activities Capital Assets (Continued)

Otterbein and Zoar Elevated Tower Coating Project – This project includes the administering of a protective coating application for two elevated storage tanks. The tanks are composite tanks consisting of concrete pedestals and steel bowls with capacities of 1.0 million gallons and 1.5 million gallons. This coating is projected to add 30 years to the life of the storage tanks. Project costs are estimated to be around \$1 million.

<u>Wayne-Massie Sewer District System Improvements</u> – This project will include the renovation of three sanitary lift stations and installation of forcemain and gravity sewer lines. Project costs are estimated at \$1.3 million.

<u>Various Other Water & Sewer Projects</u> –The County is also relocating the water and sewer main located at Columbia & Western Row Roads due to a roadway improvement project. The Staley-Green Apple Road Waterline Interconnect Project will provide a connection with Montgomery County from Staley Road to a connection point on Green Apple Road. This will provide a secondary source of water for our Pennyroyal customers in case of emergency. The St Rt 73 Water Main Extension Project includes 2600 feet of water main allowing for an interconnect with Western Water. This will allow for a secondary water source for our Harveysburg customers in case of emergency. These projects will be funded using Water and Sewer Department funds.

### **NOTE 12 - DEFINED BENEFIT PENSION PLANS**

### **Net Pension Liability/Asset**

The net pension liability/asset reported on the Statement of Net Position represents a liability or an asset to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability/asset represents the County's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the County's obligation for this liability/asset to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension.

## **NOTE 12 - DEFINED BENEFIT PENSION PLANS** (Continued)

## Net Pension Liability/Asset (Continued)

GASB 68 assumes the liability/asset is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability/asset. Resulting adjustments to the net pension liability/asset would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* or *net pension asset* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

## Plan Description - Ohio Public Employees Retirement System ("OPERS")

Plan Description – Substantially all County employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan and the Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. County employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Plan and Combined Plan. Members of the Member-Directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <a href="https://www.opers.org/financial/reports.shtml">https://www.opers.org/financial/reports.shtml</a>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

## **NOTE 12 - DEFINED BENEFIT PENSION PLANS** (Continued)

## Plan Description - Ohio Public Employees Retirement System ("OPERS") (Continued)

#### Group A Group B Group C Eligible to retire prior to 20 years of service credit prior to Members not in other Groups January 7, 2013 or five years January 7, 2013 or eligible to retire and members hired on or after after January 7, 2013 ten years after January 7, 2013 January 7, 2013 State and Local State and Local State and Local Age and Service Requirements: Age and Service Requirements: Age and Service Requirements: Age 60 with 60 months of service credit Age 60 with 60 months of service credit Age 57 with 25 years of service credit or Age 55 with 25 years of service credit or Age 62 with 5 years of service credit or Age 55 with 25 years of service credit 2.2% of FAS multiplied by years of 2.2% of FAS multiplied by years of 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% service for the first 30 years and 2.5% service for the first 35 years and 2.5% for service years in excess of 30 for service years in excess of 30 for service years in excess of 35 Law Enforcement Law Enforcement Law Enforcement Age and Service Requirements: Age and Service Requirements: Age and Service Requirements: Age 52 with 15 years of service credit Age 48 with 25 years of service credit Age 48 with 25 years of service credit or Age 52 with 15 years of service credit or Age 56 with 15 years of service credit

FAS represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's FAS for the first 30 years of service. A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS for the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions. Members retiring under the Combined Plan receive a 3% COLA adjustment on the defined benefit portion of their benefit.

## **NOTE 12 - DEFINED BENEFIT PENSION PLANS** (Continued)

## Plan Description - Ohio Public Employees Retirement System ("OPERS") (Continued)

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined Plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-Directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. At retirement, members may select one of several distribution options for payment of the vested balance of their individual OPERS accounts. Options include the purchase of a monthly defined benefit annuity from OPERS (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options. For additional information, see the Plan Statement in the OPERS CAFR.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State and	Law
	Local	Enforcement
2016 Statutory Maximum Contribution Rates		
Employer	14.0%	18.1%
Employee	10.0%	**
2016 Actual Contribution Rates		
Employer:		
Pension	12.0%	16.1%
Post-employment Health Care Benefits	2.0%	2.0%
Total Employer	14.0%	18.1%
Employee	10.0%	13.0%
• •	10.0%	

<sup>\*\*</sup> This rate is also determined by OPERS' Board, but is limited by ORC to not more than 2 percent greater than the Public Safety rate.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution was \$7,579,860 for 2016. Of this amount, \$181,732 is reported as an intergovernmental payable.

## **NOTE 12 - DEFINED BENEFIT PENSION PLANS** (Continued)

## <u>Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred</u> Inflows of Resources Related to Pensions

The net pension liability/asset for OPERS was measured as of December 31, 2015, and the total pension liability/asset used to calculate the net pension liability/asset was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability/asset was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	OPERS			
	Member-			
	Traditional	Combined	Directed	
	Pension Plan	Plan	Plan	Total
Proportionate Share of the Net				
Pension Liability/(Asset)	\$81,516,912	(\$213,211)	(\$1,803)	\$81,301,898
Proportion of the Net Pension				
Liability/(Asset)	0.470618%	0.438146%	0.471660%	
Pension Expense	\$11,442,872	\$111,539	\$96,222	\$11,650,633

At December 31, 2016, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	OPERS			
	Traditional		Member-	
	Pension	Combined	Directed	
	Plan	Plan	Plan	Total
<b>Deferred Outflows of Resources</b>				
Differences between expected and				
actual experience	\$0	\$0	\$12,476	\$12,476
Net difference between projected and				
actual earnings on pension plan investments	23,960,879	92,056	2,884	24,055,819
Changes in proportion	0	0	32	32
County contributions subsequent to the				
measurement date	7,071,466	192,035	316,359	7,579,860
Total Deferred Outflows of Resources	\$31,032,345	\$284,091	\$331,751	\$31,648,187
<b>Deferred Inflows of Resources</b>				
Differences between expected and				
actual experience	\$1,575,065	\$97,291	\$0	\$1,672,356
Changes in proportion	23,777	7,418	0	31,195
Total Deferred Inflows of Resources	\$1,598,842	\$104,709	\$0	\$1,703,551

\$7,579,860 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability/asset in the year ending December 31, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

### NOTE 12 - DEFINED BENEFIT PENSION PLANS (Continued)

# <u>Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u> (Continued)

	OPERS		
	Traditional Pension Plan Net Deferred Outflows of Resources	Combined Plan Net Deferred Inflows/(Outflows) of Resources	Member- Directed Plan Net Deferred Outflows of Resources
Year Ending December 31:			
2017	(\$5,240,477)	(\$11,358)	(\$2,292)
2018	(5,623,609)	(11,358)	(2,292)
2019	(6,099,378)	(11,358)	(2,292)
2020	(5,422,350)	(8,784)	(2,179)
2021	0	12,299	(1,543)
Thereafter	0	35,794	(4,762)
Total	(\$22,385,814)	\$5,235	(\$15,360)

### **Actuarial Assumptions – OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

#### **NOTE 12 - DEFINED BENEFIT PENSION PLANS** (Continued)

#### <u>Actuarial Assumptions – OPERS</u> (Continued)

Actuarial Information	Traditional Pension Plan	Combined Plan	Member-Directed Plan
Wage Inflation	3.75%	3.75%	3.75%
Projected Salary Increases	4.25% - 10.05% (includes wage inflation at 3.75%)	4.25% - 8.05% (includes wage inflation at 3.75%)	4.25% - 8.05% (includes wage inflation at 3.75%)
COLA	Pre 1/7/2013 Retirees: 3.00% Simple Post 1/7/2013 Retirees: 3.00% Simple through 2018, then 2.80% Simple	Pre 1/7/2013 Retirees: 3.00% Simple Post 1/7/13 Retirees: 3.00% Simple through 2018, then 2.80% Simple	Pre 1/7/2013 Retirees: 3.00% Simple Post 1/7/13 Retirees: 3.00% Simple through 2018, then 2.80% Simple
Investment Rate of Return	8.00%	8.00%	8.00%
Actuarial Cost Method	Individual Entry Age	Individual Entry Age	Individual Entry Age

Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males, 120 percent of the disabled male mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2010.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is 0.4 percent for 2015.

#### **NOTE 12 - DEFINED BENEFIT PENSION PLANS** (Continued)

#### <u>Actuarial Assumptions – OPERS</u> (Continued)

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2015 and the long-term expected real rates of return:

		Weighted Average Long-Term Expected
	Target	Real Rate of Return
Asset Class	Allocation	(Arithmetic)
Fixed Income	23.00%	2.31%
Domestic Equities	20.70%	5.84%
Real Estate	10.00%	4.25%
Private Equity	10.00%	9.25%
International Equities	18.30%	7.40%
Other investments	18.00%	4.59%
Total	100.00%	5.27%

**Discount Rate** The discount rate used to measure the total pension liability was 8 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability/Asset to Changes in the Discount Rate The following table presents the County's proportionate share of the net pension liability/asset calculated using the current period discount rate assumption of 8 percent, as well as what the County's proportionate share of the net pension liability/asset would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

	Current				
	1% Decrease	Discount Rate	1% Increase		
	(7.00%)	(8.00%)	(9.00%)		
County's proportionate share					
of the net pension liability/(asset):					
Traditional Pension Plan	\$129,876,357	\$81,515,686	\$40,727,253		
Combined Plan	(\$4,381)	(\$214,692)	(\$381,187)		
Member-Directed Plan	\$4,717	\$0	(\$4,717)		

#### **NOTE 12 - DEFINED BENEFIT PENSION PLANS** (Continued)

<u>Actuarial Assumptions – OPERS (Continued)</u>

#### Changes Between Measurement Date and Report Date

In October 2016, the OPERS Board adopted certain assumption changes which will impact their annual actuarial valuation prepared as of December 31, 2016. The most significant change is a reduction in the discount rate from 8.0 percent to 7.5 percent. Although the exact amount of these changes is not known, the impact to the County's net pension liability is expected to be significant.

#### **NOTE 13 – POSTEMPLOYMENT BENEFITS**

#### **Ohio Public Employees Retirement System**

#### A. Plan Description

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan—a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan—a defined contribution plan; and the Combined Plan—a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

In March 2016, OPERS received two favorable rulings from the Internal Revenue Service (IRS) allowing OPERS to consolidate all health care assets into the OPERS 115 Health Care Trust. Transition to the new health care trust structure was completed July 1, 2016. As of December 31, 2016, OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage, and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including OPERS sponsored health care coverage. OPERS funds a Retiree Medial Account (RMA) for participants in the Member-Directed Plan. At retirement or refund, participants can be reimbursed for qualified medical expenses from their vested RMA balance.

In order to qualify for health care coverage, age-and-service retirees under the Traditional Pension and Combined plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. Please see the Plan Statement in the OPERS 2015 CAFR for details.

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

#### **NOTE 13 – POSTEMPLOYMENT BENEFITS** (Continued)

#### Ohio Public Employees Retirement System (Continued)

#### A. Plan Description (Continued)

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <a href="https://www.opers.org/financial/reports.shtml#CAFR">https://www.opers.org/financial/reports.shtml#CAFR</a>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

#### **B.** Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2016, State and Local employers contributed at a rate of 14.0% of earnable salary and Public Safety and Law Enforcement employers contributed at 18.1%. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 2.0% during calendar year 2016. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2017 decreased to 1.0% for both plans. The Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited to the RMA for participants in the Member-Directed Plan for 2016 was 4.0%.

#### C. County Contributions

The County's actual contributions that were used to fund postemployment benefits were approximately \$1,292,411, \$1,198,139, and \$1,179,162 for 2016, 2015 and 2014, respectively. The full amount has been contributed for 2016, 2015 and 2014.

#### **NOTE 14 - COMPENSATED ABSENCES**

The costs of vacation and sick leave benefits are recorded as they are earned. Employees earn vacation leave at varying rates based upon length of service. Sick leave is accumulated at a rate of four and six tenths hours per eighty hours of bi-weekly service and pro-rated for hours less than eighty. Sick leave is cumulative without limit.

#### **NOTE 14 – COMPENSATED ABSENCES** (Continued)

At December 31, 2016, the County's accumulated, unpaid compensated absences amounted to \$7,235,197. Of this amount, \$6,207,295 is recorded as Governmental Activities on the government-wide Statement of Net Position (\$392,678 is reported as due within one year), and \$1,027,901 is recorded as Business-type Activities (\$64,515 is reported as due within one year).

At December 31, 2016, the liability recorded as Governmental Activities within the Statement of Net Position representing unpaid vacation time, sick leave and compensatory time was as follows:

			Amount Due Within One
	Hours	Balance	Year
Vacation Time	139,238	\$3,628,447	\$254,425
Sick Time	86,225	2,343,770	138,253
Compensatory			
Time	9,557	235,078	0
Total	235,020	\$6,207,295	\$392,678

#### **NOTE 15 – NOTES PAYABLE**

The County has pledged its full faith and credit as collateral for the general obligation notes. In 2016, the County paid off the \$800,000 Tax Increment Revenue Note issued in 2013 for public infrastructure improvements related to the Tax Increment Financing (TIF) Program in place for Miami Valley Gaming & Racing, LLC. In addition, the County paid off a \$1,300,000 Road Improvement Bond Anticipation Note (BAN) and issued another \$600,000 to be used for road improvements. The County also paid off a \$3,200,000 Racino TIF Roadway BAN and issued another \$2,580,000 that will be used for road improvements related to the Miami Valley Gaming TIF. Ohio law permits the issuance and renewal of bond anticipation notes such that the notes may remain outstanding for twenty years consecutively before such notes must be retired either from available funds of the County or from the proceeds of bonds issued to redeem the anticipation notes. If such notes and renewal of such notes remain outstanding for a period in excess of five years, any such period in excess of five years must be deducted from the permitted maximum maturity of the bonds anticipated. Furthermore, a certain portion of the principal amount of such notes must be retired in the amounts and at the times that would have been required for the payment of principal maturities on the bonds anticipated as if the bonds had been issued at the expiration of the initial five-year period.

#### **NOTE 15 – NOTES PAYABLE** (Continued)

	Balance December 31, 2015	Issued	(Retired)	Balance December 31, 2016
Primary Government General Obligation Notes:				
1.00% Tax Increment Revenue Note Series 2013	\$800,000	\$0	\$800,000	\$0
1.125% Series 2015 Road Improvement BAN	1,300,000	0	1,300,000	0
1.125% Series 2015 Racino TIF Roadway Improvement BAN	3,200,000	0	3,200,000	0
1.75% Series 2016 Road Improvement BAN	0	600,000	0	600,000

Total Notes Payable	\$5,300,000	\$3,180,000	\$5,300,000	\$3,180,000

#### NOTE 16 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS

General obligation bonds are secured by the County's ability to levy a voted or unvoted property tax within limitations of Ohio law.

The 2013 Radio System Acquisition Bonds were issued to finance the acquisition of a radio system to assist the police and fire departments throughout Warren County.

In 1994 a State 166 Loan was issued in lieu of additional TIF bonds to assist with infrastructure costs in conjunction with the building of the Procter & Gamble Health Care Research Center. The State 166 Loan accrued interest monthly from March of 1994 through February of 2008. The annual accrued interest amount was added to State 166 Loan Payable. The first payments on the State 166 Loan debt began in March of 2008 and will continue through 2018.

The 2005 Tax Increment Financing (TIF) Refunding Bond was issued as a general obligation bond. The TIF was originally issued to finance water system improvements in the county, including expanding the Deerfield-Hamilton Water Treatment Plant and to expand and upgrade the Lower Little Miami Wastewater Treatment Plant.

The 2010 Road and Interchange Bonds were issued to finance the costs of the design and engineering of modifications to the I-71 and Fields-Ertel Road/Mason-Montgomery Road interchange and the I-71 and Western Row Road interchange.

The State 166 Loan, 2005 TIF Bond and the 2010 Road and Interchange Bonds are being retired from the debt service fund utilizing payments in lieu of taxes received from Proctor and Gamble. A service agreement with Proctor and Gamble provides for minimum annual payments sufficient to satisfy the debt service requirements on these three issues.

Special Assessment Bonds are financed by property tax assessments to affected property owners. However, the County is ultimately responsible for the debt service if the assessments are not collected.

Delinquent special assessments related to outstanding special assessment bonded debt at year-end was \$15,502.

#### NOTE 16 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

The principal amount of the County's special assessment debt outstanding at December 31, 2016 of \$6,508,405 is general obligation debt (backed by the full faith and credit of the County). This debt is being retired with the proceeds from special assessments levied against benefited property owners. The County is obligated to repay the debt irrespective of the amount of special assessments collected from property owners. The fund balance of \$405,783 in the Special Assessment Debt Service Fund at December 31, 2016 is reserved for the retirement of outstanding special assessment bonds.

The 2009 Tax Increment District Revenue Bonds were issued to finance the Greens of Bunnell Hill Project. The project involved the purchase of certain streets consisting of a portion of Sandlewood Street, a portion of Scotch Pine Drive, Black Walnut Drive, Ponderosa Court, Juniper Court and Boxwood Court and to reimburse both the County Engineer and Clearcreek Township for the cost of public improvement expenditures made to the site. The Bonds are secured by and payable solely from the revenues generated from the service payments in lieu of taxes generated pursuant to section 5709.77 of the Ohio Revised Code.

The 2015 Ohio Public Works Commission (OPWC) interest-free loan was used to cover costs incurred for various County Road Repairs and Resurfacing projects. The loan amount was \$1,000,000. The loan will be retired from the debt service funds by semi-annual payments that began in 2016 and will continue through 2026. Funding to retire these loans is provided by revenues of the Motor Vehicle and Gasoline Tax Fund.

The 2012 OPWC interest-free loans were used to cover costs incurred for the repairs on the Township Road North Project (\$165,957) and Township Road East Project (\$88,357). The loans will be retired from the debt service funds by semi-annual payments that began in 2012 and will continue through 2032. Funding to retire these loans is provided by revenues of the Motor Vehicle and Gasoline Tax Fund.

In 2005, the Water Department entered into a reimbursing loan agreement with the Ohio Water Development Authority (OWDA) for the expansion of the Deerfield Hamilton Water Supply and Treatment Plant. The loan amount was \$5,000,138 and carries a 2% interest rate. The semi-annual loan payments began in 2010 and will continue through the end of 2029.

In 2010, the Sewer Department secured a twenty (20) year loan with a maximum borrowing of \$15,174,531 at 3.11% interest rate from the Water Pollution Control Loan Fund (WPCLF). The agreement for the loan was entered into with the Ohio Water Development Authority and the Environmental Protection Agency to assist in building the Lower Little Miami Waste Water Treatment Plant Improvements completed in 2013. Payments on the loan began July 1, 2012 and will continue through 2029. The last draw on this loan was in 2012 and the amount borrowed was \$11,990,222, which included \$174,497 in capitalized interest. During 2016, the interest rate on this loan decreased to 3%.

#### NOTE 16 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

In 2016, under an intergovernmental agreement between the Village of Waynesville and Warren County, the Village of Waynesville agreed to combine its sewer services with Warren County for the purpose of enhancing the provision of those services to the Village of Waynesville's sewer customers. On January 1, 2016, the Village of Waynesville transferred the assets and liabilities comprising its sewer operations to Warren County, which included an OPWC Loan and OWDA Loan. The OPWC Loan amount was \$433,600, originated in 2000, and was for wastewater treatment plant improvements. The OWDA Loan amount was \$3,575,670, originated in 2001, and was for wastewater treatment plant improvements also. The OWDA Loan will be paid off in July 2020 while the OPWC Loan will be paid off in December 2019.

The OWDA loans and Waynesville loans will be retired from the revenues generated by the Water and Sewer funds.

Under the Uniform Bond Act of the Ohio Revised Code, the County has the capacity to issue \$54.3 million of additional, unvoted general obligation debt.

#### NOTE 16 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

#### **C.** Conduit Debt Obligations

In order to provide financial assistance to private sector entities for the acquisition and construction of commercial and industrial facilities deemed to be in the public interest, the County has, from time to time, issued conduit debt. This debt is secured by the property financed and is payable solely from payments received on the underlying mortgage loans. Ownership of the acquired facilities transfers to the private sector entity served by the bond issuance upon repayment of the bonds. The County, the State, nor any other political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the conduit debt is not reported as liabilities in the accompanying financial statements.

As of December 31, 2016 there were five series of conduit debt outstanding with a total principal debt of \$121,091,555. Otterbein Health Care Facilities Improvement Series B 2013 was retired in 2016 by the new issue of Otterbein Health Care Facilities Refunding Revenue Bond Series A 2016.

#### NOTE 17 - CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

As of December 31, 2016, the County had the following significant construction projects that will be financed through, Water Surplus Revenues, Warren County Commissioners, County Road Projects Fund, and Various State Grants:

	Remaining	Expected
	Construction	Date of
Projects	Commitment	Completion
CAD Up grade	\$1,703,268	2017
Fields Ertel & Columbia Road	1,053,694	2017
Wayne Massie Sewer Improvement	838,803	2017
UHF Simulcast Paging System	235,472	2017
Total	\$3,831,237	

#### **NOTE 18 - RELATED PARTY TRANSACTION**

Warren County provided salaries for administration, supervision, and facilities to Production Services Unlimited, Inc. (PSU), a discretely presented component unit of Warren County. PSU reported \$371,070 for these contributions, recording revenue and expenses at cost or fair market value, as applicable.

#### **NOTE 19 - CONTINGENCIES**

The County is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The County's management is of the opinion that the ultimate disposition of the various claims and legal proceedings will not have a material, adverse effect on the County's financial position.

The County participates in a number of Federal and State assisted grant programs. The significant programs are Child Support Enforcement Federal Formula Grant, Title XIX Medical Assistance, Title XX Block Grants, Food Assistance, Workforce Investment Act Grants, Title IV-E Foster Care, Community Development Block Grants, Temporary Assistance for Needy Families, and Adoption Assistance Grants. These programs are subject to financial and compliance audits by grantors or representatives. The County believes that disallowed claims, if any, will not have a material adverse effect on the County's financial position.

#### **NOTE 20 - RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters.

The County Risk Sharing Authority, Inc. (CORSA) is a risk sharing pool made up of sixty-three counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the various specified insurance coverage provided by CORSA. This coverage includes comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Corporation are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees. CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of certificates. The County does not have an equity interest in CORSA.

Insurance coverage stayed the same as coverage in the prior year with the CORSA deductible of \$100,000 per occurrence. Settled claims during the last ten years have not exceeded commercial insurance coverage.

The County has a group health insurance program that is offered to County employees and their eligible dependents with the exception of employees of The Board of Developmental Disabilities. Premiums are paid into an internal service fund by all funds having compensated employees, based upon an analysis of historical claims experience, the desired fund balance and the number of active participating employees.

#### **NOTE 20 - RISK MANAGEMENT** (Continued)

The monies paid into the Health Insurance Fund (internal service fund) are available to pay claims and administrative costs. The plan is administered by a third party administrator, United Health Care, who monitors all claim payments. Excess loss coverage, carried through United Health Care, becomes effective after \$200,000 per year per specific claim.

As of January 1, 2015, the Board of Developmental Disabilities (BDD) fund is no longer self insured. All health insurance costs in 2016 were paid from policies that were purchased.

The total claims liability of \$662,316, reported (at face value) within the Health Insurance Fund (internal service) at December 31, 2016 is based on the requirements of Governmental Accounting Standards Board Statement No. 10 which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The fund is reported within the governmental activities on the government-wide statements.

Changes in the fund's claims liability amount in 2016 were:

	Balance at	Current Year	Claim	Balance at
	December 31,			December 31,
<u>-</u>	2015	Claims	Payments	2016
County:				
2015	\$837,571	\$6,987,995	(\$7,305,058)	\$520,508
2016	\$520,508	\$8,157,295	(\$8,015,487)	\$662,316

#### **NOTE 21 – INTERGOVERNMENTAL AGREEMENT**

The Warren County Board of Commissioners and the Warren County Engineer entered into an intergovernmental agreement with the Warren County Transportation Improvement District (TID). The County has agreed to provide the TID with the annual available Procter & Gamble TIF revenues from the Engineer's County Road Projects Fund until the TIF's expiration in 2022. Such available revenues are estimated to have a future value of approximately \$21 million at December 31, 2016.

The Warren County Board of Commissioners and the Warren County Port Authority entered into a development agreement with Miami Valley Gaming & Racing, LLC (the developer) and Warren General Property Co., LLC. The County has agreed to provide the developer, to the extent available, a portion of the service payments from the Miami Valley Gaming TIF revenues from the Engineer's County Road Projects Fund until the TIF's expiration in 2024. Such available revenues are estimated to have a future value of approximately \$7.3 million at December 31, 2016.

#### **NOTE 22 - JOINT VENTURE**

#### Warren/Clinton Counties Recovery Services Board

Warren County is a member of Mental Health Recovery Services of Warren and Clinton Counties (MHRS), a joint venture between the two county entities and is the local Alcohol, Drug Addiction, and Mental Health Services (ADAMHS) Board as defined by the Ohio Revised Code. The mission of MHRS is to share hope and caring to achieve recovery from mental illness, alcoholism, and drug addiction.

MHRS is governed by a 14 member board whereby 6 members are appointed by Ohio Department of Mental Health and Addiction Services (Ohio MHAS) and the remaining 8 are appointed by the Warren County Commissioners and the Clinton County Commissioners. MHRS's main sources of revenue are grants, allocations from OhioMHAS, and a property tax levy in both counties.

MHRS contracts with independent, nonprofit agencies to provide services and programs. The Warren County Auditor and Treasurer maintain MHRS's financial records. Financial statements and the Single Audit Report are on file and can be obtained by writing to the Warren County Auditor's Office, 406 Justice Drive, Lebanon, Ohio 45036. Pursuant to Section 340.016 of the Ohio Revised Code, any withdrawing county would be required to submit a comprehensive plan that provides for the equitable adjustment and division of debts and obligations of the Joint County District to the State Director of Mental Health.

A summary of the unaudited cash basis financial information for the year ended December 31, 2016 is presented below:

Warren/Clinton Counties									
	Recov	very Services							
Assets	\$11,959,959	Revenues	\$11,337,943						
Fund Equity	\$11,959,959	Expenses	\$11,380,991						
		Net Income/(Loss)	(\$43,048)						

#### NOTE 23 – JOINTLY GOVERNED ORGANIZATION

#### **Southwest Ohio Regional Council of Governments**

The Southwestern Ohio Regional Council of Governments was created by the Board of Development Disabilities of Butler, Hamilton, Clermont, and Warren Counties. The Council originally consisted of four members representing each of the four counties. In May of 2015, Greene County became a member of the organization. Other County Boards of Development Disabilities may petition for membership to the Council; however, membership must be approved by a two-thirds vote of the Council members. Clinton County and Montgomery County Boards of Developmental Disabilities purchase services from the COG, but are not member counties at this time. The role of the Council is to coordinate the powers and duties of the member boards to better serve and benefit persons with developmental disabilities within the member counties. The Council serves as its own taxing and debt issuance authority and is a jointly governed organization. During 2016, the County contributed \$35,000 towards the operation of the Southwestern Ohio Regional Council of Governments.

# NOTE 24 – SIGNIFICANT ENCUMBRANCES

At December 31, 2016, the County had the following significant encumbrances outstanding:

Fund	gnificant umbrances	Explanation
General Fund	\$ 2,000,000	County Fairgrounds Redevelopment
	150,718	New Data Center
	177,097	Inmate Services
Board of Developmental	97,500	Community Assistance Housing Program
Disabilities Fund	93,744	Purchased Services from Production Services Unlimited
	63,411	Admin Fees
	2,000	Health/Life Insurance
Other Governmental Funds	151,166	Bulk Salt
	225,000	Local Gov't CVT Project Reimbursements
	170,874	Loss Reserves/Workers Comp
	1,560,650	Sexennial Property Value Reappraisal
	176,933	WIOA Youth Service Contract
	104,673	Transit Services
Business Type Funds	124,451	Utilities
	85,303	Spare Pumps

#### **NOTE 25 – TAX ABATEMENTS**

The County uses Enterprise Zone Agreements (ORC 5079) with local businesses to provide real and personal property tax exemptions to encourage development of real property and the acquisition of personal property within the County. Such agreements can provide tax exemptions for a portion of the value of new real and personal property investment (when that personal property is still taxable) when the investment is made in conjunction with a project that includes job creation. The County currently has one such agreement with Mane, Inc. Under this agreement, Mane, Inc. receives a 75% real property tax abatement until December 31, 2022.

For the fiscal year ended December 31, 2016, the County abated \$28,034 of taxes under this program. There are no provisions to recapture taxes; however, the abatement may be eliminated if taxes are not paid timely or tax reports and returns are not filed.

In addition to this Enterprise Zone Agreement, the County received reduced real property tax revenues because of Community Reinvestment Areas (CRAs) Agreements granted by various cities and villages within the County. CRAs encourage property owners to renovate existing or construct new buildings by providing tax exemptions.

For the fiscal year ended December 31, 2016, the County's real property tax revenues were reduced as follows by these programs:

Name of Government that	Amount of tax revenue
entered into the CRA	reduction to Warren County
Village of Carlisle	\$8,444
City of Franklin	17,294
City of Lebanon	36,632
City of Mason	370,754
City of Monroe	181,109
City of Springboro	52,129
Village of Harveysburg	4,150
Village of South Lebanon	29,999
	\$700,511

# Combining and Individual $F_{\mathit{UND}}$ $S_{\mathit{TATEMENTS}} \ \mathit{AND} \ S_{\mathit{CHEDULES}}$

The following combining statements and schedules include the Major and Nonmajor Governmental Funds, Nonmajor Enterprise Funds, Internal Service Funds and Fiduciary Funds.

#### Nonmajor Governmental Funds

#### Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than amounts relating to major capital projects) that are legally restricted to expenditures for specified purposes.

#### **Motor Vehicle and Gasoline Tax Fund**

To account for monies received by the County for state gasoline tax and vehicle registration fees used for County road and bridge repair and improvements programs. Expenditures for township road and bridge work are reimbursed by the townships.

#### **Human Services Fund**

To account for various Federal and State grants and reimbursements as well as transfers from the General Fund used for human services programs.

#### **Dog and Kennel Fund**

This fund is used to account for fees collected for defraying the cost of administering the registration program, for compensation of the county dog wardens, deputy pound keepers and staff and for the payments of animal claims.

#### **Permissive Tax Fund**

To account for municipal motor vehicle permissive tax revenues from the State used for County road and bridge repair and improvement programs.

#### **Real Estate Assessment Fund**

To account for State mandated County-wide tax assessing expenses that are funded by charges to the political subdivisions located within the County.

#### **Children's Services Board Fund**

To account for various Federal and State grants and reimbursements used for County child care and adoption programs.

#### **Youth Services Subsidy Fund**

To account for revenues from the State for the purpose of maintaining a restitution program for juvenile offenders administered by the juvenile court.

# **Delinquent Real Estate Tax and Assessment Fund**

This fund accounts for five percent (5%) of all certified delinquent taxes and assessments collected by the County Treasurer. These funds are used for the collection of delinquent property taxes and assessments and are appropriated one half to the County Treasurer and one half to the County Prosecuting Attorney.

#### Special Revenue Funds

#### Warren County Solid Waste District Fund

To account for assessed disposal fees from a privately owned and operated landfill and to implement reduction, reuse and recycling techniques.

#### **Workforce Investment Act Fund**

To account for grants from the Federal Government for employment and training needs of area job seekers.

#### **Pass Through Grants Fund**

To account for Federal or State grants that are passed through Warren County to other grant sub-recipients. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

#### **Child Support Enforcement Fund**

To account for revenues from 2% poundage fees, fines, Federal and State grants and other similar revenue sources, and to account for legally restricted expenditures used for the collection and protection of support payments made and owed to parents and children.

#### **Emergency Management Fund**

To account for Federal and State funds used to assist the County, local government and the public in preparedness and recovery during emergency or disaster situations.

#### **Community Development Fund**

To account for Federal and State grants and expenditures as prescribed under the Community Development Block Grant Program.

#### **Court Computerization Fund**

To account for additional fees which could be charged by the different courts for computerization of the court and the office of the clerk of each court.

#### **Courts Special Projects Fund**

To account for revenues from fines and costs pursuant to section 1907.24(B)(1) of the Ohio Revised Code to be used for special projects of the County Court and Common Pleas Court for more efficient operation.

#### **County Transit Fund**

To account for Federal and State grant proceeds used for capital and operating expenditures of the County's transit system.

#### Special Revenue Funds

# **Other Special Revenue Fund**

To account for revenues from: fees, taxes, fines, Federal and State grants, licenses and other similar revenue sources, and to account for legally restricted expenditures for specific purposes. The following funds, when compared to combined Special Revenue Fund totals, comprise less than 10% in each of the categories of assets, liabilities, revenues and expenditures:

**Law Library Resources Fund Veteran's Memorial Fund Indigent Driver Interlock and Monitoring Fund Probation Supervision Fund Common Pleas Mental Health Grant Fund Domestic Shelter Fund Crime Victim Grant Fund WC Technology Crimes Unit County Court Probation Department Fund Donations Fund Municipal Victim Witness Fund Job Training Partnership Act Fund Community Corrections Fund Sheriff Grants Fund Indigent Guardianship Fund Indigent Driver Fund Drug Law Enforcement Fund Law Enforcement Fund Cognitive Intervention Program Fund \* Hazardous Materials Emergency Fund Tactical Response Unit Fund Enforcement and Education Fund Rehabilitation Grants Fund Recorder Technology Fund BOE Technology Fund Workforce Investment Board** 

#### **Debt Service Funds**

Debt Service Funds are used to account for retirement of the County's general obligation and special assessment bonds

# **Tax Increment Financing Fund**

To account for revenue received from payments in lieu of taxes from Proctor and Gamble collected during annual tax billings, which provide the source of financing for long-term debt incurred for water and sewer line construction.

<sup>\*</sup>Name changed from Treatment Alternative to Street Crime (TASC) Grant Fund. Although the purpose of the fund remains the same, it is no longer funded by the TASC grant.

#### **Debt Service Funds**

#### State Ohio Public Works Commission (OPWC) Loan Fund

To account for Ohio Public Works Commission loans which provided the source of financing for the Township Road Repairs East and Township Road Repairs North, both completed in 2012.

# **Radio System Bonds Fund**

To account for all transactions related to the Countywide Public Safety Radio System upgrade.

#### **Tax Increment District Revenue Bond Fund**

To account for revenue received from payments in lieu of taxes from property owners of the Greens of Bunnell Hill Project. Payments collected during annual tax billings provide the source of revenue for the long-term debt payments incurred for this project.

### Capital Projects Funds

The Capital Projects Funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds.

#### **Sewer Extension Projects Fund**

This fund is used to account for all transactions related to the construction of sewer line extensions that are financed through the assessment of the participating property owners.

#### **County Construction Projects Fund**

This fund is used to account for all transactions related to the construction and renovation of County owned land, buildings and communication systems.

#### **Airport Construction Fund**

This fund is used to account for all transactions related to land purchases and runway improvements for the County airport.

#### **Redevelopment Tax Equivalent Fund**

This fund is used to account for all transactions related to the public improvements made to the Greens of Bunnell Hill Incentive District.

#### Permanent Fund

The Permanent Fund is used to account for the financial resources that are legally restricted in that only the earnings, not the principal, may be used to support the County's programs.

#### **Scheurer - Smith Trust Fund**

To account for restricted private sector contributions whose earnings are earmarked for education of the children of the Mary Haven Center.

#### Nonmajor Enterprise Funds

The enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises whereby the intent of the governing body is that the cost of providing services is primarily financed and recovered through user charges.

#### **Storm Water Fund**

This fund is used to account for the operation of the County's Storm Water Management Plan in compliance with the federally mandated National Pollution Discharge Elimination System (NPDES) Phase II program.

#### **Communications Rotary Fund**

This fund is used to account for communications maintenance services provided to various county departments and other governmental units. Users are billed for costs incurred.

#### **Internal Service Funds**

The internal service funds are used to account for the financing of goods or services provided by one department to other departments of the County on a cost-reimbursement basis.

#### **Vehicle Maintenance Fund**

To account for vehicle maintenance services provided to various County departments and other governmental units. Users are billed for costs incurred.

#### **Health Insurance Fund**

To account for claims and administration of the health insurance program for covered County employees and eligible dependents. County departments are billed according to the employee's family or marital status.

#### **Workers' Compensation Self Insurance Fund**

To account for the accumulation and allocation of costs associated with self-insured workers' compensation costs incurred by the county.

#### **Property and Casualty Insurance Fund**

To account for the accumulation and allocation of premiums, deductibles and risk management fees associated with the property and casualty insurance of the County.

#### **Gasoline Fund**

To account for the centralized purchase of gas and corresponding charge backs to departments and other government units based on use.

#### Fiduciary Funds

The Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments and/or other funds.

#### Agency Funds

#### **Employees Retirement Fund**

To account for the accumulation of the employer's share of contributions until remitted to State OPERS.

#### Townships, Corporations, Schools, Special Districts, Libraries Fund

To maintain and account for distributions of various revenue sources to subdivisions within the County.

#### **Undivided Water and Sewer Revenue Fund**

To account for the undivided water and sewer billing deposits to be distributed to the Water and Sewer Funds.

#### **Payroll Fund**

To maintain and account for the accumulation of payroll withholdings until payment is remitted to third parties.

### Undivided General Tax, Tangible Personal Property Tax, County Lodging Tax, Advance Estate Tax Fund

These various and separate funds maintain and account for the accumulation and disbursement of taxes for real property, intangible property, estate tax and hotel lodging tax.

#### **Local Government Fund**

To maintain and account for the accumulation and disbursement of State revenue sharing monies.

#### **Gasoline Tax Fund**

To maintain and account for the accumulation and disbursement of gasoline tax collections.

#### **Motor Vehicle License Fund**

To maintain and account for the accumulation and disbursement of automobile license and registration fee collection.

#### **Trailer Tax Fund**

To maintain and account for the accumulation and disbursement of mobile home tax collections.

#### **Undivided Interest Fund**

To maintain and account for the accumulation and disbursement of the County's investment earnings.

#### Agency Funds

#### **Non-Entity Holdings Fund**

To account for funds held for various separate agencies, boards and commissions where the County serves as fiscal agent only.

### Clerk of Courts, Common Pleas Court-Probate Court, Child Support Enforcement Agency, County Court, Juvenile Court, Prosecuting Attorney, Sheriff Fund

These various and separate funds maintain and account for court fees, alimony, child support, restitution, boarding home fees, donations, funds held in escrow and other similar resources and uses. These funds are held in segregated cash accounts outside of the County treasury.

#### WIA Pass Through to Butler/Clermont Fund

To maintain and account for the accumulation and disbursement of funds received from ODJFS that are passed through to Butler and Clermont Counties.

#### **Other Agency Funds**

To maintain and account for resources and uses for taxes, escrowed monies, licenses, estates and similar revenue sources. The following funds represent the less significant agency funds of the County.

# Statistical Section

## STATISTICAL TABLES

This part of the County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the county's overall financial health.

Contents	
Financial Trends These schedules contain trend information to help the reader understand how the County's financial position has changed over time.	S 2 – S 11
Revenue Capacity  These schedules contain information to help the reader understand and assess the factors affecting the County's ability to generate its most significant local revenue sources, the property tax and the sales tax.	S 12 – S 21
<b>Debt Capacity</b> These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	S 22 – S 29
Demographic and Economic Information  These schedules offer economic and demographic indicators to help the reader understand the environment within which the County's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	S 30 – S 33
Operating Information  These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	S 34 – S 51

#### **Sources Note:**

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

County Auditor's Office

- (1) Exempt properties are not included in the estimated actual values nor in assessed valuations.
- (2) Refer to: Note 7 Taxes in the Financial Statements.

Assessed value of Public Utility is at 25% and Assessed Value of Tangible Personal Property is at 25% through 2005, at 18.75% for 2006,

12.5% for 2007, and 6.25% for 2008 and 0% for 2009.

All collections from 2009 forward, are unpaid delinquent collections from prior tax years. Additionally, telephone property was reclassified to general business and assessed at 10% for 2009.

- (3) A triennial update of property values was done in 2009 and 2012 resulting in the decrease of assessed property values in 2010 and 2013.
- (4) A triennial update of property values was done in 2015 resulting in an increase of property values in 2016.

- (1) Additional Information on the various bond issues can be found in Note 16
- (2) Gross revenues include operating revenues plus interest income.
- (3) Direct operating expenses include operating expenses less depreciation.
- (4) Tap-in fees are the initial fee to new customers for connection to the existing system and are accounted for as nonoperating revenues capital contributions tap in fees. The Bond Council for the County is of the opinion that tap-in fees should be included in the calculation for enterprise revenue bond coverage.

#### Sources:

- (1) Warren County Office of Economic Development
  - (a) Data starting in 2006 may be higher/lower than expected due to a change in how companies reported business information from previous years. NAICS codes were utilized for 2006-2008, creating some differences in reporting categories and patterns. Employment Distribution by Occupation Statistics are reflective of January of each year. In 2009 information was gathered from the Employment & Wage Industry Tool, Ohio Dept. of Job and Family Service.
  - (b) The number for 2013 has been re-stated due to an error in the number previously reported
- (2) US Department of Commerce, Bureau of Economic Analysis information is only available through 2015 for the presentation of 2016 statistics, the County is using the latest information available.
  - (a) Total Personal Income is available by County, Per Capita Income is a calculation
- (3) State Department of Labor Statistics
- (4) Population numbers in noncensus years are estimated and provided by the US Census Bureau. Population numbers for 2011 and 2012 previously were reported using the actual 2010 US Census Bureau population numbers. These numbers have been changed to reflect the estimated population. This correction resulted in a change to the 2011 and 2012 Total Personal Income (in thousands).

<sup>(1)</sup> In 2012, 14 of the employees formerly counted in this department, are now having their salaries split between this department and the general fund. They are now included in the general fund counts.

<sup>(2)</sup> In 2011, several funds were reclassified from a judicial government type to a public safety government type. The reclassification included the following special revenue funds: Youth Service Subsidy, County Court Probation, and Indigent Guardianship. In addition, one general fund department, Common Pleas Probation was also reclassified. This is reflected in the counts for 2006-2011.

<sup>(3)</sup> In 2015, the name changed from TASC Grant to Cognitive Intervention Program.

Source: County Auditor's Office

- A Information not available
- B Warren County purchases water from other entities, therefore, the amount billed is more than the average daily water treated.
- C Collection year
- D Name changed from Building and Grounds to Facilities Management in 2012.
- E For 2012, the method of counting the number of clients assisted changed from counting every time someone came in during the year for assistance, to counting each client only one time regardless of the number of times they received assistance during the year.
- F Increase in General Warrants is due to the direct deposit of bi-weekly HSA employee contributions to each individual account versus previously issued to bank in one amount & distributed to each account. This change was effective mid year 2013.
- G- Previously, statistics were reported in a cumulative format. For 2013 and prior years, the numbers were corrected to reflect average annual recipients per category based on ODJFS reporting.
- H- Previously, accounts from Butler County were included in totals. Butler County is the service provider. Warren County collects the billings and forwards the funds to Butler County on a monthly basis.
- I Number changed from previous year due to key in error.
- J Prior to 2016, these number received from the Prosecutor's office. As of 2016 and going forward, these numbers will be received from Juvenile Court & County Court.
- K- Day care numbers for 2013-2015 corrected by JFS in 2016 due to previous numbers reported for those years was the number of children receiving OWF benefits in error.
