WARREN COUNTY, OHIO

# INTRODUCTORY SECTION

406 JUSTICE DRIVE, LEBANON, OHIO 45036

BEV WOOLEY Director of Real Estate <u>bwooley@wcauditor.org</u> (513) 695-1235 Fax (513) 695-2960

MATT NOLAN AUDITOR mnolan@wcauditor.org (513) 695-1235 www.wcauditor.org DIANE GRAY Director of Financial Operations <u>dgray@wcauditor.org</u> (513) 695-1101 Fax (513) 695-2606

June 28, 2022

To the Citizens of Warren County, Ohio:

I am pleased to submit the Annual Comprehensive Financial Report for Warren County, Ohio (the "County") for the fiscal year ended December 31, 2021. The report has been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) and guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

#### Introduction

The preparation of this report represents a commitment by Warren County to conform to nationally recognized standards of excellence in financial reporting. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County, especially the County Auditor's Office. To the best of our knowledge and belief, the enclosed data, as presented, is accurate in all material respects, is presented in a manner designed to fairly set forth the financial position and results of operations of the County, and includes all disclosures necessary to enable the reader to gain an understanding of the County's financial activity.

#### The Reporting Entity:

The accompanying basic financial statements comply with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 61, *The Financial Reporting Entity: Omnibus; an amendment of GASB Statements No. 14 and No. 34*, in that the financial statements include all organizations, activities, and functions of the primary government (the County) and legally separate entities (component units) for which the County is financially accountable. The Warren County Transportation Improvement District has been included as a discretely presented component unit of the County due to the significant relationship with the County.

A thorough presentation of the County's reporting entity is contained in Note 1 of the basic financial statements.

#### **County Organization and Services:**

Warren County is located in the southwestern part of the state, approximately 20 miles north of Cincinnati and 15 miles south of Dayton. Its 400 square mile area serves a residential population estimated at 246,553 (2020 U.S. Census Bureau Estimate). The County includes 11 townships, 7 villages, and 9 cities. The County has only those powers conferred upon it by Ohio statutes. A three-member Board of County Commissioners is elected at large in even numbered years for overlapping four-year terms. The Board of County Commissioners serves as the taxing authority, the contracting body, and the chief administrator of public services for the County.

The Board of County Commissioners prepares and adopts the annual operating budget and makes the annual appropriation measure for expenditures of all County funds. In addition to the Board of County Commissioners, the offices of the County Auditor and County Treasurer are included in the category of general government and are of particular importance to the financial affairs of the County.

The County Auditor is elected to a four-year term and serves as the chief fiscal officer for the County and the tax assessor for all political subdivisions within the County. According to state law, a complete reappraisal must be conducted every six years as well as a triennial update every third year between reappraisals. Upon collection by the County Treasurer, the County Auditor is responsible for distributing certain taxes to various political subdivisions including municipalities, villages, townships, school, library and special districts, and county agencies.

As chief fiscal officer, the County Auditor must certify that funds for all contracts and obligations of the County have been lawfully appropriated and are available or in the process of collection before the contract or obligation is binding upon the County. In addition, the County Auditor is also the central disbursing agent, who by the issuance of County warrants, distributes funds to creditors in payment of liabilities incurred by the County. The County Auditor is also responsible for the County payroll and has other statutory accounting responsibilities. He is, by State law, Secretary of the County Board of Revision, the County Budget Commission, and the Administrator and Supervisor of the County Data Processing Board.

The County Treasurer is also elected to a four-year term and is the custodian of all County funds. The County Treasurer is responsible for collecting all tax monies, applying payments to the appropriate tax accounts and investing all available idle County funds as specified by Ohio law. The County Treasurer is the distributing agent for expenditures authorized by the Board of County Commissioners upon the County Auditor's warrant. The County Treasurer must submit daily reports showing receipts, payments, and balances to the County Auditor. The County Treasurer is a member of the County Board of Revision and the County Budget Commission. The Budget Commission plays an important part in the financial administration of the County government, as well as all political subdivisions throughout the County.

The other elected officials serving four-year terms are the Prosecuting Attorney, who serves as the third and final member of the County Budget Commission, the Clerk of Courts, the Recorder, the Sheriff, the Engineer, and the Coroner. Five Common Pleas Court Judges and two County Court Judges are elected to six-year terms.

The County provides its citizens with a wide range of services that include human and social services, health and community assistance related services, law enforcement, civil and criminal justice system services, road and bridge maintenance and other general and administrative support services. The County also operates a water distribution system, a wastewater collection and treatment system, and a storm water management system that are accounted for as enterprise funds.

#### **Economic Outlook:**

#### Population & Housing

The most recent Warren County population estimate is 246,553 persons, which is an increase of 33,860 persons or 15.9% from 212,693 persons in the 2010 Census. The annualized percent change is +3.4%, which is greater than +0.7% for the State of Ohio and +0.9% nationally. Warren County's population estimate ranks as the 10th largest of all Ohio counties.

The Housing Count estimate for Warren County is an estimated 93,276 units, which is an increase of 3,513 units, or 3.9%, compared to 89,763 units previously. Nationally, home ownership is 66.6%.

A summary of Warren County's growth is demonstrated in the following tables:

| Year | Number of County<br>Building Permits<br>Issued | Projected<br>Cost |
|------|--|-------------------|
| 2012 | 1235   | \$199,172,105     |
| 2012 | 1479   | 310,214,110       |
| 2014 | 1,396  | 238,225,219       |
| 2015 | 2,402  | 266,779,249       |
| 2016 | 2,731  | 366,030,793       |
| 2017 | 2,934  | 370,061,090       |
| 2018 | 2,965  | 364,885,844       |
| 2019 | 3,180  | 555,836,079       |
| 2020 | 3,321  | 402,542,644       |
| 2021 | 3,271  | 374,736,205       |

Source: Warren County Building Inspection Department

In 2021, Warren County saw an increase of residential new construction and continued to see increasing sale prices of residential property across the growing County. New construction assessed values decreased overall by 4.1%. Agri/Residential and Industrial new construction increased 4.2% and 47.7% respectively, while new Commercial construction decreased by 39.5%.

| Tax Year | Agri/Residential | Industrial | Commercial   | Total        |
|----------|------------------|------------|--------------|--------------|
|          |                  |            |              |              |
| 2012     | \$45,430,430     | \$622,620  | \$11,037,950 | \$57,091,000 |
| 2013     | 47,257,820       | 1,872,110  | 10,366,690   | 59,496,620   |
| 2014     | 63,662,390       | 1,478,660  | 10,698,090   | 75,839,140   |
| 2015     | 78,197,600       | 2,990,920  | 6,526,230    | 87,714,750   |
| 2016     | 89,204,380       | 864,400    | 15,497,330   | 105,863,110  |
| 2017     | 97,605,600       | 1,207,220  | 14,425,440   | 113,238,260  |
| 2018     | 137,580,980      | 12,291,640 | 13,119,120   | 162,991,740  |

#### **Education**

Warren County residents have outstanding private and public educational opportunities. Several high quality private preschools operate in Warren County and each public school district offers preschool. There are eight public school districts, a vocational school district in Warren County, and another vocational school district that services Warren County. All of these districts are well known for their high student graduation rate, with eight districts achieving an 'A' on the State of Ohio Report Card for the most recent reported year. Five of these districts were ranked in the top 20% statewide based on the most recently available performance index rankings, with Wayne Local schools coming in at the highest in the County, and at number 30 in the State. In addition, there are a number of private and parochial elementary schools and one parochial high school in Warren County. A fully online digital school that serves students in grades 7-12 also exists. Sinclair Community College operates the Courseview Campus in Mason. Warren County residents also have easy access to classes, in and out of the County, from the University of Cincinnati, University of Dayton, Wilmington College, Cincinnati State, and Miami University.

Warren County has a highly educated population relative to the state and national averages. 94.1% of Warren County adult residents have a high school degree as opposed to 90.8% for the State of Ohio and 88.5% nationally. The County ranks even higher in college graduates with 43.7% having a college degree compared to 28.9% in the State of Ohio and 32.9% nationally. This educated population provides many skilled workers for businesses and employers around the County.

#### **Communities**

Warren County returned to a sense of normalcy in 2021 as all aspects of the economy continued to boom. While communities still felt the impacts of COVID-19, Warren County largely returned to pre-2020 levels in all major categories.

The City of Mason is the largest city in Warren County. Mason is located between the Cincinnati region's two most vital commerce corridors, Interstates 71 and 75, just north of the I-275 beltway. Mason is thriving with over 500 businesses and top-ranking schools. Mason City School district was one of the first school districts to open back to in-person education and was a state leader in updating quarantine policy to better educate students while keeping everyone safe. In 2013, Money Magazine named Mason as 7<sup>th</sup> on their list of the "Best Places to Live." Mason is home to some of the biggest attractions in the County—the Western & Southern Open returned and Kings Island Amusement Park was able to reopen and allow a great opportunity for residents and visitors alike.

History meets art in the City of Franklin. With three indoor and eight outdoor murals – there is a reason the town is known as the "City of Murals." Driving tours of the murals reveal a glimpse of the first three-story building west of the Alleghenies and the third Roebling suspension bridge built in the country. Franklin has also put significant effort in creating a seasonal farmer's market with locally grown products and produce.

Waynesville, located in the northwest part of the County, is recognized as "The Antique Capital of the Midwest." Main Street is home to numerous shops and restaurants that attract visitors from around the world. Nearby, in Harveysburg, is the unforgettable Renaissance Festival where tens of thousands gather each summer to relive the 16<sup>th</sup> Century with some modern fun.

Lebanon is the home of many historic interests in the County. The Golden Lamb, Ohio's oldest inn, dating from 1803 has hosted an extraordinary guest list of many famous Americans including Henry Clay, Mark Twain, Charles Dickens, and 11 Presidents of the United States. The "Lamb" has experienced many renovations recently and must be seen. The Glendower State Memorial, a Greek Revival Mansion which was constructed in the early nineteenth century, is a showplace of elegant Empire and Victorian furnishings. The Warren County Historical Society Museum, acclaimed as one of the nation's outstanding County museums, has displays of early life of the area, a Shaker exhibit, and will soon be introducing a new addition that includes an art museum. The recently expanded Lebanon Public Library is one of the finest in the State and contains outstanding original artwork from a Lebanon native. It bridges the gap between old and new with a large technology center with regular tech classes and seminars.

Lebanon is known for its specialty shops and its quaint historical atmosphere. Walking tours through historical districts are available throughout the year. As a City of festivals, the impact of 2020 effected Lebanon, but they were able to return to 3<sup>rd</sup> Friday celebrations and all festivals reopened in 2021. Lebanon also hosts one of the largest YMCAs in the world, offering virtually all forms of indoor and outdoor athletic facilities. The 126-acre site includes a 220,000 sq. ft. facility with meeting rooms, pools, gym, tennis courts, health club facilities, and sports fields.

The City of Springboro is experiencing strong growth and development that is expected to continue to exceed the national and state average due to the City's physical location along Interstate 75 between Cincinnati and Dayton. Springboro and its private business partners have opened an exciting new hub on the corner of State Routes 73 and 741 including a brewery, restaurants and a performing arts center. Over 500 businesses call Springboro home, including corporate headquarters, branch offices, and bustling distribution and retail/service establishments. Springboro's downtown historic district was placed on the National Register of Historic Places. Springboro is also rich in history and arts. Recognized as perhaps the most traveled route to freedom, hundreds, maybe thousands, of runaway slaves passed through Cincinnati and Warren County on the Underground Railroad in which the community of Springboro hosted numerous, secret stops along the trail. Much of this history has been preserved through the collection of documents, maps, and artifacts at the Springboro Historical Society Museum. Groups can schedule guided tours with costumed re-enactors or pick up a walking tour brochure from the Springboro Chamber of Commerce and experience living history with a self-guided walking tour of the community's many documented safe houses.

#### Travel and Tourism

2021 demonstrated the diversity of attractions available to residents and tourists alike in Warren County. Anyone can experience a wide variety of attractions, events, history and outdoor activities. "Ohio's Largest Playground" isn't just a slogan, it is a promise. Located between Cincinnati and Dayton, visitors can do more in a 30-mile radius than anywhere else in Ohio. It's a big County – come out and play!

King's Island Amusement Park is the most visited attraction in the region. It consistently is the second-most visited seasonal amusement park in the United States, trailing only Cedar Point near Cleveland. Kings Island is preparing for its 50<sup>th</sup> Anniversary celebration.

Approximately seven miles southeast of Lebanon on the east bank of the Little Miami River is Fort Ancient, a state memorial operated by the Ohio Historical Society. Fort Ancient is a renowned North American archaeological site and features evidence of two outstanding prehistoric American Indian cultures dating back more than 2,000 years. Fort Ancient is a designated National Historic Landmark and is on the finalist list for World Heritage Status. The 764-acre memorial park offers a museum, hiking, picnicking, scenic vistas and shelter houses.

The 70-mile area along the Little Miami River, which is mostly in Warren County, has been designated a Scenic River Area by the federal government. Warren County offers bike trails and hiking trails along the Little Miami Scenic River, as well as several canoe liveries that offer a variety of canoe trips. Whether by bike, rollerblade, hiking boot, or horseback, the paved and mostly shaded Little Miami Scenic Trail offers a beautiful setting for catching a breath of fresh air. The Great Miami River sits along the County's western edge and provides exciting river opportunities and a top notch bike trail connecting many urban areas.

While waterways have long been part of Warren County's charm, Caesar Creek Lake located in Caesar Creek State Park near Waynesville was created in the late 1970's by damming Caesar Creek, a tributary of the Little Miami River. A marina hosts 112 boat slips, a retail store, concessions, and offers boat fuel. The marina and its amenities have allowed even more use of the popular boating and fishing destination.

Warren County's anchor attraction is most notably Kings Island Amusement Park, but we have an abundance of activities to choose from including: TPC Riverbend Golf Course, The Golf Center at Kings Island, Camp Cedar Outdoor Resort, LaComedia Dinner Theater, and the Cincinnati Prime Outlets. The Great Wolf Lodge with 400 themed rooms and a 79,000 sq. ft. year-round indoor water park brings additional visitors to its resort and conference center. The Ozone Zipline Adventures, the largest canopy zip line tour in the Midwest, offers visitors 12 zip lines ranging in length from 250 ft. to 1300 ft. with heights ranging from 10 ft. to 200 ft. Two half mile lines actually cross the Little Miami River for an amazing view. Miami Valley Gaming offers 1,600 gaming machines, a 5/8 mile horse racing track, and four delectable restaurants. Once you've done all of that, head over to Valley Vineyards Winery & Brewery for a weekend cookout that includes great food, fine wines, and craft beers.

In 2013, Warren County's tourism industry surpassed \$1 billion in total annual sales for the first time in history, according to a study by Tourism Economics and the Ohio Tourism Division. That year, 8.3 million visitors to Warren County spent more than \$1.1 billion. Now, a report compiled by the Warren County Convention & Visitors Bureau (WCCVB), citing a July 2020 Tourism Economics report, shows the County welcomes more than 12 million visitors annually, generating \$1.3 billion in visitor spending and supporting 12,848 jobs. Warren County visitor spending also generates \$167.7 million in federal, state, and local taxes annually. Warren County saw a decrease in lodging tax during 2020 due to the COVID 19 Pandemic, but lodging tax collections in 2021 were nearly back to pre-pandemic levels due to the full reopening of most Warren County tourist attractions which helps lessen the tax burden on local residents. Tourism supports one in every ten jobs in Warren County.

#### **Major Initiatives and Future Outlook**

Warren County has several major initiatives in process that will result in a continued strong and vibrant future outlook.

- Our County Engineer's Office completed over \$5.0 million worth of improvements in 2021 and has an estimated \$107.0 million of scheduled improvements to be completed in 2022 through 2027. There are an additional \$200 million of roadway and bridge improvements identified by the County Engineer that are being prioritized over future years. Noteworthy improvements for 2021 included a roundabout at the intersection of Lytle-Five Points Road and Bunnell Hill Road, bridge deck replacements on Union Road and Springboro Road, and a bridge replacement on Morrow-Rossburg Road. The County Engineer is also replacing the King Avenue bridge over the Little Miami State and National Scenic River and working with the Warren County Transportation Improvement District (TID) and the Ohio Department of Transportation on a new ramp from Southbound Mason Montgomery Road to Southbound I-71, improvements to State Route 63 between Union Road and State Route 741, safety improvements on Greentree Road and safety improvements on State Route 48 at Southbound I-71. The County Engineer and the TID are working with the Hamilton County Engineer on designing improvements for Fields Ertel Road between Snider Road and Wilkens Boulevard.
- The main focus of the Department of Facilities Management is the planning, construction, and maintenance of County facilities and grounds. Their goal is to maximize the use and efficiency of existing facilities, while planning for future expansion based on growth projections and needs assessments. A strong emphasis is placed on preventative maintenance to lengthen the lifespan of the County's buildings and equipment, while energy efficient upgrades are underway to reduce spending and minimize our environmental footprint.

Recent notable projects:

- Completed construction of the new 496-bed, 148,500 square foot Warren County Jail & Sheriff's Office;
- Completed a full roofing replacement on the Health & Human Services Building at 416 S. East Street;
- Upgraded all lighting to LED fixtures in the Juvenile Justice Center, Old Administration Building, Old Courthouse, Children's Services Visitation House, Engineer's Office Corwin House facility, and the Lebanon Title Office/BMV;
- Performed brick repairs and tuck-pointing on the Health & Human Services Building. Also completed repairs to the cornices and flashings;
- Resurfaced the main ADA ramp at the Health & Human Services Building with anti-skid, salt resistant epoxy;
- Remodeled the reception area at the Administration Building to improve safety and public service;
- Replaced the Board of Elections reception counter and added full glass barriers at the 520 Justice Office Building, including a new ADA-compliant area for visitors;

- Replaced the HVAC chiller unit at the Old Courthouse, 300 E Silver Street;
- Repainted the interior walls, trim, and doors at the Children's Services Visitation House;
- Repainted the Child Support Enforcement Agency;
- Installed new storm-rated roofing and gutters at multiple emergency radio tower sites;
- Upgraded doors, lighting, and HVAC equipment at multiple emergency radio tower sites;
- Installed security fencing around the Lytle tower site;
- Painted the exteriors of the Children's Services Visitation House and the Old Administration Building;
- Replaced the flooring in Juvenile Detention, Mary Haven, Probate Court and the Hearing Room areas of the Juvenile Justice Center;
- Installed photo-luminescent safety signage in the Administration Building and Health & Human Services Buildings;
- Installed privacy fencing between the Lebanon Bike Trail and the new Jail & Sheriff's Office;
- Installed improved drainage around the new Jail & Sheriff's Office;
- Replaced the deteriorated sidewalk at the Juvenile Justice Center employee parking area and extended the sidewalk to the Juvenile Detention/Mary Haven parking area; and
- Installed a natural gas generator at the Engineer's Office Corwin House to provide full backup power to the facility.

#### **Financial Information**

The County has prepared financial statements following GASB Statement 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, since 2003.

As part of this reporting model, management is responsible for preparing Management's Discussion and Analysis (MD&A) of the County. This discussion appears after the Independent Auditor's Report in the financial section of this report. The MD&A provides an assessment of the County's finances for 2021. The analysis focus in the MD&A is on major funds.

#### Internal Control, Budgetary Control and the Accounting System:

Development of the County's accounting system included substantial consideration of the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance that:

- 1. The County's assets are protected against loss and unauthorized use or disposition; and
- 2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated applying the following criteria:

- 1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation; and
- 2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the County Administration and members of the Auditor's office.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the County's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions.

The Accounting Department of the County Auditor's Office is responsible for the auditing and analysis of all purchase orders and vouchers of the County. Accounting Department personnel review the purchase orders and vouchers to ensure the availability of monies in the proper funds and accounts prior to the certification and payment of approved invoices. The County utilizes a fully automated accounting system as well as an automated system of controls for capital assets and payroll. These systems, coupled with the review and examination performed by the County Auditor's Office, ensure that the financial information generated is both accurate and reliable.

#### Accounting System and Budgetary Control

The County's accounting system is organized on a "fund" basis. Each fund is a distinct self-balancing accounting entity. Day-to-day accounting records are maintained on a basis other than GAAP. For financial reporting purposes, the accounting records are converted to the modified and full accrual basis for all applicable funds. On the modified accrual basis, revenues are recognized when measurable and available, and expenditures are recognized when goods and services are received. On the full accrual basis, revenues are recognized when measurable and earned; expenses are recognized when incurred.

The Board of County Commissioners adopts the annual budget for the County by March 31. All disbursements and transfers of cash between funds require appropriation authority from the Commissioners. Budgets are controlled at the object level within a department and fund. All purchase orders must be approved by a majority of the Board of Commissioners, then the necessary funds are encumbered and the purchase order released to the vendor. Those purchase orders which exceed the available appropriation are rejected until additional funds are secured. The accounting system used by the County provides daily updates to expenditure and encumbrance files making available to all users details on year-to-date expenditures and encumbrances versus the original appropriations plus any additional appropriations made to date. These files are used to ascertain the status of a division's appropriation prior to authorizing additional purchases.

The basis of accounting and the presentation of the various funds utilized by Warren County are fully described in Note 1 of the basic financial statements.

#### Debt Administration

At December 31, 2021, gross general obligation bonds outstanding, excluding debt reported in the enterprise funds, totaled \$21,519,775. Ratios related to the County's debt position are presented below:

| Net General Obligation Bonded Debt | \$7,594,416 |
|------------------------------------|-------------|
| Net Debt Per Capita                | \$30.80     |
| Net Debt to Assessed Value         | 0.0944%     |
| Net Debt to Estimated Actual Value | 0.0342%     |

The outstanding debt is primarily related to repayment of the proceeds of monies used to improve our road and bridge infrastructure, including the design and engineering around the I-71 and Fields-Ertel Road/Mason-Montgomery Road interchange, road and bridge infrastructure improvements to the I-71 and Western Row Road interchange, a county wide public safety radio system upgrade, and construction of the new Warren County jail.

The County maintains an underlying "Aaa" rating from Moody's Investors Service, Inc. All bonds of the County are general obligation debt and are backed by its full faith and credit, except water and sewer bonds, which are backed by revenues of utility billings and the Tax Increment District Revenue Bond, which is secured solely from the revenues generated from the service payments in lieu of taxes.

#### **Other Information**

#### Independent Auditor's Opinion

The County had an independent audit of all funds performed by the State Auditor for the year ended December 31, 2021. The opinion of the Auditor appears in the financial section of this report.

#### GFOA Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its Annual Comprehensive Financial Report for the fiscal year ended December 31, 2020. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report whose contents conform to program standards. Such annual comprehensive financial reports must also satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for one year only. The County has received a Certificate of Achievement for the last 30 years (1991 - 2020). We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA for consideration for a Certificate of Achievement for 2021.

#### <u>Acknowledgments</u>

The publication of this report is a continuation of the level of professionalism the Warren County Auditor's office has strived to attain, and it significantly increases the accountability of Warren County government to its taxpayers.

The preparation of this annual comprehensive financial report would not have been possible without the cooperation of the County elected officials and their staff. I would also like to recognize the following people for their exceptional contribution to this effort.

Diane Gray, Director of Financial Operations – Auditor's Office Brian Aquino, Auditor's Office Brenda Quillen, Auditor's Office

Sincerely,

nolan

Matt Nolan, Warren County Auditor

#### **INDEPENDENT AUDITOR'S REPORT**

Warren County 406 Justice Drive Lebanon, Ohio 45036

To the Board of County Commissioners:

#### **Report on the Audit of the Financial Statements**

#### Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Warren County, Ohio (the County), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Warren County, Ohio as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparisons for the General Fund, Board of Developmental Disabilities Fund, Senior Citizens Service Levy Fund, COVID-19 Emergency Rental Assistance Fund and the Local Fiscal Recovery Fund for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion* and *analysis* and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Warren County Independent Auditor's Report Page 3

#### Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual non-major fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and schedules and the statistical section information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we will also issue our report dated June 28, 2022, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Keith Faber Auditor of State Columbus, Ohio June 28, 2022

Unaudited

This discussion and analysis of Warren County's (the County) financial performance provides an overview of the County's financial activities for the year ended December 31, 2021. The intent of this discussion and analysis is to look at the County's financial performance as a whole. Readers should also review the transmittal letter, notes to the basic financial statements, and the financial statements to enhance their understanding of the County's financial performance.

#### FINANCIAL HIGHLIGHTS

Key financial highlights for 2021 are as follows:

- Total net position of the County increased by \$110.0 million due to a \$90.2 million increase in governmental activities and a \$19.8 million increase in business-type activities.
- The General Fund had an increase in fund balance of \$10.1 million, or 13.9%, compared with the fund balance reported one year prior.
- The County had \$106.8 million in expenses related to governmental activities; \$56.3 million (52.7%) of these expenses were offset by program specific charges for services and grants and contributions. This is up from 2020, when 36.5% of these expenditures were offset by program specific charges.
- General Fund actual expenditures were \$14.3 million less than budgeted. The General Fund reported a \$11.6 million increase in budgetary fund balance for the year.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

#### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business. They report information about the County as a whole, including the Transportation Improvement District – the County's discretely presented component unit. A separately issued audit report containing financial statements is available from the Secretary-Treasurer of the Transportation Improvement District at 210 W. Main Street, Lebanon, Ohio 45036.

The Statement of Net Position includes all of the County's assets, liabilities, deferred outflows of resources and deferred inflows of resources, with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements also report the County's net position and how it has changed. Net position is one way to measure financial health. Over time, increases or decreases in net position indicate whether financial health is improving or deteriorating.

The government-wide financial statements of the County are divided into two categories:

- <u>Governmental Activities</u> Most of the County's services are reported here and include general government, public safety, public works, health, human services, and community and economic development. The majority of these services are funded by taxes and intergovernmental revenues.
- <u>Business-Type Activities</u> These activities include water, sewer, sheriff rotary, communications rotary, and storm water. These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided.

#### Fund Financial Statements

The fund financial statements provide more detailed information about the County's major funds, not the County as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. All of the funds of the County can be divided into three categories: 1) governmental funds, 2) proprietary funds, and 3) fiduciary funds.

**Governmental Funds**—Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of the governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental funds' Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental funds' Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances for the major funds – General Fund, Board of Developmental Disabilities Fund, Senior Citizens Service Levy Fund, Special Assessment Fund, County Road Projects Fund, County Construction Projects Fund, COVID-19 Emergency Rental Assistance Fund, and the Local Fiscal Recovery Fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Unaudited

**Proprietary Funds**—The County maintains two different types of proprietary funds – enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses five enterprise funds to account for water, sewer, storm water, sheriff, and the communications rotary operations.

Internal Service funds are used to accumulate and allocate costs internally among the County's various functions. The County's internal service funds report on County departments' vehicle maintenance, self-insurance programs for employees and medical benefits, workers' compensation, property and casualty insurance, and gasoline purchases. The services provided by these funds predominately benefit governmental rather than the business-type functions. For this reason, they have been included within the governmental activities' column in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The Water, Sewer and Sheriff funds are considered major enterprise funds of the County. All internal service funds are combined into a single aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

**Fiduciary Funds**—Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements, as they represent resources not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The County's fiduciary funds consist of custodial funds.

The notes that follow the basic financial statements provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements.

| Net Investment in Capital Assets | 180,859,218    | 162,666,192    | 193,656,734    | 181,388,232    | 374,515,952    | 344,054,424    |  |  |
| Restricted                       | 145,589,030    | 142,986,953    | -              | -              | 145,589,030    | 142,986,953    |  |  |
| Unrestricted (deficit)           | 58,648,181     | (10,773,415)   | 61,966,441     | 54,444,915     | 120,614,622    | 43,671,500     |  |  |
| Total Net Position               | \$ 385,096,429 | \$ 294,879,730 | \$ 255,623,175 | \$ 235,833,147 | \$ 640,719,604 | \$ 530,712,877 |  |  |

As noted earlier, net position may serve over time as a useful indicator of the County's financial position. At December 31, 2021, the County's total net position was \$640.7 million.

The net pension liability is the largest single liability reported by the County at December 31, 2021 and is reported pursuant to Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement No. 27. The net other postemployment benefits (OPEB) asset is reported pursuant to GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. For reasons discussed below, many end users of this report will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and OPEB, and the net pension liability to the reported net position and subtracting deferred outflows related to pension and OPEB and the net pension and OPEB assets.

Unaudited

GASB standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB Statement No. 27) and postemployment benefits (GASB Statement No. 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB Statement Nos. 68 and 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and State law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB Statement Nos. 68 and 75 require the net pension asset, net OPEB asset, and the net pension liability to equal the County's proportionate share of each plan's collective:

- 1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
- 2. Minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e., sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government.

Unaudited

In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the Statement of Net Position.

In accordance with GASB Statement Nos. 68 and 75, the County's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension asset, net OPEB asset, and net pension liability, respectively, not accounted for as deferred inflows/outflows.

The largest portion of the County's net position (\$374.5 million or 58.5%) reflects its investment in capital assets (e.g., land, buildings and improvements, infrastructure, and equipment); less related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens, therefore, these assets are not available for future spending.

An additional portion of the County's net position (\$145.6 million or 22.7%) represents resources subject to restrictions as to how they may be used. The remaining balance is an unrestricted net position of \$120.6 million, comprised of \$58.6 million in governmental activities and \$62.0 million in business-type activities.

Overall, net position increased \$110.0 million, or 20.7%. Net position for governmental activities increased \$90.2 million, while net position for business-type activities increased \$19.8 million.

The increase in assets was the result of holding expenses to 54.2% and 58.3% of total revenues for the year for governmental activities and business-type activities, respectively. Additionally, work continued on several County projects, including construction of a new jail and water softening improvements, both of which were nearing completion at the end of December 31, 2021.

Total liabilities decreased significantly during 2021. This was primarily due to significant decreases in net pension and OPEB liabilities. The decreases in these liabilities were primarily attributable to the increase in the investment portfolios managed by the OPERS, which experienced double-digit investment returns during the measurement period, to provide more resources for future pension benefits. The increase in the OPEB plan was more than sufficient to eliminate the net OPEB liability and create a net OPEB asset.

These decreases were partially offset by the recognition of \$17.3 million in unearned revenue from federal grant funding received in advance. The County received \$9.2 million in federal funding to provide pandemic-related rental and utility assistance and \$22.8 million in its first of two tranches from the American Rescue Plan Act (ARPA) pandemic-related program to support public health costs, replace lost revenue, support essential workers, and invest in water, sewer and broadband infrastructure. At December 31, 2021, the County spent \$2.0 million and \$12.6 million, respectively, in these two programs and plan to spend the remainder in the next two years.

Unaudited

In order to further understand what makes up the changes in net position for the current year, the following table provides further details regarding the results of activities for 2021 and 2020:

|                                    | Governmen      | tal Activities | Business-Ty    | pe Activities  | Total          |                |  |

Overall, the County experienced a significant decrease in total expenses compared to 2020. This is primarily attributable to pension and OPEB expenses. As previously discussed, both pension and OPEB plans experienced decreases in the associated liabilities due to growth in their investment portfolios. This resulted in \$64.1 million less pension and OPEB expenses being recognized in 2021, with \$46.2 million in *negative* OPEB expenses being recognized. It's important to note that the operation of the state-wide retirement system is outside the control of County management and results can vary significantly from year to year based on actuarial assumptions made and performance of investments.

# **Governmental Activities**

The four functions with the largest expenses are human services, public safety, public works, and general government.

Human services comprise 37.5% of total expenses and continues to be the largest program expense of the County, comprising of services for children, senior citizens, developmental disabilities, veterans, transit services, and assistance to families.

Human services expenses decreased 22.8% in 2021 due to the previously discussed impact of the pension and OPEB expenses. Of the \$40.0 million spent in 2021, \$24.4 million was covered by program revenues and the remaining \$15.6 million was funded by taxpayers.

Public safety programs comprise 20.9% of all program expenses and during 2021, these expenses decreased by 42.2%. This decrease is due to the previously discussed impact of the pension and OPEB expenses. Of the \$22.4 million spent in 2021, \$12.5 million was covered by program revenues and the remaining \$9.9 million was funded by taxpayers.

Public works programs comprise 18.2% of all program expenses and during 2021, experienced a decrease of less than 1%. This function was also impacted by the pension and OPEB expenses, but were offset by increased usage of road salt, due to winter weather and intentional lowering of salt levels to allow for improvements to the salt storage facilities, and a \$1 million increase in the County's contribution to the Warren County TID (component unit) for County-related transportation projects. Of the \$19.4 million spent in 2021, \$1.5 million was covered by program revenues and the remaining \$17.9 million was funded by tax payers.

General government expenses were \$18.8 million and were for legislative, executive, and judicial activities. These cover expenses for the primary duties and subsidiary activities of the elected officials and the governing body of the County. These expenses represent 17.6% of all program expenses—\$15.6 million was paid for by program revenues, with the remaining \$3.2 million being funded by taxpayers.

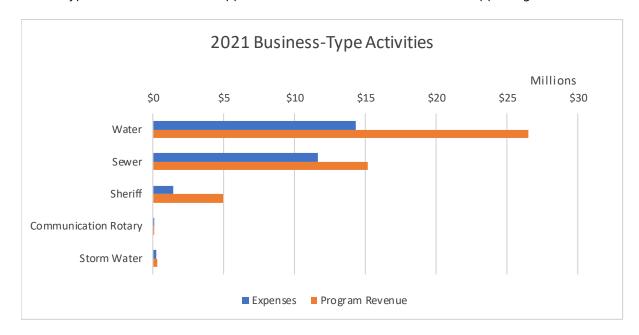

Property taxes, sales taxes, and payments in lieu of taxes accounted for 61.3% of the \$197.0 million in total revenues for governmental activities. These revenues grew by \$14.0 million (or 13.2%) from 2020, primarily due to more sales taxes resulting from increased commerce throughout the County with the easing of pandemic-related restrictions that were implemented in the previous year.

# **Business-Type Activities**

Business-type activities include water, sewer, sheriff rotary, communications rotary, and storm water—with water and sewer making up \$26.0 million of total expenses, or 94.0%.

Total revenues increased by \$5.5 million, primarily due to receiving \$6.4 million in ARPA capital funding used towards the water softening improvements project. This project is also being financed with a loan from the Ohio Water Development Authority (OWDA).

Total expenses decreased by \$7.9 million, primarily due to the previously discussed impacts of pension and OPEB expenses.

Business-type activities receive no support from tax revenues and remain self-supporting.

# FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The financial statements for the County's major governmental funds are presented after the Statement of Activities. The County's governmental funds reported a combined fund balance of \$266.1 million, which is an increase of \$9.3 million over last year's total of \$256.8 million. Of the \$266.1 million fund balance, \$59.9 million is unassigned.

The following table presents the fund balances at December 31, 2021 and December 31, 2020 and the associated change.

|                                     | Fund Balance          | Fund Balance          |                     |
|-------------------------------------|-----------------------|-----------------------|---------------------|
|                                     | December 31,          | December 31,          | Increase            |
|                                     | 2021                  | 2020                  | (Decrease)          |
|                                     |                       |                       |                     |
| General                             | 82,424,320            | \$ 72,342,363         | \$ 10,081,957       |
| Board of Developmental Disabilities | 51,407,570            | 53,051,956            | (1,644,386)         |
| Senior Citizens Service Levy        | 12,384,021            | 10,449,903            | 1,934,118           |
| Special Assessment                  | 46,830                | 112,971               | (66,141)            |
| County Road Projects                | 22,074,169            | 15,386,988            | 6,687,181           |
| County Construction Projects        | 39,548,048            | 52,903,871            | (13,355,823)        |
| Other Governmental                  | 58,219,496            | 52,523,641            | 5,695,855           |
|                                     | <u>\$ 266,104,454</u> | <u>\$ 256,771,693</u> | <u>\$ 9,332,761</u> |

General Fund – The \$10.1 million increase in fund balance is mainly attributable to increases in sales taxes, as economic activity throughout the county increased with the easing of pandemic-related restrictions. This allowed for the General Fund to absorb more public safety costs that were covered by the prior year's Federal CARES Act funding and transfer more funding for construction projects, including improvements to court facilities.

*Board of Developmental Disabilities Fund* – The fund balance decreased by \$1.6 million, or 3.1%. This was attributable to the combination of increased in participation in human service programs, coming out of the pandemic, an ongoing housing project, and increased Medicaid waiver matching funds paid in 2021. Supplemental payments increased from 90% of calculated costs to 100% of calculated costs, due pandemic-related changes to the Medicaid plan.

Senior Citizens Service Levy Fund – The fund balance increased by \$1.9 million from prior year, compared to \$1.3 million in the prior year. This fund is primarily funded with a 1.21 mill senior citizens tax levy, with most of the expenditures paid to the Council on Aging of Southwest Ohio for elderly services and programs. The increase was due to lower payments to the Council on Aging during 2021, as the Council utilized their COVID-related funding to lower the County's cost.

Unaudited

*Special Assessment Fund* – In 2021, this fund received \$0.3 million from special assessment levies, while expending \$0.3 million in debt service payments.

*County Road Projects Fund* – The fund balance increased \$6.7 million over 2020, due to receiving a transfer of \$10.0 million from the General Fund. The County has several road and bridge projects in progress that include bridge improvements on Edwardsville Road, bridge improvements on King Avenue over the Little Miami River, a new roundabout at the intersection of Bunnell Hill Road and Lytle Five Points Road, and road improvements on Fields Ertel Road.

*County Construction Projects Fund* – In 2021, this fund experienced a \$13.4 million fund balance decrease, largely due to ongoing construction of a new jail that is nearly complete. The project was financed with bonds that were issued in 2019 and will be repaid with the additional one-fourth percent sales tax. Other ongoing projects include roof replacements, HVAC replacements, and LED lighting upgrades at several of the County buildings.

The County is reporting two new major funds in 2021, both related to Federal funding received in response to the COVID-19 pandemic. The *COVID-19 Emergency Rental Assistance Fund* received two rounds of emergency rental assistance funding to provide rental and utility assistance to eligible households. The *Local Fiscal Recovery Fund* received the first of two tranches of ARPA funding for pandemic-related support. Federal monies in both Funds were received in advance of eligible spending. The unspent portions at year-end were reported as unearned revenue.

Explanations for the changes in the County's major enterprise funds follows the same explanations as provided in the assessment of the business-type activities noted earlier. This is because enterprise funds are accounted for using full accrual accounting – the same basis used in the government-wide financial statements.

### **GENERAL FUND BUDGETARY HIGHLIGHTS**

The County's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

The variance between the final budget and the actual revenues are solely the result of the County Auditor's decision to conservatively estimate revenues. In 2021, his estimations ended with a positive variance of \$18.7 million.

During the course of 2021, the County Commissioners approved numerous revisions to the original appropriations. Overall, these changes resulted in an increase of \$0.8 million. Actual expenditures were less than the final budget by \$14.3 million – with the largest variances within Legislative and Executive of \$4.3 million, due to conservative budgeting, and \$7.6 million in Public Safety, due to utilizing ARPA funds to reimburse eligible sheriff personnel costs. The fund balance was \$35.1 million better than initially projected in the final budget.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

The following table summarizes the County's capital assets as of December 31, 2021 and 2020:

|   | Government            | tal Activities | Business-Ty           | pe Activities         | Total          |                |  |  |
|---|-----------------------|----------------|-----------------------|-----------------------|----------------|----------------|--|--|
|   | 2021                  | 2020           | 2021                  | 2020                  | 2021           | 2020           |  |  |
|   |                       |                |                       |                       |                |                |  |  |
| Land                                    | \$ 14,638,989         | \$ 14,709,705  | \$ 2,942,435          | \$ 2,682,435          | \$ 17,581,424  | \$ 17,392,140  |  |  |
| Construction in Progress                | 61,158,590            | 38,202,527     | 37,861,146            | 13,396,471            | 99,019,736     | 51,598,998     |  |  |
| Land Improvements                       | 4,761,157             | 4,559,810      | 229,904,590           | 225,967,689           | 234,665,747    | 230,527,499    |  |  |
| Buildings, Structures, and Improvements | 76,920,556            | 75,165,756     | 129,926,264           | 125,810,052           | 206,846,820    | 200,975,808    |  |  |
| Furniture, Fixtures, and Equipment      | 37,870,079            | 37,122,629     | 8,325,312             | 7,723,181             | 46,195,391     | 44,845,810     |  |  |
| Infrastructure                          | 121,137,640           | 119,557,782    | -                     | -                     | 121,137,640    | 119,557,782    |  |  |
| Less: Accumulated Depreciation          | (103,406,111)         | (97,673,846)   | (193,029,488)         | (182,372,246)         | (296,435,599)  | (280,046,092)  |  |  |
| Total Capital Assets, Net               | <u>\$ 213,080,900</u> | \$ 191,644,363 | <u>\$ 215,930,259</u> | <u>\$ 193,207,582</u> | \$ 429,011,159 | \$ 384,851,945 |  |  |
|   |                       |                |                       |                       |                |                |  |  |

The County's investment in capital assets (net of accumulated depreciation and related debt) for governmental and business-type activities as of December 31, 2021 amounted to \$180.9 million and \$193.7 million, respectively. This investment in capital assets includes land, infrastructure, buildings, improvements, equipment, and construction in progress. During the year, governmental activities capital assets (net of accumulated depreciation) increased \$21.4 million due to construction of a new jail facility that was nearly complete at the end of 2021, and upgrade of the County's technology infrastructure. Capital assets, net of accumulated depreciation in the business-type activities increased \$22.7 million because of improvements to the Little Miami wastewater treatment plant and water softening project that is being funded with a loan from OWDA and ARPA grant funding.

See Note 10 to the basic financial statements for additional details on capital assets.

### Debt Administration

At December 31, 2021, the County had total bonded debt outstanding of \$22.8 million, of which \$11.5 million is due within one year. Of the total bonded debt, \$21.5 million comprises debt backed by the full faith and credit of the County, with the remaining \$1.3 million being special assessment debt for which the County is liable in the event of default by property owners subject to the assessment.

The County also had outstanding principal of \$3.0 million in Tax Increment District Revenue Bonds, including \$1.6 million that was issued for the Bunnell Hill and Lytle Five Points Roundabout project, and \$0.5 in Ohio Public Works Commission (OPWC) loans. Of the business-type activities, the Water Fund had \$15.4 million outstanding in Ohio Water Development Authority (OWDA) Loans and the Sewer Fund had \$6.9 million in OWDA Loans outstanding at December 31, 2021.

See Note 14 to the basic financial statements for additional details on the long-term debt of the County.

# ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The County's central location has made it an attractive area for new business development. Metropolitan Cincinnati's northerly expansion into Warren County, particularly the rapid development along I-71 in Mason, Deerfield Township, Lebanon, and South Lebanon, has contributed to the County's economic development. In addition, greater Dayton's expansion south has prompted strong growth along I-75 in Franklin, Clearcreek Township, Middletown, Monroe, Springboro, and Turtlecreek Township. The County's business base is extremely diverse with many area companies concentrated in the sectors of information technology, research and development, advanced manufacturing, logistics and distribution, bio-health, and service-related industries.

The Warren County Office of Economic Development continues to create new job opportunities and foster capital investment throughout the County. In 2021, the County welcomed 27 new projects – both new to the region and expansion. In total, the 27 projects accounted for 3,104 new jobs within the County along with over 722,000 new or renovated square footage of commercial and industrial space. This was mainly driven by key projects in the City of Mason, City of Lebanon, and a major hiring surge in Park North in Monroe. The total level of capital investment through new construction and equipment purchases was \$831.8 million across the 27 projects. There were a few large-scale mixed-use developments which drove the numbers much higher in 2021 than in 2020. Those projects along with coming out of the slow-down from the pandemic resulted in higher numbers.

Two major projects announced in 2021 were a \$430 million mixed-use development on the west end of Lebanon along State Route 63. And, within the city of Mason, Mercy Health announced a \$200 million project which will be a full-service hospital, the networks first in Warren County. This project will create 267 new jobs. Additionally, Dorothy Lane Market announced a \$150 million dollar project and mixed-use development in Mason.

This growth indicates the existing business base continues to view the County as a great place to expand and conduct operations.

The County remains in strong financial shape largely due to consistent conservative budgeting. For 2022, total General Fund revenues are estimated at \$65.5 million, which is 36.7% less than actual cash received in fiscal year 2021. This is primarily due to the one-year property tax holiday, approved by the County Commissioners, to forgo the collection of the County's 2.57 tax millage for calendar year 2022. The General Fund's original budget for appropriations of anticipated expenses for 2022 was \$83.8 million as compared to \$88.6 million in cash expenditures at the end of 2021.

### **REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the County's finances, and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Matt Nolan, Warren County Auditor, 406 Justice Drive, Lebanon, Ohio 45036.

### WARREN COUNTY, OHIO RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES DECEMBER 31, 2021

| Total Governmental Fund Balances   |              | \$ | 266,104,454  |  |  |  |  |  |  |  |  |
|--|--------------|----|--------------|--|--|--|--|--|--|--|--|
| Amounts reported for governmental activities in the statement of net position are different because: |              |    |              |  |  |  |  |  |  |  |  |
| Capital assets used in governmental activities are not resources and                                 |              |    |              |  |  |  |  |  |  |  |  |
| therefore are not reported in the funds.   |              |    | 213,058,004  |  |  |  |  |  |  |  |  |
| Other long-term assets are not available to pay for current period                                   |              |    |              |  |  |  |  |  |  |  |  |
| expenditures and therefore are reported as deferred inflows of                                       |              |    |              |  |  |  |  |  |  |  |  |
| resources in the funds.  |              |    | 13,838,528   |  |  |  |  |  |  |  |  |
| Long-term liabilities, including bonds payable, are not due and                                      |              |    |              |  |  |  |  |  |  |  |  |
| payable in the current period and therefore are not reported   |              |    |              |  |  |  |  |  |  |  |  |
| in the funds:  |              |    |              |  |  |  |  |  |  |  |  |
| General obligation bonds payable   | (20,815,000) |    |              |  |  |  |  |  |  |  |  |
| Special assessment bonds payable   | (1,285,986)  |    |              |  |  |  |  |  |  |  |  |
| Tax increment district revenue bonds payable   | (3,032,000)  |    |              |  |  |  |  |  |  |  |  |
| Loans payable  | (533,512)    |    |              |  |  |  |  |  |  |  |  |
| Unamortized premiums   | (704,775)    |    |              |  |  |  |  |  |  |  |  |
| Accrued interest on long-term debt   | (60,650)     |    |              |  |  |  |  |  |  |  |  |
| Compensated absences payable   | (7,671,211)  |    | (34,103,134) |  |  |  |  |  |  |  |  |
| The net pension asset/liability and net OPEB asset are not due                                       |              |    |              |  |  |  |  |  |  |  |  |
| and payable in the current period; therefore, the asset/liability                                    |              |    |              |  |  |  |  |  |  |  |  |
| and related deferred inflows/outflows are not reported in  |              |    |              |  |  |  |  |  |  |  |  |
| governmental funds:  |              |    |              |  |  |  |  |  |  |  |  |
| Deferred outflows - pension related  | 9,244,950    |    |              |  |  |  |  |  |  |  |  |
| Deferred inflows - pension related   | (24,485,633) |    |              |  |  |  |  |  |  |  |  |
| Net pension asset  | 1,022,868    |    |              |  |  |  |  |  |  |  |  |
| Net pension liability  | (55,277,510) |    |              |  |  |  |  |  |  |  |  |
| Deferred outflows - OPEB related   | 3,797,906    |    |              |  |  |  |  |  |  |  |  |
| Deferred inflows - OPEB related  | (20,371,356) |    |              |  |  |  |  |  |  |  |  |
| Net OPEB asset   | 6,595,377    |    | (79,473,398) |  |  |  |  |  |  |  |  |
| Internal service funds are used by management to charge the costs                                    |              |    |              |  |  |  |  |  |  |  |  |
| of vehicle maintenance, insurance and gasoline to individual funds.                                  |              |    |              |  |  |  |  |  |  |  |  |
| The assets and liabilities of the internal service funds are included in                             |              |    |              |  |  |  |  |  |  |  |  |
| governmental activities in the statement of net position. This is the                                |              |    |              |  |  |  |  |  |  |  |  |
| amount that applies to the governmental activities.  |              |    | 5,671,975    |  |  |  |  |  |  |  |  |

#### WARREN COUNTY, OHIO RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2021

| Net Change in Fund Balances - Total Governmental Funds  | \$<br>10,060,434 |
|---|------------------|
| Amounts reported for governmental activities in the statement of activities are different because:  |                  |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as  |                  |
| depreciation expense. This is the amount by which capital outlays and capital contributions exceeded depreciation (see Note 3).   | 21,788,683       |
| Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the amount of the loss on the disposal of capital assets net of proceeds   |                  |
| received.   | (346,644)        |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds (see Note 3).   | 1,695,984        |
| Debt proceeds provide current financial resources to governmental funds, but issuing debt<br>increases long-term liabilities on the statement of net position. Repayment of debt<br>principal is an expenditure in the governmental funds, but repayment reduces long-term<br>liabilities in the statement of net position. Also, governmental funds report the effect of<br>premiums when debt is first issued, whereas these amounts are deferred and amortized |                  |
| in the statement of activities (see Note 3).  | 10,242,859       |
| Contractually required pension and OPEB contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows while the changes in the net pension/OPEB asset/liability (except for deferred inflows/outflows) are reported as expenses in the statement of activities.   | 47,699,756       |
| In the statement of activities, interest is accrued on outstanding bonds and loans,   |                  |
| whereas in governmental funds, an interest expenditure is reported when due.  | 24,991           |
| Some expenses reported in the statement of activities, such as change in inventory and compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds (see Note 3).   | (836,392)        |
| The internal service funds, which are used to charge the cost of services to individual funds, are not included in the statement of activities. Governmental fund expenditures and related internal service fund revenues are eliminated. The net revenue (expense)   |                  |
| of the County's Internal Service Funds are allocated among the governmental and business-type activities.   | <br>(112,972)    |
| Change in Net Position of Governmental Activities   | \$<br>90,216,699 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2021

## NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. <u>Reporting Entity</u>

Warren County is a political subdivision of the State of Ohio. The County was formed by an act of the Ohio General Assembly in 1803. The three-member Board of County Commissioners is the legislative and executive body of the County. The County's combined financial statements include accounts for County operations.

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 61, *The Financial Reporting Entity: Omnibus; an amendment of GASB Statements No. 14 and No. 34*, in that the financial statements include all organizations, activities, and functions of the primary government (the County) and legally separate entities (component units) for which the County is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing board and either the County's ability to impose its will over the organization or the possibility that the organization will provide a financial benefit to or impose a financial burden on the County.

The financial activities of all funds, agencies, boards, and commissions for which the County elected officials are financially accountable are reflected in the accompanying financial statements. Based on the foregoing criteria, Warren County (the primary government) has one component unit, the Warren County Transportation Improvement District. The reporting entity of the County includes the following services: human and social services, certain health care and community assistance services, civil and criminal justice systems, road and bridge maintenance, and general administrative services. In addition, the County operates a water supply, sanitary sewer, and storm water system.

<u>Discretely Presented Component Unit</u> - The component unit column on the Statement of Net Position includes the financial data of one County component unit – the Warren County Transportation Improvement District (TID). The component unit is reported in a separate column to emphasize the TID is legally separate from the County, however, is being presented as a part of the County's reporting entity because it would be misleading to exclude them.

The TID is a body politic and corporate, created pursuant to Chapter 5540 of the Ohio Revised Code (ORC) by action of the Board of Warren County Commissioners on January 27, 2011 for the purpose of financing, constructing, maintaining, repairing, and operating selected transportation projects. Separate financial statements for the TID may be obtained by writing to Secretary-Treasurer, Warren County Transportation Improvement District, 210 W. Main Street, Lebanon, Ohio 45036. See Note 22, *Warren County Transportation Improvement District*, for additional information.

<u>Related Organizations</u> - Warren County officials appoint a voting majority of the board for the following organizations. The County's accountability for these organizations does not extend beyond making the appointments.

Notes to the Basic Financial Statements For the Year Ended December 31, 2021

## NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## A. <u>Reporting Entity</u> (continued)

- *Metropolitan Housing Authority* The County Commissioners, Probate Court and Common Pleas Court each appoint one member of a five-member board.
- *Park District* The Probate Judge appoints all three members of the Park Board.
- *Warren County Airport Authority* The County Commissioners appoint all members of a ninemember board.
- Butler/Clermont/Warren Workforce Policy Board The County Commissioners appoint all of the Warren County members of the board. The Policy Board is a regional organization developed as a result of the Workforce Investment Act. The role of the Policy Board is to assess the workforce needs of area employers, assess the employment and training needs of job seekers and to identify fiscal and other available resources to meet current and future workforce needs in the region.
- *Warren County Port Authority* The County Commissioners appoint all seven members of the board. The role of the board is to enhance, foster, aid, provide or promote the following within Warren County: transportation, economic development, housing, recreation, education, culture, and research.

### Joint Venture Without Equity Interest

Warren County is a member of the Mental Health Recovery Services of Warren and Clinton Counties – a joint venture between both counties. The purpose of the board is to provide aid, support, and education for alcohol and drug dependent citizens as well as those who are mentally handicapped. See Note 19, *Joint Venture*.

### Jointly Governed Organization

Warren County Board of Developmental Disabilities is a member of the Southwestern Ohio Council of Governments formed by Butler, Clermont, Greene, Hamilton, Montgomery, and Warren Counties. The purpose of this Council is to coordinate the powers and duties of the member counties to better serve and benefit persons with developmental disabilities. See Note 20, *Jointly Governed Organization*.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## B. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on the basis of funds each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses. The various funds are summarized by type in the basic financial statements. The County uses the following fund types:

#### **Governmental Funds**

Governmental funds are those funds through which most governmental functions typically are financed. The acquisition, use, and balances of the County's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is on determination of "financial flow" (sources and use and balances of financial resources). The following are the County's major governmental funds:

- General Fund This fund represents the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are sales and use tax, property transfer tax, real estate tax, state and local government fund receipts, investment earnings, and charges for services. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the laws of Ohio.
- *Board of Developmental Disabilities Fund* This fund is used to account for a County-wide property tax levy, federal and state grants, and reimbursements used for care and services for the mentally handicapped and developmentally disabled.
- Senior Citizens Service Levy Fund This fund accounts for tax levy proceeds which provide the source of funding for senior citizen services.
- Special Assessment Fund This fund is used to account for revenues received from special assessment collections from annual tax billings, which provide the source of financing for long-term debt incurred for water and sewer line construction and road improvements.
- County Road Projects Fund This fund is used to account for all revenue sources including federal/state grants and taxes used to finance road and bridge infrastructure projects.
- County Construction Projects Fund This fund is used to account for all revenue sources including federal/state and taxes used to finance construction and renovation of County owned land, buildings, and communication systems.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## B. Basis of Presentation - Fund Accounting (continued)

## **Governmental Funds** - continued

- COVID-19 Emergency Rental Assistance Fund This fund is used to account for federal monies received to provide rental and utility assistance to eligible County residents.
- Local Fiscal Recovery Fund This fund is used to account for federal monies received from the American Rescue Plan Act (ARPA) to support public health expenditures, replace lost revenue, support essential workers, and invest in water, sewer and broadband infrastructure.

# **Proprietary Funds**

All proprietary funds are accounted for on an economic resources measurement focus. This focus provides that all assets, liabilities, deferred outflows and inflows of resources associated with the operation of these funds are included on the Balance Sheet. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total position.

<u>Enterprise Funds</u> - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is for the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The County's major enterprise funds are:

- *Water Fund* This fund is used to account for the operation of the County's water service.
- Sewer Fund This fund is used to account for the operation of the County's sanitary sewer service.
- Sheriff Fund This fund is used to account for the policing services provided on a contractual basis to Deerfield Township, City of South Lebanon, Caesar Creek Litter Control, Greater Warren County Drug Task Force, and the Warren County Engineer's Office.

<u>Internal Service Funds</u> – These funds are used to account for the financing of goods or services provided by one department to other departments of the county on a cost-reimbursement basis. The five internal service funds operated by the County are:

- *Vehicle Maintenance Fund* This fund provides vehicle maintenance services to various County departments.
- *Health Insurance Fund* This fund accounts for the claims and administration of the health insurance program for covered County employees and eligible dependents.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## B. Basis of Presentation - Fund Accounting (continued)

## **Proprietary Funds** – continued

- *Workers' Compensation Self Insurance Fund* This fund was created to accumulate reserves and process claims for workers' compensation for all functions of county government.
- *Property and Casualty Insurance Fund* This fund accounts for the accumulation and allocation of premiums, deductibles, and risk management fees associated with the property and casualty insurance of the County.
- *Gasoline Fund* This fund accounts for centralized purchasing of gasoline provided to various departments of the County.

#### **Fiduciary Funds**

Fiduciary fund reporting focuses on net position and changes in net position. These funds are used to account for assets held by the County as a fiscal agent for individuals, private organizations, or other governmental units and therefore not available to support the County's own programs. The County's only fiduciary funds are custodial funds. These funds operate on an accrual basis of accounting.

# C. Basis of Presentation – Financial Statements

<u>Government-wide Financial Statements</u> – The Statement of Net Position and the Statement of Activities display information about the County as a whole. These statements include the financial activities of the primary government and it's discretely presented component unit, except for fiduciary funds. The statements distinguish between activities of the County that are governmental and those considered business-type. Internal Service fund activity is eliminated to avoid "doubling up" revenues and expenses. Inter-fund services provided and used are not eliminated in the process of consolidation.

The government-wide financial statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## C. Basis of Presentation - Financial Statements (continued)

The government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function or program of the County's governmental activities. Direct expenses are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

*Fund Financial Statements* – Fund financial statements report detailed information about the County. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column and non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a Balance Sheet, which generally includes only current assets, current liabilities, and deferred inflows of resources, and a Statement of Revenues, Expenditures, and Changes in Fund Balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, liabilities, and deferred outflows and inflows of resources associated with the operation of these funds are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Fund Net Position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The Statement of Cash Flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds are also accounted for on a flow of economic resources measurement focus. This measurement focus includes all assets, liabilities, and deferred inflows of resources associated with operation of these funds and are reported on the Statement of Net Position. The Statement of Changes in Net Position present increases (i.e., additions) and decreases (i.e., deductions) in net total position.

# D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses reported in the financial statements. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# D. Basis of Accounting (continued)

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (i.e., both measurable and available). The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which the County considers to be sixty days after year-end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for debt service and expenditures related to compensated absences which are recorded only when due.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include sales and use taxes, property taxes, grants, entitlements, and donations. Revenue from sales and use taxes is recognized in the period in which the income is earned and is available. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. Revenues considered susceptible to accrual at year-end include interest on investments and state levied locally shared taxes – including motor vehicle license fees and local government assistance. Other revenues, including licenses, permits, certain charges for services, and miscellaneous revenues are recorded when received in cash, because generally these revenues are not measurable until received.

Special assessment installments and related accrued interest, which are measurable but not available at December 31st, are recorded as deferred inflows of resources. Property taxes and payments in lieu of taxes are measurable as of December 31, 2021 but which are not intended to finance 2021 operations and delinquent property taxes, whose availability is indeterminate, are recorded as deferred inflows of resources.

The full accrual basis of accounting is utilized for reporting purposes by the government-wide statements, proprietary funds, and fiduciary funds. Revenues are recognized when they are earned and expenses are recognized when they are incurred.

# E. Budgetary Process

The budgetary process is prescribed by provisions of the ORC and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution – all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# E. Budgetary Process (continued)

All funds, other than custodial funds, are legally required to be budgeted and appropriated. The primary level of budget control is at the object level by organizational unit and/or department by function (Public Safety, Public Works, General Government, Debt Service, etc.) within a fund. Budgetary modifications may only be made through resolution of the County Commissioners.

#### Tax Budget

By July 15th, each County department must submit an annual tax budget for the following fiscal year to the County Commissioners for consideration and passage. The adopted budget is submitted to the County Auditor, as secretary of the County Budget Commission, by July 20th of each year, for the period January 1st to December 31st of the following year.

#### Estimated Resources

The County Budget Commission determines if the budget substantiates a need to levy all or part of previously authorized taxes and reviews estimated revenue. The Budget Commission then certifies its actions to the County by September 1st of each year. As part of the certification process, the County receives an official certificate of estimated resources which states the projected receipts by fund. Prior to December 31, the County must revise its budget so the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources.

The revised budget then serves as the basis for the annual appropriations measure. On or about January 1st, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or actual receipts exceed current estimates. The amounts reported on the budgetary statement reflect the amounts in the final amended official certificate of estimated resources issued during 2021.

#### **Appropriations**

A temporary appropriations resolution to control expenditures may be passed on or about January 1st of each year for the period January 1st through March 31st. An annual appropriations resolution must be passed by April 1st of each year for the period January 1st through December 31st. The appropriations resolution establishes spending controls at the fund, function, organizational unit and/or department, and object level. The appropriations resolution may be amended during the year by resolution of the County Commissioners as additional information becomes available, provided total fund appropriations do not exceed the current estimated resources.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## E. Budgetary Process (continued)

Expenditures may not legally exceed budgeted appropriations at the object level. Administrative control is maintained through the establishment of more detailed line-item budgets. Management may ask the County Commissioners to transfer appropriations within the object level (among line items) for an organizational unit and/or department provided total appropriations for that object and organizational unit and/or department do not exceed amounts established by the County Commissioners. The budgetary figures, which appear on the budgetary statements, are provided on the budgetary basis to provide a comparison of actual results with the final budget, including all amendments and modifications.

#### **Encumbrances**

As part of formal budgetary control, purchase orders, contracts, and other commitments for expenditures are encumbered and recorded as the equivalent of expenditures (budget basis) in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. However, on the generally accepted accounting principles (GAAP) basis of accounting, encumbrances do not constitute expenditures or liabilities.

#### Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriations balance is carried forward to the subsequent fiscal year and need not be reappropriated.

#### **Budgetary Basis of Accounting**

The County's budgetary process accounts for certain transactions on a basis other than GAAP. The major difference between the budgetary basis and the GAAP basis lies in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on the cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded basis of accounting.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### E. Budgetary Process (continued)

A reconciliation of the results of operations for the year from the GAAP basis to the budgetary basis for the General Fund and for the major special revenue funds are shown below:

| Net Change in Fund Balances                                    |    |              |     |                |                 |                   |              |  |  |  |

| Budget Basis   | \$ | 11,646,378   | \$  | (1,702,068)    | \$ (960,937)    | \$ 7,302,398      | \$ 9,151,171 |  |  |  |

# F. Cash, Cash Equivalents, and Investments

Cash balances of the County's funds, except cash held by a fiscal agent or in segregated accounts, are pooled and invested in short-term investments in order to provide improved cash management. Monies for all funds are maintained in this pool. Individual fund integrity is maintained in the pool through the County's records. Interest in the pool is presented on the financial statements as "cash, cash equivalents, and investments." Securities with original maturities of three months or less when purchased are considered to be cash equivalents.

The County has segregated bank accounts for monies held separate from the County's central bank accounts. These accounts are presented as "cash in segregated accounts" since they are not required to be deposited into the County treasury.

During 2021, investments were limited to U.S. treasury securities, certificates of deposit, municipal securities, commercial paper, corporate bonds and notes, U.S. agency securities, money market mutual funds, foreign government bonds, and STAR Ohio. Investments, except for money market mutual funds and STAR Ohio, are reported at fair value in accordance with GASB Statement No. 72, *Fair Value Measurements*.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# F. Cash, Cash Equivalents, and Investments (continued)

STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. The County measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For 2021, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million or more. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are valued at quoted prices in active markets for identical assets, Level 2 inputs are valued using broker quotes that utilize observable market inputs, and Level 3 inputs are significant unobservable inputs.

# G. Inventory

Inventory is stated at cost (first-in, first-out). The costs of inventory items are recorded as expenditures in the governmental funds when purchased and expenses in the proprietary funds when used.

# H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2021 are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

# I. Prepaid Water Contract

The County has entered into a contract with Cincinnati Waterworks to provide water to the County that will benefit periods beginning in 2000 until December 31, 2025. This item is recorded as a prepaid water contract in the Water Fund (enterprise) using the consumption method. This will reflect the current asset amount as a prepaid item and the expense in the year in which it is consumed.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# J. <u>Capital Assets</u>

General capital assets are associated with and generally arise from governmental activities and result from expenditures in the governmental funds. General capital assets are reported in the governmental activities' column of the government-wide Statement of Net Position but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activity column of the government-wide Statement of Net Position and in the fund.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and deletions during the year. Donated capital assets are recorded at their acquisition value as of the date received. The County maintains the following capitalization thresholds – \$10,000 for land, land improvements, and furniture, fixtures, and equipment and \$100,000 for buildings, structures, building improvements, and infrastructure. Improvements are capitalized, however, the costs of normal maintenance and repairs that do not add value to the asset or materially extend an asset's life are not.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital asset. Depreciation is computed using the straight-line method over the following useful lives:

| Description                             | Estimated Lives (in years) |
|---|----------------------------|
| Land Improvements                       | 5 – 10                     |
| Buildings, Structures, and Improvements | 20 – 50                    |
| Furniture, Fixtures, and Equipment      | 5 - 25                     |
| Infrastructure                          | 15 - 100                   |

# K. Bond Premiums/Discounts

Bond discounts when applicable for governmental and proprietary fund types are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of bonds payable and bond premiums are recorded as an increase to the face amount of bonds payable.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## L. Long-Term Obligations

Long-Term liabilities are being liquidated from the following funds:

| General Obligation Bonds   | Tax Increment Financing Fund<br>Radio System Bonds Fund<br>Jail Bonds Fund |
|--|--|
| Special Assessment Bonds<br>Tax Increment District Revenue Bonds | Special Assessment Fund<br>Tax Increment District Revenue Bond Fund        |
| Ohio Public Works Commission Loan                                | Ohio Public Works Commission (OPWC) Loan Fund<br>Sewer Fund                |
| Ohio Water Development Authority Loans                           | Water Fund<br>Sewer Fund   |

For compensated absences, 55% was liquidated from the General Fund, 13% from the Board of Developmental Disabilities Fund, 7% from the Sheriff Fund, and 4% from the Motor Vehicle and Gasoline Tax Fund. An additional 6% was liquidated from other enterprise funds and the remaining 15% was liquidated from other governmental and internal service funds. Net pension liabilities will be liquidated in a similar manner.

# M. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities, once incurred, are paid in a timely manner and in full from current financial resources and are reported as obligations of the funds. However, compensated absences paid from governmental funds are reported as a liability in the fund financial statements only to the extent due for payment during the current year. Bonds, capital leases, and long-term notes that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# N. Compensated Absences

In accordance with GASB Statement No. 16, *Accounting for Compensated Absences*, as interpreted by GASB Interpretation No. 6, *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*, vacation and compensatory time are accrued as liabilities when an employee's right to receive compensation is attributable to services already rendered and is probable the employee will be compensated through paid time off or some other means – such as cash payments at termination or retirement. Leave time earned but unavailable for use as paid time off or as some other form of compensation, because the employee has not met the minimum service time requirement, is accrued to the extent it is considered probable conditions for compensation will be met in the future.

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees eligible to receive termination payments as of the Balance Sheet date, and on leave balances accumulated by other employees expected to become eligible in the future to receive such payments.

For governmental funds, the portion of unpaid compensated absences that is due and payable as of yearend using expendable, available resources is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Matured Compensated Absences Payable."

# O. Grants and Other Intergovernmental Revenues

Local governmental fund revenues are recorded as receivables and revenue when measurable and available. Assistance awards made on the basis of entitlement are recorded as intergovernmental receivables and revenues when entitlement occurs. Federal and state reimbursement-type grants for the acquisition or construction of capital assets in proprietary funds are receivables and capital contributions when the related expenses are incurred.

All other federal and state reimbursement-type grants are recorded as receivables and revenues when the related expenditures/expenses are incurred. Grants received in advance are recorded as unearned revenue until eligible expenses/expenditures are incurred.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## P. Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues are those revenues generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water treatment and distribution, wastewater collection and treatment, policing services to other governments, and communications maintenance services. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

# **Q.** Special Assessments

The County reports special assessment bonds in the governmental activities on the government-wide Statement of Net position. These bonds are secured by liens on assessed properties and are also backed by the full faith and credit of the County. Special assessment debt service payments are recorded in the Special Assessment Fund. Capital outlay financed by special assessments are recorded in the capital projects funds.

#### R. Restricted Assets

Restricted cash and cash equivalents with fiscal agent reported in the Water Fund represents escrow funds for retainage that will be released to contractors once projects are finalized.

# S. Self-Funded Insurance

The County is self-funded for employee health care, prescription, dental, vision, and workers' compensation benefits. The programs are administered by United Health Care, Optum RX, Dental Care Plus, EyeMed, and Sedgwick Inc. which provide claims review and processing services. For health care, prescription, dental and vision, each County fund is charged for its proportionate share of covered employees. The County records a liability in claims payable for incurred but unreported claims at year-end based upon an analysis of historical claims and expenses. For workers' compensation, each County fund is charged for actual claims paid plus administrative fees based upon number of employees per department.

# T. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# U. Fund Balance

<u>Classification of Fund Balance</u> – In accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the County's fund balances are divided into five classifications based primarily on the extent to which the County must observe constraints imposed upon the use of its governmental fund resources. The classifications are as follows:

<u>Nonspendable</u> – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

<u>Restricted</u> – Fund balance is restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or is imposed by law through constitutional provisions.

<u>Committed</u> – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of County Commissioners. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned</u> – Assigned fund balance classification balances are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. Assigned amounts in the General Fund are for amounts encumbered by the Board of County Commissioners using purchase orders.

<u>Unassigned</u> – Unassigned fund balance is the residual classification for the General Fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

# NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# V. Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, and net of outstanding balances of any borrowings related to the acquisition, construction, or improvements of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

# W. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. These amounts are deferred and recognized as inflow of resources in the periods that the amounts become available or for the periods in which they are to be used.

# X. Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension liability, net pension and OPEB assets, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

# NOTE 2—DEFICIT FUND EQUITIES

At December 31, 2021, the Nonmajor Workforce Investment Board Fund had a deficit fund balance of \$99,240, the Nonmajor Pass Through Grants Fund had a deficit fund balance of \$76,726, and the Sheriff Fund had a deficit net position of \$6,724,218.

The deficit fund balance/net position for these funds arises from the recognition of expenditures on the modified accrual basis/accrual basis, which are greater than expenditures/expenses recognized on the budgetary/cash basis. The deficit does not exist under the cash basis of accounting. The General Fund provides transfers when cash is required, not when accruals occur.

# NOTE 3—RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances includes a reconciliation between net changes in fund balances—total governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. The following is a detailed listing of those reconciling items that are net adjustments or a combination of several transactions:

Amount by which capital outlay exceed depreciation in the current period:

| Capital Asset Additions     | \$<br>28,595,437 |
|-----------------------------|------------------|
| Capital Asset Contributions | 86,957           |
| Depreciation Expense        | <br>(6,893,711)  |
|                             | \$<br>21,788,683 |

Governmental revenues not reported in the funds:

| Increase in Intergovernmental Revenue    | \$<br>1,845,773 |
|--|-----------------|
| Increase in Interest Revenue             | 107,279         |
| Decrease in Special Assessment Revenue   | (253,751)       |
| Decrease in Charges for Services Revenue | <br>(3,317)     |
|  | \$<br>1,695,984 |

# **NOTE 3—RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS** (continued)

Net amount of long-term debt issuance and bond and loan principal payments:

| General Obligation Bonds Principal Payments            | \$<br>10,600,000 |
|--|------------------|
| Special Assessment Bonds Principal Payments            | 261,992          |
| Tax Increment District Revenue Bonds Issuance          | (1,620,000)      |
| Tax Increment District Revenue Bonds Principal Payment | 388,000          |
| OPWC Loan Payments                                     | 112,716          |
| Amortization of Bond Premiums                          | <br>500,151      |
|  | \$<br>10,242,859 |

*Expenses not requiring the use of current financial resources:* 

| Decrease in Compensated Absences Payable | \$<br>(108,719) |
|--|-----------------|
| Decrease in Supplies Inventory           | <br>(727,673)   |
|  | \$<br>(836,392) |

# NOTE 4—FUND BALANCE CLASSIFICATIONS

Fund balance is classified as nonspendable, restricted, committed, assigned, and unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

|                                    | General       | Board of<br>Developmental<br>Disabilities | Senior<br>Citizens<br>Service Levy | Special<br>Assessment | County Road<br>Projects | County<br>Construction<br>Projects | Other<br>Governmental<br>Funds | Total<br>Governmental<br>Funds |
|------------------------------------|---------------|---|------------------------------------|-----------------------|-------------------------|------------------------------------|--------------------------------|--------------------------------|
| -<br>Nonspendable:                 |               |   | ·····,                             |                       | -,                      | - ,                                |                                |                                |
| Inventory of Supplies              | \$ 26,735     | \$-                                       | \$-                                | \$-                   | \$ -                    | \$ 75,000                          | \$ 788,459                     | \$ 890,194                     |

The County established, by resolution, a budget stabilization reserve, permitted by ORC Section 5705.13(A)(1). The reserve is designed to accumulate resources to stabilize budgets against cyclical changes in revenues and expenditures. The balance is not to exceed one-sixth of the expenditures from the General Fund from the previous year. As of December 31, 2021, the reserve balance was \$12,000,000 and is included in the General Fund's unassigned fund balance.

# NOTE 5—DEPOSITS AND INVESTMENTS

Monies held by the County are classified by State statute into two categories—active and inactive. Active monies are public monies determined to be necessary to meet current demands upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal accounts, or in money market deposit accounts.

Monies held by the County that are not considered active are classified as inactive. Inactive monies may be deposited or invested with certain limitations in the following securities, provided the County has filed a written investment policy with the Ohio Auditor of State:

- United States Treasury bills, notes, bonds, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to the principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Federal Agricultural Mortgage Corporation. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above, provided the fair value of the securities subject to the repurchase agreement exceed the principal value of the agreement by at least 2% and be marked to fair value daily, and the term of the agreement does not exceed thirty days;
- Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts, in eligible institutions pursuant to ORC sections 135.32;
- Bond and other obligations of the State of Ohio or its political subdivisions;
- No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service or consisting exclusively of obligations described in the first two bullets above and repurchase agreements secured by such obligations, provided these investments are made only through eligible institutions;
- The State Treasury Asset Reserve of Ohio (STAR Ohio);
- Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange either securities or cash equal value for equal value;
- Up to 40% of the County's interim monies available for investment in either the following: 1) commercial paper notes rated in the highest classification by at least two nationally recognized standard rating services at the time of purchase maturing in a period not to exceed 270 days, and 2) bankers' acceptances which mature within 180 days after purchase; and

# NOTE 5—DEPOSITS AND INVESTMENTS (continued)

- Up to 15% of the County's total average portfolio in notes issued by U.S. corporations or by depository institutions doing business under authority granted by the U.S., provided: 1) the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase, and 2) the notes mature within 3 years from the date of purchase
- Debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the U.S. government, up to 2% of the County's total average portfolio.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivative instruments are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited.

# A. <u>Deposits</u>

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned. The County's policy as it relates to custodial credit risk is to follow the ORC Chapter 135, as well as practice sound financial management principles focusing on diversification of deposits. Protection of County cash and deposits is provided by the Federal Deposit Insurance Corporation (FDIC), the Treasurer of State's Ohio Pooled Collateral System (OPCS). Ohio law requires deposits to be either insured or protected by:

- Eligible securities pledged to the County and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times at 105% of the deposits being secured; or
- The financial institution's participation in the OPCS, a collateral pool of eligible securities deposited with a qualified trust and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102% of all uninsured public deposits being secured, or a rate set by the Treasurer of State.

At year end, the carrying amount of the County's deposits was \$7,571,197 and the bank balance was \$10,950,939. FDIC covered \$2,331,791. The remaining balance was collateralized as follows: pledged collateral held in the County's name by the financial institution's trust department in the amount of \$2,859,059; and OPCS in the amount of \$5,760,089. The County had \$160,263 in undeposited cash on hand at December 31, 2021 that was included as Cash, Cash Equivalents, and Investments in the statements of financial position. The County also had \$523,908 held in an outside joint escrow account that was reported as "Restricted Cash and Cash Equivalents with Fiscal Agent" on the statements of financial position.

# NOTE 5—DEPOSITS AND INVESTMENTS (continued)

# A. <u>Deposits</u> (continued)

At year end, the Southwest Ohio Regional Council of Governments was holding deposits in the amount of \$9,981,261 that are reported as "Cash and Cash Equivalents with Fiscal Agent" on the statements of financial position.

Cash and cash equivalents in the amount of \$11,940,552 for the component unit, TID, are considered active funds for immediate use maintained either as cash, depository accounts payable or able to be withdrawn on demand. See Note 22, *Warren County Transportation Improvement District*, for additional information.

#### B. Investments

The County's investments at December 31, 2021 are summarized as follows:

|                                   |    |             | Weighted |               |
|-----------------------------------|----|-------------|----------|---------------|

# NOTE 5—DEPOSITS AND INVESTMENTS (continued)

# B. Investments (continued)

*Credit Risk*—The County limits its credit risk by placing most of its available funds in obligations of the U.S. government or its agencies, STAR Ohio, and certificates of deposit. The County also invests small amounts in money market funds that are invested solely in U.S. Treasury and U.S. government agency obligations. Even though commercial paper is an ORC authorized investment, because it is associated with higher credit risk, the County has limited its use in the County's portfolio to times when rates in excess of those provided by STAR Ohio can be obtained. Based on Standard & Poor's, the County's investments in: U.S. agency obligations were rated AA+; commercial paper were rated A-1; corporate bonds and notes were rated A to AA+; foreign government bonds were rated AA-; and U.S. money market funds and STAR Ohio were rated AAAm. The certificates of deposit are not rated. Not all of the municipal securities were rated. For the municipal securities that were rated, their Standard & Poor's ratings ranged from BBB- to AAA and a short-term note rating of SP-1+.

*Concentration of Credit Risk*—The County places no limit on the amount invested in one issuer beyond those established by ORC.

Interest Rate Risk—Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with the investment and depository policy, the County manages its exposure to declines in fair value by limiting the maximum maturity of investments in its portfolio to five years. The only exceptions are some bonds issued by Ohio municipalities with longer maturities and AA or better ratings authorized by ORC and with the approval of the County's Investment Advisory Board.

*Custodial Credit Risk*—Custodial credit risk is the risk that in the event of a failure of a counter party, the County will not be able to recover the value of its investments or collateral securities in the possession of that outside party. The County's investments are held in custody by a third-party professional trustee. The trustee is required by federal regulation and supervision to hold assets separate and segregated from its own assets. The County's investment policy does not address custodial risk.

*Foreign Currency Risk*—Foreign currency risk is the risk that changes in exchange rates will adversely impact the local currency value of an investment. The County's investment policy does not address foreign currency risk. Pursuant to ORC Sec. 135.35(10), the County's exposure is limited to 2% of the total average portfolio.

# NOTE 6—TAXES

# A. Property Taxes

Property taxes include amounts levied against all real, public utility, and tangible personal property located in the County. Taxes from real property (other than public utility) collected during 2021 were levied after October 1, 2020 on assessed values as of January 1, 2020, the lien date. Assessed values are established by the County Auditor at 35% of appraised market value. All property is required to be revalued sexennial, with a triennial update. Real property taxes are payable annually or semi-annually. If paid annually, payment is due February 25th; if paid semi-annually, the first payment is due February 25th, with the remainder payable by July 15th. In certain circumstances, State statute permits earlier or later payment dates to be established.

Public utility tangible personal property taxes collected one calendar year are levied on the preceding year's assessed values as of the tax lien date of January 1st of that preceding year. Public utility tangible personal property values are assessed by the Ohio Tax Commissioner at various assessment rates depending on the type of utility and type of property. Public utility personal property taxes are payable on the same dates as real property taxes described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected, with final settlements in April and September for taxes payable in the first and second halves of the year, respectively. The full tax rate of all County operations for the 2021 tax collection year was \$6.28 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which the 2021 property tax levy was based totaled \$8,043,339,290, which was comprised of \$7,603,790,610 in real property and \$439,548,680 in public utility personal property.

Ohio law prohibits taxation of property from all taxing authorities in excess of 10 mills of assessed value without a vote of the people. Under current procedure, the County's unvoted share of the 10 mills is up to 2.57 mills of assessed value. The County is levying the full 2.57 mills on assessed value.

# B. Other Taxes

In addition to property taxes, certain other taxes are recognized as revenue by the County. These taxes include the 1.25% County-levied sales tax, gasoline taxes, property transfer taxes, casino tax, and miscellaneous other taxes which have various lien, levy and collection dates.

# NOTE 7—RECEIVABLES

Receivables at December 31, 2021 consist of taxes, payments in lieu of taxes, accounts, intergovernmental, interest, special assessments, interfund, and loans. All receivables are considered collectible in full.

# NOTE 8—INTERFUND RECEIVABLES AND PAYABLES

Interfund balances are expected to be repaid within one year or less. The following balances at December 31, 2021 represent interfund loans receivable and payable:

|                       |      | Interfund Loans |          |           |  |  |
|-----------------------|------|-----------------|----------|-----------|--|--|
|                       | Rece | eivables        | Payables |           |  |  |
| Governmental Funds:   |      |                 |          |           |  |  |
| County Road Projects  | \$   | -               | \$       | 1,597,168 |  |  |
| Other Governmental    |      | 1,597,168       |          | -         |  |  |
| Total Interfund Loans | \$   | 1,597,168       | \$       | 1,597,168 |  |  |

The purpose of the interfund loans is to allow some funds to operate and pay vendors timely with cash while awaiting anticipated revenue. Loans are often used as a means of short-term financing for projects and cash flows for reimbursable grants.

The following balances at December 31, 2021 represent due to and from other funds:

|                                      |          | Other Funds |    |         |  |  |
|--------------------------------------|----------|-------------|----|---------|--|--|
|                                      | Due From |             |    | Due To  |  |  |
| Governmental Funds:                  |          |             |    |         |  |  |
| General                              | \$       | 19,983      | \$ | 311,616 |  |  |
| Board of Developmental Disabilities  |          | -           |    | 49,794  |  |  |
| County Road Projects                 |          | 51,694      |    | -       |  |  |
| COVID-19 Emergency Rental Assistance |          | -           |    | 483     |  |  |
| Other Governmental                   |          | 31,696      |    | 131,811 |  |  |
| Total Governmental Funds             |          | 103,373     |    | 493,704 |  |  |
| Proprietary Funds:                   |          |             |    |         |  |  |
| Water                                |          | -           |    | 67,255  |  |  |
| Sewer                                |          | -           |    | 64,726  |  |  |
| Sheriff                              |          | -           |    | 51,746  |  |  |
| Nonmajor Enterprise Funds            |          | 477         |    | 244     |  |  |
| Internal Service Funds               |          | 574,193     |    | 368     |  |  |
| Total Proprietary Funds              |          | 574,670     |    | 184,339 |  |  |
| Total                                | \$       | 678,043     | \$ | 678,043 |  |  |

The purpose of due to and from other funds is to account for amounts due between different funds for billings, such as postage, telephone, vehicle maintenance, gasoline, drug testing, workers' compensation chargebacks, and unemployment chargebacks.

# **NOTE 9—TRANSFERS**

The following balances at December 31, 2021 represent transfers in and transfers out:

|                              | Transfers In |           | Tra | ansfers Out |
|------------------------------|--------------|-----------|-----|-------------|
| Governmental Funds:          |              |           |     |             |
| General                      | \$           | -         | \$  | 24,337,555  |
| County Road Projects         | 1            | 0,717,855 |     | -           |
| County Construction Projects |              | 8,914,000 |     | 10,094,325  |
| Other Governmental           | 1            | 5,392,348 |     | 830,571     |
| Total Governmental Funds     | \$ 3         | 5,024,203 | \$  | 35,262,451  |
| Proprietary Funds:           |              |           |     |             |
| Internal Service Funds       |              | 238,248   |     | -           |
| Total Proprietary Funds      |              | 238,248   |     | _           |
| Total                        | \$3          | 5,262,451 | \$  | 35,262,451  |

The principle purpose for interfund transfers is to provide additional funding for current operations of certain special revenue funds, to segregate money for construction of capital assets, and to pay general obligation debt.

# NOTE 11—DEFINED BENEFIT PENSION PLANS

# **Net Pension Liability/Asset**

The net pension liability/asset reported on the Statement of Net Position represents a liability to or an asset for employees for pensions. Pensions are a component of exchange transactions--between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee— on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

# NOTE 11—DEFINED BENEFIT PENSION PLANS (continued)

The net pension liability/asset represents the County's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually. ORC limits the County's obligation for this liability/asset to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension.

GASB Statement No. 68 assumes the liability/asset is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability/asset. Resulting adjustments to the net pension liability/asset would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. The proportionate share of each plan's funded benefits is presented as a long-term *net pension asset*. Any liability for the contractually required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

# Plan Description - Ohio Public Employees Retirement System (OPERS)

Substantially all County employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multipleemployer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan and the Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g., County employees) may elect the Member-Directed Plan and the Combined Plan, substantially all employee members are in OPERS' Traditional Pension Plan.

# NOTE 11—DEFINED BENEFIT PENSION PLANS (continued)

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Plan and Combined Plan. Members of the Member-Directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the ORC, updated by HB 520. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting https://www.opers.org/financial/reports.shtml, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS Annual Comprehensive Financial Report referenced above for additional information):

| <b>Group A</b><br>Eligible to retire prior to<br>January 7, 2013 or five years<br>After January 7, 2013  | <b>Group B</b><br>Eligible to retire prior to<br>January 7, 2013 or five years<br>After January 7, 2013  | <b>Group C</b><br>Eligible to retire prior to<br>January 7, 2013 or five years<br>After January 7, 2013  |
|--|--|--|
| State and Local  | State and Local  | State and Local  |
| Age and Service Requirement:Age 60 with 5 years of service creditor Age 55 with 25 years of service creditFormula:2.2% of FAS multiplied by years ofservice for the first 30 years and 2.5%for service years in excess of 30 years | Age and Service Requirement:<br>Age 60 with 5 years of service credit<br>or Age 55 with 25 years of service credit<br>Formula:<br>2.2% of FAS multiplied by years of<br>service for the first 30 years and 2.5%<br>for service years in excess of 30 years | Age and Service Requirement:<br>Age 57 with 25 years of service credit<br>or Age 62 with 5 years of service credit<br>Formula:<br>2.2% of FAS multiplied by years of<br>service for the first 35 years and 2.5%<br>for service years in excess of 35 years |
| Law Enforcement  |  |  |
| Age and Service Requirements:<br>Age 52 with 15 years of service credit  | Age and Service Requirements:<br>Age 48 with 25 years of service credit<br>or Age 52 with 15 years of service credit   | Age and Service Requirements:<br>Age 48 with 25 years of service credit<br>or Age 56 with 15 years of service credit   |
| <b>Formula:</b><br>2.5% of FAS multiplied by year of<br>service for the first 25 years and 2.1%<br>for service years in excess of 25   | <b>Formula:</b><br>2.5% of FAS multiplied by year of<br>service for the first 25 years and 2.1%<br>for service years in excess of 25   | <b>Formula:</b><br>2.5% of FAS multiplied by year of<br>service for the first 25 years and 2.1%<br>for service years in excess of 25   |

FAS represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

# NOTE 11—DEFINED BENEFIT PENSION PLANS (continued)

# Plan Description - Ohio Public Employees Retirement System (OPERS) (continued)

When a benefit recipient retiring under the Traditional Pension Plan has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided on the member's base benefit. Members retiring under the Combined Plan receive a cost-of-living adjustment on the defined benefit portion of their benefit. The cost-of-living increase varies somewhat but is generally defined as Consumer Price Index not to exceed 3%.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's FAS for the first 30 years of service. A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS for the first 35 years of service and a factor of 1.25% is applied to years retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined Plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-Directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contributions, vested employer contributions and investment gains or losses resulting from the members' investment gains or losses resulting service to apply for retirement benefits. The amount available for defined contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year.

At retirement, members may select one of several distribution options for payment of the vested balance of their individual OPERS accounts. Options include the purchase of a monthly defined benefit annuity from OPERS (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options. For additional information, see the Plan Statement in the OPERS Annual Comprehensive Financial Report.

# NOTE 11—DEFINED BENEFIT PENSION PLANS (continued)

#### Plan Description - Ohio Public Employees Retirement System (OPERS) (continued)

Funding Policy - The ORC provides statutory authority for member and employer contributions as follows:

|   | State and | Law         |
|---|-----------|-------------|
|   | Local     | Enforcement |
| 2021 Statutory Maximum Contribution Rates |           |             |
| Employer                                  | 14.0%     | 18.1%       |
| Employee                                  | 10.0%     | **          |
|   |           |             |
| 2021 Actual Contribution Rates            |           |             |
| Employer:                                 |           |             |
| Pension*                                  | 14.0%     | 18.1%       |
| Post-employment Health Care Benefits*     | 0.0%      | 0.0%        |
|   | 1100/     | 10.10/      |
| Total Employer                            | 14.0%     | 18.1%       |
| Employee                                  | 10.0%     | 13.0%       |

\* For the Member-Directed Plan, employer contributions rates were 10% and 4% for pension and post-employment health care benefits, respectively.

\*\* This rate is also determined by OPERS' Board, but is limited by ORC to not more than 2% greater than the Public Safety rate.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution was \$9,511,210 for 2021. Of this amount, \$393,278 is reported as an intergovernmental payable.

# Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability/asset for OPERS was measured as of December 31, 2020, and the total pension liability/asset used to calculate the net pension liability/asset was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability/asset was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities.

# NOTE 11—DEFINED BENEFIT PENSION PLANS (continued)

# Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Following is information related to the proportionate share and pension expense:

# **Actuarial Assumptions – OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation.

# NOTE 11—DEFINED BENEFIT PENSION PLANS (continued)

## **Actuarial Assumptions – OPERS** (continued)

The total pension liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Actuarial<br>Information      | Traditional Pension<br>Plan   | Combined Plan   | Member-Directed<br>Plan   |
|-------------------------------|---|---|---|
| Wage Inflation                | 3.25%   | 3.25%   | 3.25%   |
| Projected Salary<br>Increases | 3.25% - 10.75%<br>(includes wage<br>inflation at 3.25%)   | 3.25% - 8.25% (includes<br>wage inflation at<br>3.25%)  | 3.25% - 8.25%<br>(includes wage<br>inflation at 3.25%)  |
| Investment Rate of<br>Return  | 7.20%   | 7.20%   | 7.20%   |
| Actuarial Cost<br>Method      | Individual Entry Age  | Individual Entry Age  | Individual Entry Age  |
| COLA                          | Pre 1/7/2013 Retirees:<br>3.00% Simple<br>Post 1/7/2013 Retirees:<br>0.50% Simple through<br>2021, then 2.15%<br>Simple | Pre 1/7/2013 Retirees:<br>3.00% Simple<br>Post 1/7/13 Retirees:<br>0.50% Simple through<br>2021, then 2.15%<br>Simple | Pre 1/7/2013 Retirees:<br>3.00% Simple<br>Post 1/7/13 Retirees:<br>0.50% Simple<br>through 2021, then<br>2.15% Simple |

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

# NOTE 11—DEFINED BENEFIT PENSION PLANS (continued)

## **Actuarial Assumptions – OPERS** (continued)

The discount rate used to measure the total pension liability was 7.2% for the Traditional Pension Plan, Combined Plan and Member-Directed Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Traditional Pension Plan, Combined Plan and Member-Directed Plan was applied to all periods of projected benefit payments to determine the total pension liability.

The following table presents the County's proportionate share of the net pension liability or asset calculated using the discount rate of 7.2%, and the County's proportionate share of the expected net pension liability or asset if it were calculated using a discount rate that is 1.0% lower or 1.0% higher than the current rate.

|   |                       | Current                 |                       |
|---|-----------------------|-------------------------|-----------------------|
|   | 1% Decrease<br>(6.2%) | Discount Rate<br>(7.2%) | 1% Increase<br>(8.2%) |
| County's proportionate share of the net pension liabilty/(asset): |                       |                         |                       |
| Traditional Pension Plan  | \$121,145,150         | \$63,509,733            | \$15,585,976          |
| Combined Plan   | (\$788,441)           | (\$1,106,868)           | (\$1,388,597)         |
| Member-Directed Plan  | (\$59,976)            | (\$68,331)              | (\$74,970)            |

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans.

# NOTE 11—DEFINED BENEFIT PENSION PLANS (continued)

# Actuarial Assumptions - OPERS (continued)

The table below displays the Board-approved asset allocation policy for 2020 and the long-term expected real rates of return:

|                        |            | Weighted Average<br>Long-Term Expected |
|------------------------|------------|--|
|                        | Target     | Real Rate of Return                    |
| Asset Class            | Allocation | (Arithmetic)                           |
| Fixed Income           | 25.00%     | 1.32%                                  |
| Domestic Equities      | 21.00%     | 5.64%                                  |
| Real Estate            | 10.00%     | 5.39%                                  |
| Private Equity         | 12.00%     | 10.42%                                 |
| International Equities | 23.00%     | 7.36%                                  |
| Other investments      | 9.00%      | 4.75%                                  |
| Total                  | 100.00%    | 5.43%                                  |

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2020, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 11.7% for 2020.

**Changes Subsequent to the Measurement Date** In September 2021, the Board completed its 5-year experience study for the period 2016-2020. The Board approved several changes to plan, including a decrease to the assumed pension investment rate of return from 7.20% to 6.90%, effective January 1, 2022. These changes are not reflected in the current year financial statements but are expected to increase the associated pension liability.

#### NOTE 12—DEFINED BENEFIT OPEB PLAN

#### Net OPEB Asset

The net OPEB asset reported on the statement of net position represents an asset for employees for OPEB. OPEB is a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB asset represents the County's proportionate share of the OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of the OPEB plan's fiduciary net position. The net OPEB asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the County's obligation for any liability to annually required payments. The County cannot control benefit terms or the manner in which OPEB are financed; however, the County does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB Statement No. 75 assumes any liability is solely the obligation of the employer because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB asset. Resulting adjustments to the net OPEB asset would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of the funded benefits is presented as a long-term *net OPEB asset* on the accrual basis of accounting. Any liability for the contractually required OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

#### Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

# NOTE 12—DEFINED BENEFIT OPEB PLAN (continued)

#### Plan Description - Ohio Public Employees Retirement System (OPERS) (continued)

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' Annual Comprehensive Financial Report referenced below for additional information.

The ORC permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the ORC.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting https://www.opers.org/financial/reports.shtml, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy – The ORC provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2021, state and local employers contributed at a rate of 14.0% of earnable salary and public safety and law enforcement employers contributed at 18.1%. These are the maximum employer contribution rates permitted by the ORC. Active member contributions do not fund health care.

# NOTE 12—DEFINED BENEFIT OPEB PLAN (continued)

#### Plan Description - Ohio Public Employees Retirement System (OPERS) (continued)

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 0% during calendar year 2021. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2021 was 4.0%.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The County's contractually required contribution was \$95,024 for 2021. Of this amount, \$3,929 is reported as an intergovernmental payable.

## OPEB Asset, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB asset and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2019, rolled forward to the measurement date of December 31, 2020, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The County's proportion of the net OPEB asset was based on the County's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

| Proportionate Share of the Net OPEB Asset | \$7,577,596       |
|---|-------------------|
| Proportion of the Net OPEB Asset:         |                   |
| Current Measurement Period                | 0.470810%         |
| Prior Measurement Period                  | <u>0.457914</u> % |
| Change in Proportionate Share             | 0.012896%         |
| Negative OPEB Expense                     | (\$46,191,425)    |

#### NOTE 12—DEFINED BENEFIT OPEB PLAN (continued)

## OPEB Asset, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (continued)

At December 31, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| Deferred Outflows of Resources   |                               |
|--|-------------------------------|
| Differences between expected and   |                               |
| Change in assumptions  | \$<br>3,725,233               |
| Changes in proportion  | 654,324                       |
| County contributions subsequent to the<br>measurement date   | <br>95,024                    |
| Total Deferred Outflows of Resources   | \$<br>4,474,581               |
|  |                               |
| Deferred Inflows of Resources<br>Differences between expected and  |                               |
| Differences between expected and   | \$<br>6,838,737               |
| Differences between expected and<br>actual experience<br>Change in assumptions   | \$<br>6,838,737<br>12,277,978 |
| Differences between expected and actual experience   | \$                            |
| Differences between expected and<br>actual experience<br>Change in assumptions   | \$                            |
| Differences between expected and<br>actual experience<br>Change in assumptions<br>Net difference between projected and | \$<br>12,277,978              |

\$95,024 reported as deferred outflows of resources related to OPEB resulting from County contributions subsequent to the measurement date will be recognized as an addition to the net OPEB asset in the year ending December 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Year Ending December 31: |       |                  |
|--------------------------|-------|------------------|
| 2022                     |       | \$<br>10,033,816 |
| 2023                     |       | 6,811,469        |
| 2024                     |       | 1,753,852        |
| 2025                     |       | 475,557          |
|                          | Total | \$<br>19,074,694 |

## NOTE 12—DEFINED BENEFIT OPEB PLAN (continued)

#### **Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2019, rolled forward to the measurement date of December 31, 2020.

The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB Statement No. 74:

| Actuarial Information      |                                       |
|----------------------------|---------------------------------------|
| Single Discount Rate:      |                                       |
| Current Measurement Period | 6.00%                                 |
| Prior Measurement Period   | 3.16%                                 |
| Investment Rate            | 6.00%                                 |
| Municipal Bond Rate:       |                                       |
| Current Measurement Period | 2.00%                                 |
| Prior Measurement Period   | 2.75%                                 |
| Wage Inflation             | 3.25%                                 |
| Projected Salary Increases | 3.25%-10.75%                          |
|                            | (includes wage inflation at 3.25%)    |
| Health Care Cost Trend:    |                                       |
| Current Measurement Period | 8.5% initial, 3.50% ultimate in 2035  |
| Prior Measurement Period   | 10.5% initial, 3.50% ultimate in 2030 |
| Actuarial Cost Method      | Individual Entry Age Normal           |
|                            |                                       |

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year desting the stables are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively.

## NOTE 12—DEFINED BENEFIT OPEB PLAN (continued)

#### **Actuarial Assumptions – OPERS** (continued)

Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

The long-term expected rate of return on health care investment assets was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2020, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was 10.5% for 2020.

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit.

#### NOTE 12—DEFINED BENEFIT OPEB PLANS (continued)

#### **Actuarial Assumptions – OPERS** (continued)

The table below displays the Board-approved asset allocation policy for 2020 and the long-term expected real rates of return:

|                        | Target     | Weighted Average<br>Long-Term Expected<br>Real Rate of Return |
|------------------------|------------|---|
| Asset Class            | Allocation | (Arithmetic)  |
| Fixed Income           | 34.00%     | 1.07%   |
| Domestic Equities      | 25.00%     | 5.64%   |
| REITs                  | 7.00%      | 6.48%   |
| International Equities | 25.00%     | 7.36%   |
| Other investments      | 9.00%      | 4.02%   |
| Total                  | 100.00%    | 4.43%   |

**Discount Rate** A single discount rate of 6.00% was used to measure the OPEB liability on the measurement date of December 31, 2020. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00% and a municipal bond rate of 2.00%. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through year 2120. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2120, the duration of the projection period through which projected health care payments are fully funded.

**Sensitivity of the County's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate** The following table presents the County's proportionate share of the net OPEB asset calculated using the single discount rate of 6.00%, as well as what the County's proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is one-percentage-point lower (5.00%) or onepercentage-point higher (7.00%) than the current rate:

## NOTE 12—DEFINED BENEFIT OPEB PLAN (continued)

#### **Actuarial Assumptions – OPERS** (continued)

|                                 |             | Current       |              |
|---------------------------------|-------------|---------------|--------------|
|                                 | 1% Decrease | Discount Rate | 1% Increase  |
|                                 | (5.00%)     | (6.00%)       | (7.00%)      |
| County's proportionate share of |             |               |              |
| the net OPEB asset              | \$1,884,213 | \$7,577,596   | \$12,258,015 |

Sensitivity of the County's Proportionate Share of the Net OPEB Asset to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB asset. The following table presents the net OPEB asset calculated using the assumed trend rates, and the expected net OPEB asset if it were calculated using a health care cost trend rate that is 1.0% lower or 1.0% higher than the current rate.

|                                 |             | Current Health |             |  |  |  |

|                                 | Care Cost   |                |             |  |  |  |
|                                 |             | Trend Rate     |             |  |  |  |
|                                 | 1% Decrease | Assumption     | 1% Increase |  |  |  |
| County's proportionate share of |             |                |             |  |  |  |
| the net OPEB asset              | \$7,762,275 | \$7,577,596    | \$7,370,972 |  |  |  |

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2021 is 8.50%. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuary's project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50% in the most recent valuation.

# NOTE 13—COMPENSATED ABSENCES

The costs of vacation and sick leave benefits are recorded as they are earned. Employees earn vacation leave at varying rates based upon length of service. Sick leave is accumulated at a rate of four and six tenths' hours per eighty hours of bi-weekly service and pro-rated for hours less than eighty. Sick leave is also earned on overtime hours at .0575 for every hour worked. Sick and vacation leave are cumulative without limit.

At December 31, 2021, the County's accumulated, unpaid compensated absences amounted to \$8,919,674. Of this amount, \$7,713,239 is recorded as governmental activities on the government-wide Statement of Net Position (\$389,590 is reported as due within one year), and \$1,206,435 is recorded as business-type activities (\$61,587 is reported as due within one year).

At December 31, 2021, the liability recorded for Governmental Activities within the Statement of Net Position representing unpaid vacation time, sick leave, and compensatory time was as follows:

|                   |         |                 | A  | Amount Due    |
|-------------------|---------|-----------------|----|---------------|
|                   | Hours   | Balance         | Wi | thin One Year |
| Vacation Time     | 156,396 | \$<br>4,585,840 | \$ | 300,397       |
| Sick Time         | 91,060  | 2,771,833       |    | 89,193        |
| Compensatory Time | 12,847  | <br>355,566     |    | -             |
| Total             | 260,303 | \$<br>7,713,239 | \$ | 389,590       |

# NOTE 14—LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS

#### **General Obligation Bonds**

General obligation bonds are secured by the County's ability to levy a voted or unvoted property tax within limitations of Ohio law.

The 2010 Road and Interchange Bonds were issued to finance the costs of the design and engineering of modifications to the I-71 and Fields-Ertel Road/Mason-Montgomery Road interchange and the I-71 and Western Row Road interchange.

The direct placement 2013 Radio System Acquisition Bonds were issued to finance the acquisition of a radio system to assist the police and fire departments throughout Warren County.

The 2019 Jail Construction Bonds were issued to finance the construction of a new jail facility.

## NOTE 14—LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (continued)

These bonds are being retired from their applicable debt service funds. The repayment of the 2010 Road and Interchange Bonds is utilizing payments in lieu of taxes received from Proctor and Gamble. A service agreement with Proctor and Gamble provides for minimum annual payments sufficient to satisfy the debt service requirements on this issuance.

#### **Special Assessment Bonds**

Special assessment bonds are financed by property tax assessments to affected property owners. However, the County is ultimately responsible for the debt service if the assessments are not collected. Delinquent special assessments related to outstanding special assessment bonded debt at year-end was \$2,024.

The principal amount of the County's special assessment debt outstanding at December 31, 2021 of \$1,285,986 is general obligation debt (backed by the full faith and credit of the County), all of which are direct placement bonds. The bonds are being retired with proceeds from special assessments levied against benefited property owners. The County is obligated to repay the debt irrespective of the amount of special assessments collected from property owners.

The fund balance of \$46,830 in the Special Assessment Debt Service Fund at December 31, 2021 is restricted for the retirement of outstanding special assessment bonds.

#### **Tax Increment District Revenue Bonds**

The direct placement 2009 Tax Increment District Revenue Bonds were issued to finance the Greens of Bunnell Hill Project. The project involved the purchase of certain streets consisting of a portion of Sandlewood Street, a portion of Scotch Pine Drive, Black Walnut Drive, Ponderosa Court, Juniper Court, and Boxwood Court and to reimburse both the County Engineer and Clearcreek Township for the cost of public improvement expenditures made to the site. The Bonds are secured by and payable solely from the revenues generated from the service payments in lieu of taxes generated pursuant to section 5709.77 of the ORC.

The direct placement 2021 Tax Increment District Revenue Bonds were issued to finance the Bunnell Hill & Lytle Five Points Roundabout project. The project involved the construction of a roundabout improvement at the intersection, as well as a realignment of the intersection of Red Lion-Five Points Road and Bunnell Hill Road. The Bonds are secured by and payable solely from the revenues generated from the service payments in lieu of taxes generated pursuant to section 5709.77 of the ORC.

#### NOTE 14—LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (continued)

#### Loans

The direct borrowing 2012 Ohio Public Works Commission (OPWC) interest-free loans were used to cover costs incurred for repairs on the Township Road North Project (\$165,957) and Township Road East Project (\$88,357). The loans are retired from the debt service funds by semi-annual payments that began in 2012 and will continue through 2032. Funding to retire these loans is provided by revenues of the Motor Vehicle and Gasoline Tax Fund.

The direct borrowing 2015 OPWC interest-free loan was used to cover costs incurred for various county road repairs and resurfacing projects. The loan amount was \$1,000,000. The loan is retired from the debt service funds by semi-annual payments that began in 2016 and will continue through 2026. Funding to retire these loans is provided by revenues of the Motor Vehicle and Gasoline Tax Fund.

In 2005, the Water Department entered into a direct borrowing reimbursing loan agreement with the Ohio Water Development Authority (OWDA) for the expansion of the Deerfield Hamilton Water Supply and Treatment Plant. The amount borrowed was \$5,000,138 and carries a 2% interest rate. The semi-annual loan payments began in 2010 and will continue through the end of 2029.

In 2010, the Sewer Department secured a direct borrowing 20-year loan with a maximum borrowing of \$15,174,531 at 3.11% interest rate from the Water Pollution Control Loan Fund (WPCLF). The agreement for the loan was entered into with the OWDA and the Ohio Environmental Protection Agency (EPA) to assist in building the Lower Little Miami Wastewater Treatment Plant Improvements completed in 2013. Payments on the loan began July 1, 2012 and will continue through 2031. The last draw on this loan was in 2012 and the amount borrowed was \$11,990,222, which included \$174,497 in capitalized interest. During 2016, the interest rate on this loan decreased to 3%.

In 2020, the Water Department secured a direct borrowing 20-year loan with a maximum borrowing of \$15,510,936 at 0.87% interest rate from the WPCLF. The agreement for the loan was entered into with OWDA for water treatment plant membrane softening upgrade. At December 31, 2021, the County has drawn \$13,119,350. Payments on the loan are estimated to begin on January 1, 2024 and will continue through 2043.

The OWDA loans will be retired from the revenues generated by the Water and Sewer Funds.

#### NOTE 14—LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (continued)

Under the Uniform Bond Act of the ORC, the County has the capacity to issue \$73.5 million of additional, unvoted general obligation debt.

|  |               |          | Balance       |              |                        | Balance       | Amounts     |

\* The 2020 OWDA Water Loan amortization is not yet finalized due to ongoing project costs and loan drawdowns.

## NOTE 14—LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (continued)

#### C. Conduit Debt Obligations

In order to provide financial assistance to private sector entities for the acquisition and construction of commercial and industrial facilities deemed to be in the public interest, the County has, from time to time, issued conduit debt. This debt is secured by the property financed and is payable solely from payments received on the underlying mortgage loans. Ownership of the acquired facilities transfers to the private sector entity served by the bond issuance upon repayment of the bonds. The County, the State, nor any other political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the conduit debt is not reported as liabilities in the accompanying financial statements.

As of December 31, 2021, there were four series of conduit debt outstanding with a total principal debt of \$98,900,000.

## NOTE 15—CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

#### A. Construction Commitments

At December 31, 2021, the County's commitments with contractors are as follows:

|  |    |             | Remaining    |
|--|----|-------------|--------------|
| Projects                                 | Sp | ent-to-Date | Commitment   |
|  |    |             |              |
| Water Softening Improvements-Final Phase | \$ | 1,302,215   | \$11,562,847 |
| New Jail Construction                    |    | 47,021,543  | 6,497,664    |
| Wastewater System Improvements           |    | 3,049,908   | 1,933,607    |
| Road and Bridge Improvements             |    | 3,064,262   | 1,756,796    |
| Water System Improvements                |    | 461,758     | 2,559,572    |
| Facilities Improvements                  |    | 1,336,614   | 993,680      |

#### NOTE 15—CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS (continued)

#### B. Encumbrances

Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. As of December 31, 2021, the amount of encumbrances expected to be honored upon performance by the vendor in the subsequent year were as follows:

| General                             | \$<br>3,104,597  |
|-------------------------------------|------------------|
| Board of Developmental Disabilities | 2,556,024        |
| Senior Citizens Service Levy        | 2,780,469        |
| County Road Projects                | 1,837,791        |
| County Construction Projects        | 11,301,572       |
| Local Fiscal Recovery Fund          | 994,300          |
| Other Governmental                  | <br>3,995,440    |
|                                     | \$<br>26,570,193 |

#### **NOTE 16—CONTINGENCIES**

The County is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The County's management is of the opinion that the ultimate disposition of the various claims and legal proceedings will not have a material, adverse effect on the County's financial position.

The County participates in a number of Federal and State assisted grant programs. The significant programs are Child Support Enforcement Federal Formula Grant, Title XIX Medical Assistance, Workforce Investment and Opportunity Act Grants, Airport Improvement Program, Temporary Assistance for Needy Families, and Foster Care Grants. These programs are subject to financial and compliance audits by grantors or representatives. The County believes that disallowed claims, if any, will not have a material adverse effect on the County's financial position.

ORC Section 6111.44 requires the County to submit any changes to their sewage treatment plants to the Ohio EPA for approval. Through this permitting process, the County would be responsible to address any public safety issues associated with their sewage treatment plants and the permit would specify the procedures required to dispose of all or part of these systems. At this time, the County does not have an approved permit from the Ohio EPA to dispose of all or part of any of their sewage treatment plants. Due to the lack of specific legal requirements for retirement of sewage treatment plants, the County has determined that the amount of any asset retirement obligations cannot be reasonably estimated.

#### NOTE 17—RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters.

The County Risk Sharing Authority, Inc. (CORSA) is a risk sharing pool made up of sixty-six counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the various specified insurance coverage provided by CORSA. This coverage includes comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Corporation are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the board of trustees. CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of certificates. The County does not have an equity interest in CORSA.

Insurance coverage stayed the same as coverage in the prior year with the CORSA deductible of \$100,000 per occurrence. Settled claims during the last ten years have not exceeded commercial insurance coverage.

The County has a group health insurance program that is offered to County employees and their eligible dependents, with the exception of employees of The Board of Developmental Disabilities and Warren County Health Department – a custodial fund of the County. Premiums are paid into an internal service fund by all funds having compensated employees, based upon an analysis of historical claims experience, the desired fund balance and the number of active participating employees.

The monies paid into the Health Insurance Internal Service Fund are available to pay claims and administrative costs. The plan is administered by a third-party administrator, United Health Care, who monitors all claim payments. Excess loss coverage, carried through Tokio Marine, becomes effective after \$250,000 per year per specific claim with an additional \$350,000 aggregating deductible.

The total claims liability of \$1,259,106, reported within the Health Insurance Internal Service Fund at December 31, 2021 is based on the requirements of GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*. This Statement requires a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The fund is reported within the governmental activities on the government-wide statements.

## NOTE 17—RISK MANAGEMENT (continued)

Changes in the fund's claims liability amount in 2021 and 2020 were:

|      | Balance at |           | C  | urrent Year | Claim              | Balance |            |  |  |  |
|------|------------|-----------|----|-------------|--------------------|---------|------------|--|--|--|

| 2020 | \$         | 836,000   | \$ | 11,182,520  | \$<br>(10,761,527) | \$      | 1,256,993  |  |  |  |
| 2021 |            | 1,256,993 |    | 10,473,236  | (10,471,123)       |         | 1,259,106  |  |  |  |

#### NOTE 18—INTERGOVERNMENTAL AGREEMENTS

The Warren County Board of Commissioners and the Warren County Engineer entered into an intergovernmental agreement with the TID. The County has agreed to provide the TID with the annual available Procter & Gamble TIF revenues from the Engineer's County Road Projects Fund until the TIF's expiration in 2022. Such available revenues are estimated to have a future value of approximately \$3.5 million at December 31, 2021.

The Warren County Board of Commissioners and the Warren County Port Authority entered into a development agreement with Miami Valley Gaming & Racing, LLC (the developer) and Warren General Property Co., LLC. The County has agreed to provide the developer, to the extent available, a portion of the service payments from the Miami Valley Gaming TIF revenues from the Engineer's County Road Projects Fund until the TIF's expiration in 2024. Such available revenues are estimated to have a future value of approximately \$2.7 million at December 31, 2021.

In 2017, the Warren County Board of Commissioners entered into an intergovernmental agreement with the Warren County Port Authority to assist the Warren County Convention and Visitors Bureau in financing the acquisition, construction, equipping, and installation of the Warren County Sports Park at Union Village in Turtlecreek Township. The general terms of this agreement were for the Warren County Port Authority to issue \$15,735,000 in debt for the project and Warren County to pledge lodging tax revenue to pay all bond service charges and administrative expenses related to the bonds. The County levied an additional 1% lodging tax that went into effect July 1, 2017 to assist with these payments. In May 2018, the Port Authority refinanced \$7.5 million of the original issue under the Ohio Communities Accelerator Fund. The original debt of \$8.2 million remained as issued. Both bonds are currently scheduled to continue through 2042, however, the interest and terms will be negotiated every 5 years. As of December 31, 2021, principal of \$13.8 million along with interest and administrative fees of \$6.7 million remained on the debt.

## **NOTE 18—INTERGOVERNMENTAL AGREEMENTS** (continued)

In 2018, the Warren County Board of Commissioners entered into an intergovernmental agreement with the Warren County Port Authority to assist the County in financing a portion of the Racino TIF Roadway project. This project includes the acquisition, construction, equipping, installation, and improving of the Union Road and Greentree Road Intersection in Turtlecreek Township. The general terms of this agreement were for the Warren County Port Authority to issue \$1,310,000 in revenue bonds for the project and the County to pledge TIF revenue to pay all bond service charges and administrative expenses related to the bonds. The debt is currently scheduled to continue through 2023. As of December 31, 2021, principal of \$0.6 million remained on the debt.

#### NOTE 19—JOINT VENTURE

#### Mental Health Recovery Board Serving Warren and Clinton Counties

Warren County is a member of Mental Health Recovery Board Serving Warren and Clinton Counties (MHRB), a joint venture between the two county entities and is the local Alcohol, Drug Addiction, and Mental Health Services (ADAMHS) Board as defined by Section 340 of the ORC. The mission of MHRB is to support a healthier community by investing in a system of mental health and substance use disorder services for people of our counties.

MHRB is governed by a 14-member volunteer board whereby six members are appointed by the Ohio Department of Mental Health and Addiction Services (OhioMHAS) and the remaining eight are appointed by the Warren County Commissioners (six) and the Clinton County Commissioners (two). MHRB's main sources of revenue are grants and other allocations from OhioMHAS and a property tax levy in both counties.

MHRB contracts, as required by ORC with independent, agencies to provide services and programs. The Warren County Auditor and Treasurer maintain MHRB's financial records. MHRB is reported as a custodial fund within this report. Complete financial statements and the Single Audit Report are on file and can be obtained by writing to the Warren County Auditor's Office, 406 Justice Drive, Lebanon, Ohio 45036.

#### NOTE 20—JOINTLY GOVERNED ORGANIZATION

#### Southwestern Ohio Council of Governments (SWOCOG)

The SWOCOG was formed in 2009 and currently has six county boards of developmental disabilities in southwestern Ohio: Butler, Clermont, Greene, Hamilton, Montgomery, and Warren. Their mission is to provide support and solutions to county boards of developmental disabilities through cost-effective shared services that deliver value, satisfaction, and maximization of resources. The SWOCOG serves as its own taxing and debt issuance authority and is a jointly governed organization. During 2021, the SWOCOG restructured the fees for services and core services (which included administration). The County contributed \$72,884 towards the operation of the SWOCOG.

## NOTE 21—TAX ABATEMENTS

The County uses Enterprise Zone Agreements (ORC 5079) with local businesses to provide real and personal property tax exemptions to encourage development of real property and the acquisition of personal property within the County. Such agreements can provide tax exemptions for a portion of the value of new real and personal property investment (when that personal property is still taxable) when the investment is made in conjunction with a project that includes job creation. The County currently has one such agreement with Mane, Inc. Under this agreement, Mane, Inc. receives a 75% real property tax abatement until December 31, 2022.

For the fiscal year ended December 31, 2021, the County abated \$16,237 of taxes under this program. There are no provisions to recapture taxes; however, the abatement may be eliminated if taxes are not paid timely or tax reports and returns are not filed.

In addition to this Enterprise Zone Agreement, the County received reduced real property tax revenues because of Community Reinvestment Areas (CRAs) Agreements granted by various cities and villages within the County. CRAs encourage property owners to renovate existing or construct new buildings by providing tax exemptions.

For the fiscal year ended December 31, 2021, the County's real property tax revenues were reduced as follows by these programs:

|                               | An   | nount of  |
|-------------------------------|------|-----------|
|                               | Тах  | Revenue   |

#### NOTE 22—WARREN COUNTY TRANSPORTATION IMPROVEMENT DISTRICT COMPONENT UNIT

#### Reporting Entity

The TID is a body politic and corporate, created for the purpose of financing, constructing, maintaining, repairing, and operating select transportation projects. The TID was specifically created pursuant to Chapter 5540 of the ORC, as amended. The TID was created by action of the Board of Warren County Commissioners on January 27, 2011.

The TID is governed by a Board of Trustees that acts as the authoritative and legislative body of the entity. The Board is comprised of seven members of whom five are voting and two are non-voting. Each Board member serves a term of two years and there are no term limits for reappointment. The five voting Board members are appointed by the Board of Warren County Commissioners. The Speaker of the Ohio House of Representatives and the President of the Ohio Senate each appoint one non-voting member. None of the Board members receive compensation for serving on the Board.

#### **Basis of Presentation**

The financial statements of the TID have been prepared in conformity GAAP as applied to governmental units. The GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The Statement of Net Position and the Statement of Activities display information about the TID as a whole. The Statement of Net Position presents the financial condition of the governmental activities of the TID at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the TID's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the TID, with certain limitations. The comparison of direct expenses with program revenues identifies the extent to which the governmental function is self-financing or draws from the general revenues of the TID.

#### Measurement Focus and Basis of Accounting

The TID's financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the TID are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

#### **NOTE 22—WARREN COUNTY TRANSPORTATION IMPROVEMENT DISTRICT COMPONENT UNIT** (Continued)

The basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The TID's financial statements are prepared using the accrual basis of accounting.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Non-exchange transactions, in which the TID receives value without directly giving equal value in return, include grants, entitlements and donations. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the TID must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the TID on a reimbursement basis. Expenses are recognized at the time they are incurred.

#### Net Position

Net position represents the difference between assets and liabilities. Net position is reported as restricted when there are limitations imposed on its use either through constitutional provision, enabling legislation, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The TID is somewhat unique in that it has issued debt to construct infrastructure improvements that are capital assets of legally separate entities. Since the TID must report the corresponding debt issued as a liability, but with no corresponding capital asset to recognize, the TID's net position is decreased.

#### **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### Equity in Pooled Cash and Cash Equivalents

Custodial credit risk is the risk that in the event of bank failure, the TID will not be able to recover deposits or collateral securities that are in the possession of an outside party. Although all statutory requirements for the deposit of money have been followed, noncompliance with Federal requirements could potentially subject the TID to a successful claim by the Federal Deposit Insurance Corporation.

#### **NOTE 22—WARREN COUNTY TRANSPORTATION IMPROVEMENT DISTRICT COMPONENT UNIT** (Continued)

The TID has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by:

- Eligible securities pledged to the TID and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least one hundred five percent of the deposits being secured; or
- Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be one hundred and two percent of the deposits being secured or a rate set by the Treasurer of State.

At year-end, the carrying amount of the TID's deposits was \$11,940,552 and the bank balance was \$12,083,908. Federal depository insurance covered \$250,037 of the bank balance. The remaining \$11,833,871 was collateralized in a manner described above.

#### Intergovernmental Agreements

As of December 31, 2021, the TID has entered into various intergovernmental agreements with the Warren County Commissioners, Warren County Engineer's Office, and various other local governments with nexus to Warren County to provide funding to the TID to facilitate the development and implementation of the TID's projects.

Additionally, the TID's Board has authorized a 3 percent management fee (charged to the entity contracting with the TID) to assist and manage certain projects authorized by the TID's Board.

#### Contractual Commitments

As of December 31, 2021, the TID had open, unpaid contractual commitments related to engineering and design work of approximately \$3.9 million.

#### Risk Management

The TID has obtained commercial insurance for the following risks: general liability, public officials liability, and crime. There have been no claims resulting from these risks since the inception of the TID. Additionally, there have been no significant changes in coverage during the year.

# **NOTE 22—WARREN COUNTY TRANSPORTATION IMPROVEMENT DISTRICT COMPONENT UNIT** (Continued)

## Long Term Obligations

The changes in the TID's long-term liabilities for the year ended December 31, 2021 were as follows:

|                           | Balance<br>cember 31, |           |   |    |             | D  | Balance<br>ecember 31, | Amounts<br>Due Within |
|---------------------------|-----------------------|-----------|---|----|-------------|----|------------------------|-----------------------|

| General Obligation Bonds: |                       |           |   |    |             |    |                        |                       |
| Series 2016 - 2.29%       | \$<br>5,370,000       | \$        | - | \$ | (2,645,000) | \$ | 2,725,000              | \$<br>2,725,000       |
| Unamortized Discount      | <br>(41,606)          |           | - |    | 21,245      |    | (20,361)               | <br>(20,361)          |
| Total                     | \$<br>5,328,394       | \$        | - | \$ | (2,623,755) | \$ | 2,704,639              | \$<br>2,704,639       |

The TID's Series 2016 General Obligation Bonds were issued on December 15, 2016 in the amount of \$15,395,000 to advance infrastructure improvements in specific areas of southwest Warren County, Ohio. The Series 2016 General Obligation Bonds are direct obligations and pledge the full faith and credit of the TID. The bonds are payable by the TID from County-pledged payments in lieu of taxes via an intergovernmental agreement between the TID and Warren County.

Principal and interest requirements to retire the TID's General Obligation Bonds as of December 31, 2021 are as follows:

|      | Principal       | Interest     | Total           |
|------|-----------------|--------------|-----------------|
| 2022 | \$<br>2,725,000 | \$<br>62,403 | \$<br>2,787,403 |

WARREN COUNTY, OHIO

COMBINING AND INDIVIDUAL FUND

**S**TATEMENTS AND **S**CHEDULES

THE FOLLOWING COMBINING STATEMENTS AND SCHEDULES INCLUDE THE MAJOR AND NONMAJOR GOVERNMENTAL FUNDS, NONMAJOR ENTERPRISE FUNDS, INTERNAL SERVICE FUNDS, AND FIDUCIARY FUNDS.

# WARREN COUNTY, OHIO

# Nonmajor Governmental Funds

# Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than amounts relating to major capital projects) that are legally restricted to expenditures for specified purposes.

# Motor Vehicle and Gasoline Tax Fund

To account for monies received by the County for state gasoline tax and vehicle registration fees used for County road and bridge repair and improvements programs. Expenditures for township road and bridge work are reimbursed by the townships.

## Human Services Fund

To account for various Federal and State grants and reimbursements as well as transfers from the General Fund used for human services programs.

# **Dog and Kennel Fund**

To account for fees collected for defraying the cost of administering the registration program, for compensation of the county dog wardens, deputy pound keepers and staff and for the payments of animal claims.

## **Emergency Management Fund**

To account for Federal and State funds used to assist the County, local government and the public in preparedness and recovery during emergency or disaster situations.

# **Courts Special Projects Fund**

To account for revenues from fines and costs pursuant to section 1907.24(B)(1) of the Ohio Revised Code to be used for special projects of the County Court and Common Pleas Court for more efficient operation.

## **Permissive Tax Fund**

To account for municipal motor vehicle permissive tax revenues from the State used for County road and bridge repair and improvement programs.

# Real Estate Assessment Fund

To account for State mandated County-wide tax assessing expenses that are funded by charges to the political subdivisions located within the County.

# **Youth Services Subsidy Fund**

To account for revenues from the State for the purpose of maintaining a restitution program for juvenile offenders administered by the juvenile court.

(Continued)

### Special Revenue Funds (Continued)

### **Delinquent Real Estate Tax & Assessment Fund**

To account for five percent (5%) of all certified delinquent taxes and assessments collected by the County Treasurer. These funds are used for the collection of delinquent property taxes and assessments and are appropriated one half to the County Treasurer and one half to the County Prosecuting Attorney.

### Warren County Solid Waste District Fund

To account for assessed disposal fees from a privately owned and operated landfill and to implement reduction, reuse and recycling techniques.

### **Workforce Investment Act Fund**

To account for grants from the Federal Government for employment and training needs of area job seekers.

### Pass Through Grants Fund

To account for Federal or State grants that are passed through Warren County to other grant sub-recipients. (The Balance Sheet is not presented because there are no assets or liabilities at year end.)

### **Child Support Enforcement Fund**

To account for revenues from 2% poundage fees, fines, Federal and State grants and other similar revenue sources, and to account for legally restricted expenditures used for the collection and protection of support payments made and owed to parents and children.

### **Community Development Fund**

To account for Federal and State grants and expenditures as prescribed under the Community Development Block Grant Program.

### **Children Services Board Fund**

To account for various Federal and State grants and reimbursements used for County childcare and adoption programs.

### **Court Computerization Fund**

To account for additional fees which could be charged by the different courts for computerization of the court and the office of the clerk of each court.

### **County Transit Fund**

To account for Federal and State grant proceeds used for capital and operating expenditures of the County's transit system.

## Special Revenue Funds (Continued)

## **Other Special Revenue Funds**

To account for revenues from: fees, taxes, fines, federal and state grants, licenses, and other similar revenue sources, and to account for legally restricted expenditures for specific purposes. The following funds represent the less significant special revenue funds of the County:

Law Library Resources Fund **Sales Tax Transition Fund Board of Elections (BOE) Election Security Grants Fund** Local Coronavirus Relief Fund Veteran's Memorial Fund **Recorder Technology Fund Board of Elections (BOE) Technology Fund Indigent Driver Interlock & Monitoring Fund Probation Supervision Fund Common Pleas Mental Health Grant Fund County Lodgings Tax Fund Domestic Shelter Fund** Workforce Investment Board Fund **Crime Victim Grant Fund Indigent Driver Alcohol Treatment Fund Treasurer Tax Certificate Admin Fund COAP Grant Opioid Abuse Program Fund Comprehensive Case Management and Employment Program Fund (CCMEP/TANF) Municipal Victim Witness Fund Sheriff Grants Fund** Job Training Partnership Act Fund **Community Corrections Fund Indigent Guardianship Fund Cognitive Intervention Program Fund Drug Law Enforcement Fund** Law Enforcement Trust Fund **Hazardous Materials Emergency Plan Fund Tactical Response Unit Fund Rehabilitation Grants Fund Enforcement & Education Fund** 

## **Debt Service Funds**

Debt service funds are used to account for retirement of the County's general obligation and special assessment bonds.

### **Tax Increment Financing Fund**

To account for revenue received from payments in lieu of taxes from Proctor and Gamble collected during annual tax billings, which provide the source of financing for long-term debt incurred for water and sewer line construction.

## **Ohio Public Works Commission (OPWC) Loan Fund**

To account for Ohio Public Works Commission loans which provided the source of financing for the Township Road Repairs East and Township Road Repairs North, both completed in 2012. A balance sheet is not presented for this fund due to zero balances.

### **Radio System Bonds Fund**

To account for all transactions related to the Countywide Public Safety Radio System upgrade. A balance sheet is not presented for this fund due to zero balances.

### **Tax Increment District Revenue Bond Fund**

To account for revenue received from payments in lieu of taxes from property owners of the Greens of Bunnell Hill Project. Payments collected during annual tax billings provide the source of revenue for the long-term debt payments incurred for this project.

### **Jail Bonds Fund**

To account for transfers of the one-fourth percent sale tax levied for repayment of the 2019 Jail Construction Bonds.

## **Capital Projects Funds**

Capital projects funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds.

### **Airport Construction Fund**

To account for all transactions related to land purchases and runway improvements for the County airport.

### **Redevelopment Tax Equivalent Fund**

To account for all transactions related to the public improvements made to the Greens of Bunnell Hill Incentive District.

### Permanent Fund

The permanent fund is used to account for the financial resources that are legally restricted in that only the earnings, not the principal, may be used to support the County's programs.

# **Scheurer - Smith Trust Fund**

To account for restricted private sector contributions whose earnings are earmarked for education of the children of the Mary Haven Center.

#### SCHEURER-SMITH TRUST FUND

# WARREN COUNTY, OHIO

# Nonmajor Enterprise Funds

The enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises whereby the intent of the governing body is that the cost of providing services is primarily financed and recovered through user charges.

#### **Storm Water Fund**

To account for the operation of the County's Storm Water Management Plan in compliance with the federally mandated National Pollution Discharge Elimination System (NPDES) Phase II program.

### **Communications Rotary Fund**

To account for communications maintenance services provided to various county departments and other governmental units. Users are billed for costs incurred.

See accompanying notes to the basic financial statements

# WARREN COUNTY, OHIO

# **Internal Service Funds**

The internal service funds are used to account for the financing of goods or services provided by one department to other departments of the County on a cost-reimbursement basis.

### **Vehicle Maintenance Fund**

To account for vehicle maintenance services provided to various County departments and other governmental units. Users are billed for costs incurred.

### Health Insurance Fund

To account for claims and administration of the health insurance program for covered County employees and eligible dependents. County departments are billed according to the employee's family or marital status.

# Workers' Compensation Self Insurance Fund

To account for the accumulation and allocation of costs associated with selfinsured workers' compensation costs incurred by the county.

# **Property and Casualty Insurance Fund**

To account for the accumulation and allocation of premiums, deductibles, and risk management fees associated with the property and casualty insurance of the County.

# **Gasoline Fund**

To account for the centralized purchase of gas and corresponding charge backs to departments and other government units based on use.

See accompanying notes to the basic financial statements

# WARREN COUNTY, OHIO

# **Fiduciary Funds**

The fiduciary funds are used to account for assets held by the County in a trustee or custodial capacity for others.

# **Custodial Funds**

# **Non-Entity Holdings Funds**

To account for funds held for various separate agencies, boards and commissions where the County serves as fiscal agent only:

| Drug Task Force Fund                     | Health District Fund |
|--|----------------------|
| Mental Health Recovery Board Fund        | Park District Fund   |
| <b>Regional Planning Commission Fund</b> | Soil & Water Fund    |
| Fire Response Fund                       |                      |

# **Undivided Monies Fund**

To account for the collection of various monies, including taxes, local government funding, gasoline taxes, motor vehicle license taxes, etc., that are periodically distributed to local governments in the County, excluding Warren County itself.

# **Segregated Custodial Fund**

To maintain and account for the accumulation and disbursement of escrowed monies and similar sources.

# **Other Custodial Fund**

To maintain and account for the accumulation and disbursement of all other custodial collections.

Source: State Department of Taxation

The rate may be imposed by the commissioners subject to referendum or approved by a majority of the voters within the County.

(1) The Ohio Department of Taxation changed the order and names referenced on their monthly "Final Sales & Use Tax Distribution Report" beginning May 2014. These figures and names are reflective of the total sales tax revenue received through April 2014.

(2) The Ohio Department of Taxation changed the order and names referenced on their monthly "Final Sales & Use Tax Distribution Report" beginning in May 2014. These figures and names are reflective of the total sales tax revenue received from May 2014 moving forward.

(3) Beginning in 2015, the County began recording the amount withheld for the Administrative Rotary Fund as a receipt and an expense for fees.

(1) Population numbers in noncensus years are estimated and provided by the US Census Bureau.

Population numbers for 2012 previously were reported using the actual 2010 US Census Bureau population

numbers. These numbers have been changed to reflect the estimated population. This correction resulted in a change to the 2012 Outstanding Debt Per Capita.

(2) US Department of Commerce, Bureau of Economic Analysis

(a) Per Capita Income is only available by County, Total Personal Income is a calculation

Source: Warren County Auditor's Office

- (1) Additional Information on the various bond issues can be found in Note 14
- (2) Gross revenues include operating revenues plus interest income.
- (3) Direct operating expenses include operating expenses less depreciation.
- (4) Tap-in fees are the initial fee to new customers for connection to the existing system and are accounted for as nonoperating revenues - capital contributions - tap in fees. The Bond Council for the County is of the opinion that tap-in fees should be included in the calculation for enterprise revenue bond coverage.

#### Source: Warren County Auditor's Office

- (1) Warren County purchases water from other entities, therefore, the amount billed is more than the average daily water treated.
- (2) Collection year
- (3) Increase in General Warrants is due to the direct deposit of bi-weekly HSA employee contributions to each individual account versus previously issued to bank in one amount & distributed to each account. This change was effective mid year 2013.
- (4) Previously, statistics were reported in a cumulative format. For 2013 and prior years, the numbers were corrected to reflect average annual recipients per category based on ODJFS reporting.
- (5) Prior to 2015, accounts from Butler County were included in totals. Butler County is the service provider. Warren County collects the billings and forwards the funds to Butler County on a monthly basis.
- (6) Prior to 2016, numbers received from the Prosecutor's office. As of 2016 and going forward, these numbers will be received from Juvenile Court & County Court.
- (7) Discontinued in 2017.
- (8) Program ended on 1/1/18.
- (9) Implemented new accounting software in 2019 which changed the general warrants and receipt payin processes.
- (10) In 2019, policies were changed to adhere to the definition of emergency financial relief under ORC 5901, which exclude certain relief payments made in prior years resulting in fewer clients assisted and less assistance paid.
- (11) Beginning in 2020, transferred deeds and affidavits are also included in this number.
